

## **Mary's School of Prophecy Mystery Babylon's Identity in Bible Prophecy is No Longer a Mystery**

We're going to be talking about Mystery Babylon today, the Whore of Babylon as she is called in the Book of Revelation, also known as the harlot or the prostitute. And the false prophets are out there telling you that it must be the Catholic Church, because a harlot in the Bible is always a religion, and that's not true because in the Old Testament, Israel was often called a harlot by God. So nations can be harlots and of course I've been saying all along here for 11 years now that the Whore of Babylon is primarily the United States and also Great Britain, in fact all of the degenerate West, and the Scarlet Beast she rides, which will burn her with fire, is international Communism.

We haven't done chapter 18 yet. We did chapter 17, so I think what we will do is look at chapter 18, which is also about the Whore of Babylon, and in other words primarily the United States and Great Britain, So let's read the first verse of Revelation 18 verse number 1.

Rev 18:1: **“After these things I saw another angel come down from heaven”,** this is John speaking. He's on the island of Patmos, **“having great power: and the earth was enlightened with his glory.”**

Rev 18:2: **“And he cried out with a strong voice, saying: Babylon the Great”** that's primarily America, **“is fallen, is fallen:”**. Now those two “is fallens” mean both America and Britain, **“and is become the habitation of devils and the hold of every unclean spirit and the hold of every unclean and hateful bird.”**

So there are three types of demons there. The unclean and hateful bird I suspect is also a kind of demon. Since you always look at the symbolic interpretation first, I would say that the bird is a third type of demon. The first two are types of demons. There's no reason to think that the hateful bird is not a specific type of demon. I haven't looked at it that carefully to see if he's talking about three particular types of demons or not.

Notice the angel says, “is fallen, is fallen”. There's two important parts of that. First of all it's repeated twice and you find the words doubled often in this Book of Revelation referring to the two nations that fall, and notice it's in the past tense. The only difference between 17 and 18 is the chronology, in other words, 17 talks about Babylon in the future tense primarily, and then here in 18 in the past tense. A lot of false prophets, they say that, well this is relatively new. I mean they're beginning to understand that it can't be the Catholic Church, so they try to separate Revelation 17 and 18. They say Revelation 17 is about the Catholic Church but 18 is about America and that's not true; 17 and 18 are the same entity. Okay let's look at verses 3 and 4.

Rev 18:3: **“Because all nations have drunk of the wine of the wrath of her fornication: and the kings of the earth have committed fornication with her;**

**And the merchants of the earth have been made rich by the power of her delicacies.”**

So notice that not only is the name of Babylon expressed in sexual terms, that is as a prostitute, as a whore, but when the kings partake of our degenerate culture, it's called fornication,

**Rev 18:4: “And I heard another voice from heaven saying: Go out from her, my people, that you be not partakers of her sins and that you receive not of her plagues.”**

So, “my people” would be God's people, and as I've said for quite a number of years now here on this channel, you can't go out from Babylon if you don't know where she's located, or if you don't know who she represents. And if you think it's the Catholic Church, that is called pillows and cushions, because that means the people in this country say, “Oh well, I don't have to worry then because I'm not a Catholic. I'm safe.” And you false prophets who teach your people that the Whore of Babylon is the Catholic Church and they have left the Catholic Church so they won't receive her plagues, you are leading them astray. And when they do receive her plagues, in other words death and mourning, you are going to be blamed. And Zachariah tells you what's going to happen to you. You will be killed by your own families. Okay let's look at the next one.

**Rev 18:5: “For her sins have reached unto heaven: and the Lord has remembered her iniquities.”**

Notice this is in the past tense. The Lord has remembered her iniquities.

**Rev 18: 6: “Render to her as she also has rendered to you: and double unto her double”. Those doubles are referencing I believe the two nations Britain and America, “according to her works. In the cup wherein she has mingled, mingle you double unto her.”**

**Rev 18:7: “As much as she has glorified herself and lived in delicacies, so much torment and sorrow give you to her.” This is death and mourning. “Because she says in her heart: I sit a queen and am no widow: and sorrow I shall not see.”**

And notice that phrase, “I sit a queen”, because this is one of Babylon's locations. This would be her mental or psychological outlook, if you want to put it that way. “I sit a queen”, and America certainly feels regal. They don't feel threatened by anyone and we say, we will not see sorrow. We will not see any of these things. We are safe and people like Mark Taylor, they teach us that all the time. They call people like me “doom and gloomers”, but as a watchman on the wall, I explain what I see coming. If I see it coming I have to tell you and if I don't, I'm going to suffer the fate that Zechariah says that is going to happen to the false prophets. America is going to be burned with fire in one hour, and there are more proofs about that coming up. Okay, we read verses 5 and 6, how about verses 8 and 9

Rev 18:8: **“Therefore, shall her plagues come in one day,”** does that sound like a nuclear war? **“death and mourning and famine. And she shall be burnt with the fire: because God is strong, who shall judge her.”**

Ordinarily you would look at the symbolic interpretation, but if the symbolic interpretation doesn't fit, then you look at the literal, and I think burning with fire is literal, because of what would be symbolically burned with fire I don't think it fits. I think we are going to be actually physically burned with fire.

Verse 8: **“And she shall be burnt with fire: because God is strong who shall judge her.”**

So Almighty God is going to judge America, and we see the same thing in Daniel chapter number 4 with a great tree is cut down. The great tree in Daniel 4 also represents decadent Western culture, and it is cut down by order of the two watchers. Remember the watcher and the holy one who come down from heaven? So God judges America even though it's the Scarlet Beast that burns America, the judgment comes from Almighty God.

Rev 18:9: **“And the kings of the earth who have committed fornication and lived in delicacies with her, shall weep and bewail themselves over her, when they shall see the smoke of her burning.”**

Now does that sound like the Vatican to you? The kings of the earth wouldn't weep and mourn if the Vatican were burned with fire. The people who accuse the Vatican of being the Whore of Babylon, they don't think it matters. They say this is all way in the future, and I can tell my people that it's the Vatican. That will make me popular here, increase my collection box and I can feed pillows and cushions and it's not going to make any difference. That's their justification.

Rev 18:10: **“Standing afar off for fear of her torments, saying: Alas! Alas! that great city, Babylon, that mighty city: for in one hour is your judgment come.”**

And some people say that's New York City, but as I said before John interchanges cities and countries, but it's interesting that the merchants stand afar off, because they don't want to get close. That also reminds me of a nuclear war. It isn't just the fire, it's the radiation of the fallout that drives them away.

Rev 18:11: **“And the merchants of the earth shall weep and mourn over her: for no man shall buy their merchandise anymore.”**

Does that sound like the Vatican, really? The merchants weep and mourn because no one will buy their merchandise anymore if the Vatican were burned with fire? I don't know where these false prophets are coming from. I mean bigotry seems to be their main motivation. I mean I have no use for the Vatican, because it's been taken over by the False Prophet and as Mary prophesied, it will become the seat of the Antichrist, but you have to be accurate in your interpretation. And of course the reason the false prophets can't interpret Revelation correctly is because they don't know you have to unseal it first. All apocalyptic literature must be unsealed before it can be interpreted.

Now these are the last two verses. Verses 12 and 13 have very interesting numerology and we're going to count the elements, and then we're going to break down the elements, and this is one more verification that the Whore of Babylon in the Book of Revelation refers to the United States primarily.

**12 Merchandise of gold and silver and precious stones: and of pearls and fine linen and purple and silk and scarlet: and all thyine wood: and all manner of vessels of ivory: and all manner of vessels of precious stone and of brass and of iron and of marble:**

**13 And cinnamon and odors and ointment and frankincense and wine and oil and fine flour and wheat and beasts and sheep and horses and chariots: and slaves and souls of men.**

Okay let's count these elements; merchandise of gold 1), silver 2), precious stones 3) and of pearls 4), fine linen 5), purple 6), silk 7), scarlet 8), thyine wood 9), vessels of ivory 10), there's vessels of precious stone 11), brass 12), iron 13) and marble 14). So there's 14 elements and let's break it down further and categorize them by category.

Let's look at verse 12 again; gold, silver, precious stones and pearls. That's one group. That would be all like jewellery. Now the next four we have clothing; linen, purple, silk and scarlet; and the next grouping there are six in that group; thyine wood, vessels of ivory, vessels of precious stone, brass, iron and marble. There are four items of precious stones followed by four items of clothing followed by six items of a more general category and they are obviously marked off by the different types.

So now we're going to look at verse 13 and see the exact same pattern; cinnamon, odors, ointment and frankincense. Those are all like perfumes. Wine, oil, fine flour and wheat; that's four items of food, and then six general items; beasts, sheep, horses, chariots. slaves and souls of men, and notice that that's the exact same pattern that we found in the previous verse, four items followed by four items followed by six items in both verses 12 and 13.

And now if you add those all up, that's 14 plus 14 that's 28; 28 as you know is a very important End Times number. It's not nearly as common as the other three important End Times numbers, but nonetheless when you see 28 items listed like that, that is just like the prophet is saying, this is an End Times prophecy. And all those numbers are End Times numbers because they are the last numbers in a chronological sequence.

In other words, the number 4 is probably the most common End Times number and that's because the fourth week in a month is the last week. The number 7 is

the next most important End Times number and that's because the seventh day is the last day in a week. The number 12 is a very important End Times number and that's because the twelfth month is the last month in a year and 28 is not used as often but nonetheless it is used. 28 is the last day in a lunar cycle; 4,7,12 and 28, and so here we find St. John employing 28 items.

So now my question to you is and I'm I know I have some A students out there who are going to answer this, what is the significance of the 4, 4, 6 break-up of those verses? And he repeats it twice, so you know it's important, and I'll give you a hint. It's verification that the Whore of Babylon is primarily the United States. I'll give you another hint. It's also found in Daniel 7.

Okay I think maybe I'd better explain 4 4 6 because it's very simple. 44 is Barack Obama's number in Bible prophecy right? In the book of Daniel, the leopard has four heads and four wings. That's his number and who follows the leopard in Daniel 7? The Antichrist, the Antichrist is the fourth beast, in other words number 6, so John is here describing Obama followed by the Antichrist. It has to be, and in other words he's verifying that this Whore of Babylon is the United States of America and that's the exact same numerology that Daniel uses in Chapter 7.

The first three beasts? They've all come and gone, the lioness, the bear and the leopard, and the leopard with the four heads and four wings was Barack Obama, number 44. He was our 44<sup>th</sup> president. 44 followed by 6. The number 6 is the Antichrist, the fourth beast. So it's really simple numerology, and now you have to admit that you probably should have figured that out. It wasn't that difficult especially when I gave you the hint that it had to do with the United States.

Okay so I will say God bless all of you and may all of you have a very blessed evening.
