

Fort Hood Massacre Foretells Judgement on America

My program today will be very unpopular, because I am going to give you a very terrifying message, and that is, that the massacre at Fort Hood Texas last week was a prediction of God's judgment on America. I am going to show on this program, that this terrorist act symbolizes the destruction of America, and the defeat of President Barack Obama at the hands of terrorism.

It is not surprising that President Obama downplayed this tragic massacre at Fort Hood, when he talked about it at a news conference last week. That's because, as senator Joe Lieberman said, this was the first terrorist attack on the United States of America since nine eleven, but what I want to point out to you, is what several You Tubers have pointed out to me, and that is that there is an amazing numerological significance to this massacre at Fort Hood.

Several You Tubers have pointed out to me, that there were 44 killed and injured, including the shooter. This is not an accidental number. Those 44 killed and injured symbolize Barack Obama and his administration of the United States of America. But even more sobering is that Major Nidal Malik Hasan symbolizes God's judgment on America, and why is that? Because he symbolizes the Rosary.

So why do I say that Major Nidal Malik Hasan symbolizes Mary's Rosary? Because there are five letters in each of his names. Malik, Hasan, Nidal, all have five letters, and even his title Major, has five letters. As you know, the Rosary consists of five Joyful, five Sorrowful and five Glorious Mysteries, and Pope John Paul the Second added five Luminous Mysteries. Not only do the five letters in each of his names symbolize the Rosary, but even the breakdown three fives in his name plus an additional five for his title.

We need to understand that if Barack Obama had fulfilled his campaign promise to bring the troops home to stop our involvement in foreign wars, this tragedy in Fort Hood would not have occurred. Nidal Malik Hasan was upset because he was going to have to go abroad and kill fellow Moslems. These foreign wars that America is involved with are useless, and not only must Obama stop the war against countries like Iraq and Afghanistan, he must stop also the war against the unborn in our own country.

Just about the same time as this massacre, President Obama was trying to keep abortion language in the health bill, as passed by the House of Representatives. Even now he is trying to add back in abortion coverage to the government health plan. In the book of Revelation, Saint John reveals that America and Britain will be punished because of abortion, the occult and greed. The prophet Daniel in chapter 11 foretells that Barack Obama, that is number 4 4 4 will be defeated by 6 6 6, which symbolizes the Antichrist. And the Antichrist in turn will be defeated by 5 5 5 which symbolizes Mary's Rosary.

So in conclusion we need to understand, that president Obama must stop the war in Iraq, he must stop the war in Afghanistan, and he must stop the war against the unborn in our own country. Too much innocent blood has been shed already, and Almighty God has used this Fort Hood massacre to tell Americans, that America and Obama's defeat at the hands of the terrorist will be a judgment from God Himself.
