

## 36 Holy Angels of Revelation

The topic for this program is the 36 holy angels, which appear in the 15 End Time chapters of the book of Revelation: is there a specific significance for that number total? As you know, from viewing my video on Saint John's Cryptogram, the 15 End Time chapters are also divided up into 36 subsections, and then rearranged according to a secret cryptogram because to understand their true chronology, those 36 subsections must be rearranged into a completely different sequence.

I will demonstrate, that in order to verify this unusual pattern in the bible, Saint John describes 36 angels in those same 15 End Time chapters, and he puts them into 9 separate categories, just like the 36 subsections are arranged into 9 different categories following each of the four horsemen of the Apocalypse.

The purpose on this program, however, is to show that these 36 angels are specifically used to verify the 36 subsections, which Saint John uses to define his cryptogram of the End Time chapters of the book of Revelation. First let's look at one of the big mysteries of Revelation, and that is the identity of the personage who we find in chapter 14, verse 14.

'And I saw, and behold a white cloud and upon the cloud one sitting like to the Son of Man, having on his head a golden crown, and in his hands a sharp sickle'.(14:14) Bible scholars have debated for centuries whether this person is Jesus, because he's like the Son of Man, or an angel, because he is only, like the Son of Man.

He wears a golden crown. That could be Jesus, and he reaps with a sickle. That could be our Lord also. Let's read the next passage. 'And another angel came out of the temple, crying with a loud voice to him that sat on the cloud: thrust in your sickle and reap, because the time has come to reap.'(14:15) So the question is: would Jesus take orders from a "loud voice" or must this be an angel? Let's look at the other 36 angels, to see if we can determine, if this is an angel or if this is Jesus.

Of course, we're all familiar with the seven trumpet angels, and I will relate these angels in their correct chronological sequence according to Saint John's cryptogram. 'And the first angel sounded the trumpet and there followed hail and fire, mingled with blood and it was cast on

the earth.'(8:7) This first trumpet angel is announcing Henry the VIII, who was a precursor of the Antichrist.

And Saint John continues, 'and the fifth angel sounded the trumpet and I saw a star fall from heaven upon the earth.'(9:1) This great star which falls from heaven refers to Martin Luther, who was a precursor of the False Prophet.

'And the sixth angel sounded the trumpet, and I heard a voice.'(9:13) This angel loosens the four angels of the Euphrates, 'and the third angel sounded the trumpet and a great star fell from heaven.'(8:10) This second great star from heaven is the False Prophet, 'Wormwood', 'and the fourth angel sounded the trumpet, and a third part of the sun was smitten.' (8:12) This refers to the End Times comet.

'And the seventh angel sounded the trumpet, and there were great voices in heaven.'(11:15) Now this seventh angel is announcing Armageddon. And I am sure we are all familiar with the seven Bowl Angels, also known as the seven Vial Angels. 'And the first went and poured out his bowl upon the earth.'(16:2) This refers to the Nazi reign in Germany, 'And the fifth angel poured out his bowl upon the seat of the beast.'(16:10) This 'seat of the beast' is the first seat of the beast or Moscow. 'And the second angel poured out his bowl upon the sea.'(16:3) This refers to the aftermath of World War 3.

'And the sixth angel poured out his bowl upon that great river Euphrates.'(16:12) And this refers to the second phase of World War 3, when the kings of the east invade Europe and the west. 'And the fourth angel poured out his bowl upon the sun.'(16:8) This refers to the End Times comet. 'And the seventh angel poured out his bowl into the air'(16:17), and this refers to Armageddon.

So far we have seven Trumpet Angels and seven Bowl Angels. Now let's add four more Euphrates Angels. 'Loose the four angels who are bound in the great river Euphrates.'(9:14) And the four Wind Angels, 'I saw four angels standing on the four corners of the earth, holding the four winds of the earth.'(7:1) So that gives us 14 plus 8, and now we have 22 of the 36 angels accounted for. I call my next four angels, the "Loud Angels". 'And I saw another angel flying through the midst of heaven, having the eternal gospel, saying with a loud voice.'(14:6) This angel refers to the twentieth century means of mass communication, such as radio and television.

And Saint John continues, 'And another angel followed saying: Great Babylon is fallen, is fallen.'(14:8) Now we know from my other videos that Great Babylon refers to the western civilization, and the two nations that will fall are Britain and America. 'And the third angel followed them saying with a loud voice, if any man shall worship the beast..'(14:9), and the last Loud Angel, 'And another angel came out of the temple, crying with a loud voice to him that sat upon the cloud..'(14:15)

And then there are three groups of three angels each. Now this first angel is mentioned twice in the passage, but really represents only one angel. 'And I saw another angel coming down from heaven having great power..(18:1) And a mighty angel took up a stone, as it were, a great millstone'..(18:21) Notice this angel comes from heaven, and Saint John continues, 'And another angel came out of the temple, which is in heaven..(14:17) And I saw an angel coming down from heaven having the key to the bottomless pit.'(20:1)

And next, we have three Altar Angels, 'And I saw another angel from the altar..'(16:7) 'And another angel came and stood before the altar, having a golden censer..'(8:3) And another angel came out from the altar, who had power over fire..'(14:18)

And the eighth group of angels, are the Sun Angels. 'And I saw another angel ascending from the rising of the sun..'(7:2) This angel symbolizes the prophet Elijah. The 'rising of the sun' refers to that city east of Jerusalem, called Thesbi, where Elijah came from. And Saint John writes, 'And I saw another mighty angel come down from heaven.. and his face was as the sun ..'(10:1) Now, this refers to the prophet Enoch, and 'his face like the sun' refers to the 365 year life span of Enoch before he was translated to heaven. In other words, the number 365 symbolizes a solar year. And the third Sun Angel, 'And I saw an angel standing in the sun'..(19:17)

So now we have 35 angels in eight sections. We need one more angel in one more section. We will find who that is and we shouldn't be surprised; the 36th angel in a group all by himself, is Saint Michael, the Archangel. 'And there was a great battle in heaven: Michael and his angels fought with the dragon, and the dragon fought with his angels. And they prevailed not, neither was their place found anymore in heaven.'(12:7-8)

Now, Saint Michael's angels don't count on our list of angels, because they are nameless and countless, and of course, Satan and his fallen angels do not count on our list either. So now we have 36 angels and nine divisions. These 36 angels verify the 36 sections which Saint John breaks up his End Time chapters into, and then rearranges them, according to his Cryptogram.

Now, let's return and look at that first mysterious figure on the cloud. Is he an angel or is he Jesus? 'And, another angel came out of the temple, crying with a loud voice to him that sat on the cloud: thrust in your sickle.'(14:15) It's highly unlikely that Jesus will take orders from an angel. Consequently, I think we must come to the conclusion that this figure is an angel.

So why does Saint John leave all these clues, that this figure must be an angel, but never identifies him as an angel? For one very simple reason: that would give you 37 angels and the number 37 would not verify the construct of the cryptogram. The figure is described in very mysterious terms, so we understand that 36, as the number of clearly announced angels, is not accidental.
