

## True Prophecy in Psy's 'Hangover' Pt 1

One of the most amazing discoveries I have made since coming on YouTube almost six years ago, is that Almighty God is giving us true prophecy in the popular culture. And we see this in music videos, in popular songs, in sporting events, in commercial advertisements on television and the question is should we be surprised at this, and I say 'no'! The reason for this is because Almighty God is countering the efforts of Satan to promote his vision of our planet in his music videos and halftime shows by people like Lady Gaga and Madonna and so on.

Of course, Satan wants to promote the Illuminati idea that we will be better off under a One World Government and Religion and Almighty God is trying to bring us back to reality. He is telling us that the One World Government and Religion of the Antichrist will be as Jesus told us: ***'the worst time in the entire history of mankind.'***

The most amazing of these true prophecies from Almighty God can be found, in my opinion, in the music videos of the Korean K-Pop star, Psy and he has come up with a new video called 'Hangover' which follows his mega hits 'Gangnam style' and 'Gentleman.' And in this new video, which talks about the effects of drinking too much and the resulting hangover, he is joined by the American rapper, Snoop Dogg, who portrays the False Prophet. And this hidden meaning, besides the obvious meaning of drinking too much, is that the Antichrist and the False Prophet are about to reveal themselves publicly and take over the entire planet. And the last scene in this video shows the chaos that these two evil people are about to perpetrate on the rest of us.

***'Hangover, hangover, hangover, hangover- over-over. (bend over)  
Hangover, hangover, hangover, hangover- over-over (bend over)  
Party's over, it ain't over, try to make a bad memory over and  
over. Hangover, hangover, hangover, hangover- over-over (bend  
over) Hangover, hangover, hangover, hangover-over-over (bend  
over) Party's over, it ain't over, care to find a single piece of me,  
game over. The Party's over.'***

In other words, the reign of the False Prophet and the Antichrist will be like one gigantic hangover, and why should we pay attention to this prophecy in Psy's new video 'Hangover'? And the reason is because two of his prophecies in 'Gentleman' and 'Gangnam Style' have already come true! Do you remember the man in yellow in 'Gangnam Style'?

He symbolized Pope Benedict. Yellow and white are papal colors and he was defeated by Psy in a dance contest and this prophecy was fulfilled less than a year later when Pope Benedict was forced to resign. And Almighty God showed his displeasure at the resignation of Pope Benedict when he struck the Vatican with lightning. That was on February the 11th, 2013. And when did the lightning strike occur? At exactly 5:55 (pm).

None of this is accidental. 555 is the number of the Woman in Bible Prophecy and the Woman represents both Mary and the Catholic Church. And as you may remember, the number 555 appears on the license plate of the little red sports car that the man in yellow drove off in, in the video 'Gangnam Style'.

But, that's not all: in Psy's next music video, 'Gentleman' he degraded 10 different women. 10 would be 5 plus 5, in other words, the treading down of the Catholic Church by the Gentiles, and this prophecy was again fulfilled less than a year later when Pope Francis took the Daily Sacrifice away from the Prince. In other words, he let a woman married to a divorced man receive the Holy Eucharist.

And how did Almighty God react to that disgrace? He struck down a huge crucifix and that occurred on another Biblically significant date: April the 24th of this past Spring. And I am not interpreting these videos after the fact. I said at the time that the defeat of the man in yellow referred to Pope Benedict and that the video 'Gentlemen' was all about the fall of the Catholic Church. And that's why we need to look very carefully at this new video from Psy because I am convinced that his prophecy of the public revealing of the Antichrist and the False Prophet will also occur in less than a year, and what kind of terrible judgment can we expect from Almighty God when that happens?

And now, I intend to go through Psy's new music video scene by scene because practically every one of the 23 scenes is very important. Notice by the way that number, 23. When Psy was interviewed about his new music video, he said they shot more than 20 locations in less than 18 hours and of course 18 is another number of the Antichrist: 6 plus 6 plus 6. And 23 is a number of the Antichrist because it represents 2/3, man over God. The fraction 2/3rds equals the decimal .666.

In the first location, we see Psy waking up after a party in a scene reminiscent of 'Gangnam Style' and the waking up symbolizes the awakening of the Antichrist. Notice the chequered black and white pillowcase. This is a favorite Masonic pattern which symbolizes good and evil as if both were necessary.

Also, please notice the women passed out on the floor. There are seven women in this video, just like there were seven women on the bus in 'Gangnam Style'. All seven support Psy as the Antichrist and they represent the seven apostate churches as we see in Isaiah.

Those seven women say that they want to eat their own bread, in other words, not the Eucharist, and wear their own apparel, that is, keep their own doctrines, but take the name of the church, the Antichrist Church which will be the Catholic Church. And also please notice that Psy is cuddled up with a snoop dog who was later personified by the rap artist. And the reason this puppy dog has to appear in the first scene before Snoop Dogg appears is because the False Prophet, that is the FP, comes before the Antichrist, that is the AC. And I have one more question for you: do you think that PF is the FP?

And now, moving onto location 2 of the 23 scenes, we see Psy and Snoop recovering in the bathroom and the Antichrist is vomiting into the toilet.

Please note that the Antichrist is associated with water and this is true also in Psy's previous music videos and that's because the Antichrist is prophesied to come up out of the sea and I think the reason is because he will imitate our Lord Jesus Christ who was also associated with water.

And we see the False Prophet come up out of a dry bathtub and that's because he is prophesied to come up out of the earth. And also please take a look at the walls and the floors and even the clothes that the Antichrist and the False Prophet are wearing because you will see a Masonic checkerboard type pattern in all three cases.

And that brings us up to scene number 3 of the 23 scenes which is a visual graphic of Psy vomiting. Remember in 'Gangnam Style' we also saw Psy as the Antichrist strewn with garbage in one scene and sitting on a toilet in another scene. These prophecies are clearly from Almighty God and he is telling us exactly what he thinks about the Antichrist and the False Prophet. Notice also that the dove of peace is shown drowning in Psy's vomit.

Next I'm going to show you 8 scenes that I call cameo shots and they are not location scenes so I do not count them in with the 23. They show Psy and Snoop alternately singing and how many of these scenes would you expect to find? Of course there are 23 of them also. None of this numerology is accidental. ***'Hangover, hangover, hangover, hangover-over-over (bend over) Care to find a single piece of me, game over.'***

Returning now to our 23 scene locations, number 4 on our list is where Snoop as the False Prophet and Psy as the Antichrist are brushing their teeth. Maybe they are trying to get rid of the evil spirits which come out of their mouths like frogs according to the book of Revelation. And next, I consider this a different location from the first bathroom we saw because our protagonists are involved in a new activity, that is brushing their teeth, and also wash basins are usually located apart from the tubs and the toilets.

And scene number 5 on our list shows Psy and 8 dancers in front of a stylized cityscape. Please notice those floodlights. They form two triangles very much like Illuminati or Masonic compass triangles.

Then we come to scene number 6 on our list and we see Psy making a long row of boomers using a domino type effect, and I'm not sure what that huge U-shape stands for, maybe the United Kingdom, maybe the United States or even the USSR. After all, those are the three beasts: the Bear, the Lion and the Leopard which the Antichrist will bring down.

On part 2 of this series, I will be looking at more of these significant numerology in 'Hangover' and I welcome your suggestions. I know some people are going to suggest that the 23 location scenes plus the 23 cameo shots refers to chromosomes and that's a distinct possibility. And I also welcome your suggestions as to the identity of the man on fire in the last scene.
