so, too,  
**A Specific Prayer of Trust Relates to Mary's Most Holy Rosary.**

***HERE'S WHAT MARCUS CHU POSTED 8/4/2024 IN THIRDEAGLEBOOKS' LIVE CHAT:***

Basically, as I have been struggling with my Rosary prayer intentions for the past 4 1/2 to 5 years, I try to pray the Chaplet of Divine Mercy as a backup devotion. Almost none of my Rosary prayer intentions have been answered, except for one Rosary, which I prayed on a certain day. On that certain day when I prayed that Rosary, I found that the prayer was answered the next day sometime around the late morning. That was just once.

In any case, I also would like to say: In the course of myself encountering struggles with the Rosary, I came across a prayer from one of Father Corapi's online talks on YouTube. In one of his talks (sometime in 2007), he shared that, while he was crossing a suspension bridge, he was given a prompting to say the prayer:

**'Immaculate Heart of Mary, I place all my trust in you.'**

Since I did not have much meditation effects of the Rosary, on February 2 earlier this year I tried praying the above prayer from Father Corapi. **I prayed this prayer about 100 times. And after that, I saw a vision:**

1. Of being underneath the surface of the water. And I saw the Cross of the Rosary, plus the last few beads of the fifth decade and the first few beads of the first decade, being lowered beneath the surface of the water.
2. And then, the next vision I saw was Mary cradling an infant child in her arms. This child had a prominent head and he was smiling, with white light illuminating his appearance.

After that, I saw another vision:

3. Of Saint Joseph. And he was with this same child, except the child was older and able to walk.

After that, yet another vision:

4. Of Mary and Saint Joseph with the child Jesus.

These visions are the first time I encountered them *when I was saying the prayer: 'Immaculate Heart of Mary, I place all my trust in you.'* (So far, previously I never saw any of these [visions] while praying the Rosary.) The aforementioned visions happened on February 2 of this year.

Remember that I had mentioned, around July 2022, that I saw [a vision of] a statue of Mary surrounded with a string of beads, *but the lower Cross piece was missing from it.* [Paula does indeed remember that Marcus Chu had posted about that in the chat quite a while back.]

The vision that happened this past February – of the Rosary *with the Cross*, plus some of the beads of the first and fifth decades, being lowered beneath the surface of the water – is the missing second half of the 2022 vision! (Except that the older vision had no spiritual vibrancy, but this one from early this year was much more spiritually vibrant.)

And so, I tried to say Fr. Corapi's prayer a few hundred *more* times; thereupon, I saw a fifth scene:

5. Mary, and then a huge Crucifix. (It seems that Mary was positioned at the bottom of the Crucifix, like the scene when Jesus was crucified.)

It was quite unexpected to see things like these. And [the second half] at such a late time, earlier this year.

I also just wish to say that Father Corapi was a good priest. It would be helpful if he were still active. His talks are quite unusual. I think Father Corapi was given the prayer when he was trying to cross a suspension bridge. That talk was from sometime in 2007 (a long time ago). GOD asked him to pray it for 33 days. I only managed to pray it about 100+ times. ***These Rosary-related visions are somehow connected to Fr. Corapi's prayer,***

**'Immaculate Heart of Mary, I place all my trust in you'**

***in the same way that the prayer 'Jesus, I trust in You' is related to the Chaplet of Divine Mercy!***

*Marcus Chu was viewing things from underwater, because he was immersed in the Immaculate Heart of Mary, as a result of praying so many repetitions of Fr. Corapi's prayer! Marcus saw a small portion of a Rosary being submerged: He saw the Cross, and – reading left to right, as the Rosary hung down in the water – he saw 'the last few beads of the 5th decade and the first few beads of the 1st decade'. Chronologically, that would mean some of both the 1st and 5th decades, symbolizing the 15 decades of the original three-mystery Rosary.*

**Visions 2 to 4.** Those three related visions (*Madonna and Child; St. Joseph and Child; the Holy Family*) indicate the *Joyful* Mysteries of the Rosary, by which Mary was showing Marcus that She was happy about him repeatedly praying Fr. Corapi's prayer to Her Immaculate Heart! And note that the Christ Child, as well, was radiating happiness. Also, three refers to the number of original Rosary mysteries; and **2 to 4** refers to Pope St. John Paul **2** having added **to** the Rosary a **4th** mystery!

**Vision 5.** Mary stood at the foot of a **huge Crucifix**, to emphasize again that ***the Cross is now found***, which was missing from the beads surrounding Mary's statue in his July 2022 vision! This fifth vision is not about the Sorrowful Mysteries *per se*, but was meant to convey to Marcus that Mary had stood beside *his own Cross* from July 2022 to February 2024 when, despite his prolonged spiritual dryness, he continued to faithfully pray the Rosary and the Divine Mercy Chaplet.

Knowing this, everyone should be encouraged to keep praying the Rosary, and repeating Father Corapi's special prayer (perhaps in multiples of 100) – even when we don't feel inspired, or perhaps find it difficult to meditate on the mysteries, or our prayer intentions seem to go unanswered. We must always remember Our Lady's 15th promise for praying the Rosary: *“Devotion to My Rosary is a Great Sign of predestination.”*
