

The “2022 Jets” Dream

This is another decode of Dana Coverstone’s most recent dream.

*Pastor Dana
Coverstone*

So when he published this dream, he called it the "2022 Jets” Dream and I looked up the number of jets that America has and I said, "Do you suppose we have 2,022 jets"? And all of the jets total in the US Military is less than 2,022. So I can't include that as part of the interpretation of this dream. Now, he published this dream on Friday the January 21st. So let me show you the first slide which is his commentary before the dream but it's really very interesting.

Between January 7th and 19th, every single night, every single night, every single night, I had the same dream until this past Tuesday (1/18/22) night when I had the rest of it (13 nights).

Can you imagine having the same dream 13 different nights in a row? And he mentioned every single night, every single night, three times. He says that quite often of course. It's typical of apocalyptic prophecy to have repetition like that, and Dana Coverstone does repeat certain phrases like that more than once. It's like the angels in Heaven saying holy, holy, holy, and it's for repetition. Whenever you repeat something three times, that's a divine approval so to speak. It gives a divine emphasis, and I think this is extremely important.

And what would the number 13 represent in the Bible, does anyone know? If this were a class I would ask for a show of hands. The number 13 appears in one book of the Bible more than any other book, and that is the Book of Esther. So do the 13 dreams that he has refer to the Book of Esther? I suggest it does.

Now what happened on the 13th of Adar in the Book of Esther? That was the time that Haman chose or was given by lots to kill all the Jews. So I am wondering, does this dream have a significance for the nation of Israel? And I think it does. Let's continue now with the first slide that I have prepared.

Now this is the actual part of the dream now.

2022 JETS DREAM

“The dream began with me sitting in front of my desk. So right across from where I am looking at one of the windows that you can see behind me, and where you see the picture frames I was looking at, there was a calendar hanging there and it said 2022, big thick letters. No doubt I knew what it was. It was 2022. It was a very simple calendar, no pictures just a bold outline of the dates and the months.”

So that's pretty obvious isn't it? I think Dana got a little verbose in this particular dream. He could have repeated all that in just one sentence, but anyway, Dana's the prophet so I don't question it. So the first part of the dream is obvious that the events that he's going to talk about will occur in 2022. The question is, am I right in my interpretation of the events that Dana is writing about? So let's look at the second slide.

“Looking out the window, sitting in this chair and I was watching a podcast on my computer, my desk was gone where I'm sitting at. Right behind me at the hutch, I had my computer, my Macbook pro and I was watching a podcast on it from the chair across from me. So I could see outside: clear sunny skies outside, no problem at all, no issues, no gray clouds, no storms, nothing. And I saw the calendar on January and it flipped up. Now, this is the first calendar dream I've had in a while so that definitely caught my attention in the dream. It went January, February; both clear, both flips of the calendar from January, February. Both were clear, sunny skies representing those two months.”

So it looks to me like January and February, I am sure that those clear sunny skies symbolize peaceful times for the United States. I hope we have more than just two months of peace in 2022. I got to thinking maybe those of you who are members of our WFRN Rosary network,

maybe we ought to have our pilgrimage in January or February. Okay let's move on to slide number three in Dana's dream sequence.

“Then it flipped up to March and then the skies turned very gray, not dark, not black, just gray. It just went from white to gray. And I heard the distinct sounds of F-16s flying by the windows. I heard three of them; and I lived in Terre Haute for about 10 years, about 9 years actually, and we lived close to the airport and there was an Air Force runway over there and those F-16s would take off a couple times a day and go over our house. And so I know that sound distinctly; it's the sound of freedom. It's a great sound but I would hear those F-16s go flying by. I heard three of them go flying by in March. I could not see anything outside except the gray overcast sky; no action, no excitement, nothing, just heard those three F-16s go flying by.”

So the first significant problems in 2022 according to Dana's dream will occur in March, but it's not going to be evidently really bad occurrences because the sky is only gray. It's not black. There's no excitement. However F-16s are military jets. They're called fighter planes so I'm wondering if maybe there won't be any war as far as

the United States goes; but could there be war someplace else in the world?

I mentioned March the number 13, and maybe it's referring to Israel. Would there be war in Israel? It's interesting that in the month of March this year Purim occurs on March 16th and 17th. I'm sure you know what Purim is. That's when the Jews celebrate their victory over Haman. I mean this was over 2,000 years ago. The Jews are still celebrating that victory and I don't blame them, but wouldn't the New World Order love to defeat Israel on the feast of Purim? I mean this is when they celebrate

their victory; March 16th and 17th. Is that what Dana's dream is pointing to?

The New World Order definitely opposes Israel anyway. They don't want any religion, and as Benjamin Netanyahu always used to say, Israel is the one and only Jewish state, and the New World Order does not want to hear of any religious state, especially a Jewish state.

I think there are a couple of reasons that they would like to also start a war. Not only to defeat Israel, but to distract from Donald Trump, because Donald Trump is going to start his new social media on President's Day in February at least that's the latest date

given; that would be February the 21st 2022. So is Dana's dream, is it this March that the New World Order will start some kind of a problem in the Middle East, especially in Israel to detract from Donald Trump? because he's going to wipe out Twitter and Facebook you know that.

And I want to show you something else that's I think very serious as far as Israel goes and I've shown you this before. This is the Mount Meron crowd crush that occurred on April 30th 2021, which was a fulfillment of Jeremiah 23:12. Let me just show you that slide. That's very interesting.

Jeremiah 23:12

“Therefore their way shall be as a slippery way in the dark: for they shall be driven on, and fall therein: for I will bring evils upon them, the year of their visitation, saith the Lord.”

So all those characteristics; the way, the slippery way, being driven on. It was a stampede; falling, being slippery; all those characteristics were fulfilled on that Mount Meron crowd crush, a perfect fulfillment of Jeremiah 23:12, but the most scary part is the year of their visitation. That's when God will bring evils upon Israel. That year, the year that that Mount Meron crowd crush occurred. Well it occurred April 30th. So March would be about the last month that it would occur and still be in the year of their visitation.

So now does that point to the Daniel 9 war? I want to show you the Daniel 9 slide, because if Dana's prophesying about a war in Israel in March, this would be the war. Daniel 9:26 and 27; you have to read this according to the alphabet there.

“And he shall confirm the covenant with many in one week.” That has already occurred. He could be referring to either Donald Trump or Benjamin Netanyahu. In either event, it's the anointed one, and that has been achieved through the Abrahamic accords.

DANIEL 9:26

- B)** And after sixty-two weeks the Anointed One shall be cut off but not for himself.
- C)** And a people of the prince who shall come, shall destroy the city, and the sanctuary:
- F)** and the end thereof shall be with a flood,
- G)** and after the end of the war the appointed desolation.

DANIEL 9:27

- A)** And he shall confirm the covenant with many, in one week:
- D)** and in the midst of the week he shall cause the sacrifice and the oblation to cease:
- E)** and there shall be in the temple the abomination of desolation:
- H)** and the desolation shall continue even to the consummation, and to the end.

And look at B). **“After 62 weeks the Anointed One shall be cut off”**. That has already occurred to both Donald Trump and Benjamin Netanyahu, and read C) **“And a people of the prince who shall come, shall destroy the city, and the sanctuary:”** and D) **“and in the midst of the week he shall cause the sacrifice and the oblation to cease:”** and F) **“and the end thereof shall be with a flood.”**

As far as I can see, this is what Dana's dream is pointing to, and I can see the United States not getting involved. Biden doesn't want to get involved with Israel. They don't want to certainly support Israel. Being one of the sons of Haman himself, he's all in favor of destroying Israel.

So I can see where that just the gray sky for the United States would indicate a war somewhere else, specifically in Israel. I think that's what

this prophecy is about. Okay, but we've just started. We're only up to March. Let's see what's next in Dana's dream. So here's the next slide.

“Then a focus went back on the months: April, May, June, July, August passed up; sun shining during all those months; nothing of concern outside. Now, the podcast I’m watching, I don't even know what I was watching. I just know I was sitting at the desk listening to something and my attention got drawn to the calendar and the window specifically. And the window is about 15 feet high. There are two windows so I can look out of the window and look pretty high up in the sky and get a clear picture outside that window.”

So we do have some numerology here; 15 of course is a Rosary number. The window is 15 feet high; 15 is the number in Bible prophecy which is broken down into three fives 5 5 5. It defeats 6 6 6. Our Lord shows us that in the Olivet Discourse.

It seems to be in Dana's dream that once March is over, at least as far as the United States goes, April through August is clear sailing, sunny skies. I'm sure that indicates peace in America as far as we're concerned. Maybe we can have that pilgrimage after all. Now let's just see what happens next. So we're up to up to September. September is not so great.

“But the calendar slowly, and I do mean slowly, just slowly kind of flipped to September and as it did the paper seemed like it was a green leaf turning brown like leaves do in the fall. So as the paper flipped up it was green and as it finally hit the wall and was flat against the wall and I could see September 2022, it began to turn brown like the leaf was fading. When it finally stopped moving on that calendar the sky outside that window became pitch black. I could hear wind; I could hear random noises and then I heard jets. And a group of three F-16s flew by the window headed north.”

Okay so now things are obviously much more obvious, much more serious for the United States. The blackness indicates that things are very much more ominous than they were. The jets are headed north. In all of these images of the jets which Dana has, there are three jets, and of course as I said, the three indicates a divine significance, but it also signifies a missing man formation.

In fact I chose for the thumbnail on here just the beginning of a missing man formation with F-16 jets. That's the significance of that thumbnail. I didn't have room to show the whole missing man; but the one jet is just beginning to turn up and away from the group.

So when you see at an air show, four jets, and very often the F-16s and other jets go in formations of four, and then one leaves the formation, that's called a missing man formation. It indicates that someone of the group has recently died, maybe in action or maybe an accident, and Dana always sees three jets. So maybe it has both significances; maybe it signifies a divine significance or it could be a missing man formation.

It may mean disaster. Maybe that's what the three jets symbolize. Now he says that the three jets are headed north. Now if this is apocalyptic literature, and I think it is, it wouldn't necessarily mean north of the United States or let's say war with Canada. I don't think

that's what it indicates.

In the Bible all compass points are taken from Jerusalem, so if the jets head north, it would mean north of Jerusalem. So, does that mean that the United States has been sucked into the Daniel 9 war in September? That may be what it means, or it could be that United States is at a war with Russia, because Moscow is due north of Jerusalem.

Anyway I believe that is the significance of the three jets going north. Okay let's look at the next slide.

“Now I know where I sit in my office, I know the direction of things so I know where they were going; they were headed north. There were three of them, they all went flying north, all three in formation, and right in my window of view they paused, almost like they just stopped for a second and I could see that these three F-16s were wingtip to wingtip; they had flashing red and yellow lights on top and bottom. After the pause they rocketed by at a great speed and were soon out of sight and not heard again. And they were moving like they were on a mission and it reminded me of seeing some of the jets over New York on 9/11; they had a place to go and they had to get there fast.”

So I'm sure that this indicates a military operation somewhere. I don't think in the United States. I suspect either near Russia or in the Middle East. I'm not sure what the flashing red and yellow lights signify. I think the Israeli flag is blue and white. Of course the American flag is red, white and blue. The Russian flag might be red and yellow. I think it is and that may be what that symbolizes.

Soviet Union flag

Dana said, they acted as though they had a place to go, and as I say, I suspect that it's somewhere north of Israel. Of course on a globe if you look at the latitude, I mean there are many parts of the globe that are north of the latitude that Israel is located on. So it would not have to be in the Middle East, but that's just a possibility that I'm throwing out there. Okay let me look at the next slide; the next part of the dream.

“So those three jets go flying north. And then after that pause, there was suddenly another three jets that came by, and they stopped in front of the window; I saw they were all in the same formation one, two, three, wingtip to wingtip. They all had the red and yellow lights on top and the bottom of the jets when they went

by. I could see the top of the F-16s, just three in a row all going the same direction. These guys were headed south, and they were flying even faster than the other two. And then they flew off just as fast as the first jets did, the ones heading north, but there was that pause. They stopped so I could see them real quick, and then took off and that sound of those F-16s going at high speeds, once again. I heard that almost every week in Terre Haute. So I know that sound.”

So now we have this formation of jets, again indicating some kind of military operation somewhere in the world. And this seems to be even more frenetic; these jets are going faster, but they're going south. Again would that indicate south of Jerusalem? I'm not sure if there are any hot spots south of Jerusalem. Well there's some in the Middle East. I'm not sure where that could be; maybe in Africa somewhere. I'm not sure where the United States would be, and I could be wrong. It could be in the southern part of the United States for all I know, maybe South America. Anyway that's a guess as far as I'm concerned. So let's continue with Dana's dream.

“And at this point I get up from my chair, I walk to the window and I'm looking outside and I immediately heard jets. I heard more jets coming but I can't see them and the sky is pitch black. I can't see anything else out there. Then another three jets appeared like over me kind of like this, and I'm seeing the backside of those three jets going away from me. I can see the afterburners on those engines. I can see the fire, the flame. And now they just take off and they're heading west as fast as they can.”

So whatever's happening now in September is much worse I would say than what's happening in March, and I'm not sure exactly where it is, but we're not going to hold our pilgrimage in September. That I guarantee. Okay let's move on to the next part of Dana's dream.

“They came from the east, they dropped down in front of the church window, and they just take off flying crazily fast. I did not see any flashing lights on this one because they did pause right at the window but all I could see was the exhaust and the flames coming off to move them; no flashing lights. And they just sped out maybe, you know my estimation was, maybe a mile or two and suddenly they just went straight up I mean straight up. And I got to see those three F-16s just in formation, all three wing tip to wing tip, but no lights flashing.

And they went straight up and then I heard a sonic boom, one sonic boom, not three, one sonic boom and they were gone. I mean they were gone.”

So now, this is, I would say a serious development. Not straight up, that would not indicate Jerusalem, north, south east or west. Straight up; that can only indicate America. And the function of jets is to intercept bombers. Is that what Dana is seeing here, an attack on the United States? That's all I can think of these F-16s going up. So now let's look at the next slide.

“I pressed my face against the glass; I'm looking up. I'm looking around. I'm trying to see things. There's nothing outside but pitch black sky. Three had gone north, three had gone south, and three had started west and then went straight up at great speed. And I was standing there looking out the window, very perplexed, when the man that I see often in my dreams just kind of walked over and was standing right in front of the window and I could see his face. It wasn't startling, it was just part of the dream, but he pointed up and he said this: 'Up is coming and it is beginning. All that you have braced for is for now. Up is coming and it is beginning and all that you have braced for is for now. Stay braced and ready, eyes on the prize and be steady in your steps.'”

So, as I say this is obviously, I would say quite worrisome. Dana repeats the phrase that the Man in White says. He repeats it twice. There must

be some big significance in the jets going up as the Man in White says. This is what all of Dana's dreams have been pointing to, and I can't see how it can be anything but some kind of an attack on the United States. I would say that's what the jets going up indicate. Okay let's look at the next slide.

“So I had that dream and I was up. I got out of bed and I was just wide awake and typically I knew, once again, I had everything except the end parts. The last thing I saw since Tuesday, the 7th through the 19th, every single time that dream ended it was those three jets flying straight up and me against the windows. So I knew the dream was over and I wrote those words down. I was thinking about what was coming, what does all that mean?”

So the dream part is over, and Dana had 13 nights with the same dream and they all ended up with those three jets flying up. So now this is very interesting. This has never happened before with Dana's dreams. He now has a vision. So let's see how he describes that.

“I began to walk and pace in the living room and as I was walking and pacing about 2:15 am, I had a vision. I was stopped in my tracks, and I saw a vision. And in that vision I was standing on the boundary of Ukraine and Russia. And many years ago I spent some time in that area and in that region. I took

some trains down through there, so that boundary is very clear to me. And I saw a large boiling pot right on that border. It didn't take up the whole border but just right smack dab in the center of the border point between Russia and Ukraine. And I saw this huge boiling pot; I'm going to call a cauldron.”

So I was thinking, what is the significance of the time? As you know in apocalyptic prophecy, numerology time, time stamps, all these things are very important. And they practically always mean something other than the obvious. You always give the symbolic interpretation first, then the literal. That doesn't mean that the literal is always wrong, it's just that you look at the symbolic first.

So what does 2:15 indicate? Does that indicate a month? In other words 2:15, February 15th? Now that was Burkesville time remember when Dana had this vision. His church is located in Burkesville, Kentucky. That would be the central time zone. That would mean that in the Ukraine or on the border between Ukraine and Russia, they are nine hours ahead of Burkesville, Kentucky. That would be 11:15 their time. Would that be significant?

I believe that this vision does not take place in either March or September. We already have been given those two months. I suspect that this is a different month, either 2 which would be February or 11, which would be November. So now let's look at the next part of the dream.

“And I saw soldiers on both sides of that cauldron; they were tossing up blocks and bricks and pieces of what looked like tree limbs in large black bags. And the different sides were not engaged with each other. There was no war going on, nobody had guns or weapons or missiles or anything; they were just taking stuff and throwing it up in the pots from both sides. But then I began to notice that the pot was growing larger exponentially. Now it was about 50 feet high. And then I saw that going north and south off of that cauldron, off of that large pot, it seemed that walls began to move and the walls began to shape and filter down. It was almost like one piece was here and another piece was added,

another piece, another piece, another piece, going both north and south.”

So once again, notice he repeats “another piece”, three different times. So that's I'm sure it's significant, but notice that this is the border between Ukraine and Russia, but there's no war, no guns, no missiles. If this occurs in November, does this mean that the September war, the black sky has that been resolved? Or does this mean that this has not yet happened? Does this truce occur in February?

Now the 50 foot high is Rosary imagery as I'm sure all of you know; 50, that's the height of the scaffold in the Book of Esther for example; 50 cubits high, that indicates that Mary's Rosary will be used to defeat Haman and the ten sons of Haman who represent the kings of Haman.

This is very similar to Dana's “Flaming Spear” Dream. You remember that dream? There was a wall between the two candidates; between Trump and Biden. Now that wall was 20 feet high, but that is also Rosary imagery. You can find that when Peter catches the fish and the boat is 200 cubits from shore. That's also Rosary imagery.

So if that if the wall does indicate Mary's Rosary as it does in the Book of Esther, does that symbolize that Mary is going to bring about a truce or a peace treaty between Russia and Ukraine, and will that be February or November? All right let's look at Dana's next slide here.

“And I saw that these walls were going to be the same height as that boiling pot. And then it was moving north. It blocked Ukraine. It went along the border of Ukraine, Belarus, Latvia and Estonia. It was like a wall going up that way right along the boundaries of the border of Ukraine, Belarus, Latvia

and Estonia separating them from the Russian province so to speak. The southern moving wall closed off the southern part of Ukraine, Russia and also closed off Georgia all the way down to the sea there.”

So now the wall is the same height as the boiling pot. That means 50 feet high but it is getting larger, as we'll see in the next part of the dream.

“The wall stopped at the top and the bottom and it became taller and it seemed like it was about 100 feet high. But it was separating the nations from Russia with Georgia being the exception. The wall just went straight down in front to the east of Georgia and blocked it off. And I was seeing this like it was a map and then I watched that wall get blue cold and it appeared as if it was suddenly electrified with a digital signal.”

Well as we know, the symbolic imagery comes first, and blue is Mary's color. Is that a verification that this wall does represent Mary? 100 feet could represent multiple rosaries or the wall getting blue cold, could that indicate the cold war coming back? And I think Dana mentions that later on. Okay let's look at the next slide.

“And then ice appeared all over the wall; it was a cold wall. And there was still a piece of pulse I could see like a pulse of electricity running through that wall top to bottom like electricity was running through it but it was a wall nonetheless, a very, very tall, large wall.

It was cold as ice; it was ice covered and had like almost like a digital signal. If you know when you're watching somebody's cardiac thing from their heart monitor and you see the ups and the downs and the beeps. It looked like one of those things going all along the outside wall.”

So that's kind of interesting. Now we've got a heart monitor running alongside the wall and this does sound like a new cold war. And it

reminds me of the phrase that Winston Churchill coined and that is an iron curtain; an iron curtain that descended in Europe. Remember that? I think he spoke that address at the United Nations. Okay let's look at Dana's next part of the dream.

“And I was looking at the wall facing Russia looking at it from the west to the east. And that sentinel on the heart monitor went from Estonia to Georgia. It was all the way north to south from where that wall was now and it started in the middle of Ukraine and Russia. And when the night came you could see that pulse on the western side. Because as it got darker, you could see that pulse brighter and brighter and brighter and brighter and brighter. It was like a heart monitor.”

Well, I don't have to ask you what is the significance of Dana Coverstone saying brighter five times. That's another indication that this wall does refer to Mary's Rosary. And of course five, that's the same as the number of pebbles that David chose against Goliath; five smooth pebbles. I've got a Rosary right here; five smooth pebbles. So when Dana says brighter five times, I don't think he realizes it, but he is giving us Rosary imagery, as you in my WFRN audience, as I'm sure you understand. Okay so let's look at the next slide. We're almost at the end in fact I think this is the last slide.

“There were also lights that were about 500 feet above those walls. So that wall was tall and 500 feet above it were these huge, huge massive spotlights that shone down on the wall and you could see on both sides of the wall very, very easily for probably about a half mile on either side. And there were fixed poles that covered the top of that wall with light. And they also revealed about 50 feet up all along that wall there were guard turrets and there were two guards, each one facing a different way; one

facing east and one facing west, with their backs right up next to one another. And in my spirit I heard the words that a new cold war is upon us and that cyber will be the new cipher.”

So that is the end of the vision and the end of the dreams and that's pretty obviously Rosary imagery there. The lights are 500 feet above the wall; the turrets are 50 feet. I'm not sure if they're 50 feet up the side of the wall, and Dana Coverstone said "brighter" which refers to the wall five times. So what's that? 500 plus 50 plus 5 is 555. That's pretty obvious; 5 5 5. And that is exactly what the Bible says will defeat 6 6 6.

And there's no doubt that the forces of the Antichrist in the world right now through the Deep State and the New

World Order, the Antichrist government wants war between Russia and Ukraine, and we see that hammered on us every day in the media. They want war between Russia and the Ukraine and I would say that Dana Coverstone is prophesying that Mary is going to stop that war. 5 5 5 is going to cause a truce. There were no weapons in that part of the dream and I think that is the prophecy that the Deep State is going to be defeated by 5 5 5, in this instance anyway.

So I want to go through the conclusion of this really fascinating dream from Dana Coverstone, and this is not the first time by any means that Dana Coverstone's dreams have referred to Mary and the Rosary.

I think the 13 dream nights indicate the Book of Esther. That's where you find the number 13 in the Bible. The March calendar to me points to Purim March 16th and 17th; that verifies the Book of Esther.

The Mount Meron disaster of a year ago points to the fulfillment of Jeremiah 23:12, and that is that the evils would come about Israel in the year of their visitation. So I think those three prophecies are all tied in

together. And I think the skies will turn gray in this country but I don't think the United States is going to do anything to help Israel, certainly not this administration. Now the black skies in September points to war in the United States. That's why the jets fly up and that's what the Man in White warns us about.

However the vision which comes after the dream which had two parts; the two months indicates a truce or a resolving of the conflict between Russia and Ukraine, brought about by Mary's intercession. Either February 15th and I don't know which, or 11:15, either our time or their time. And it's interesting that the pope is supposed to visit Moscow; I think in February, so is he going to broker a peace? Of course he'll take credit for it. Maybe he'll give Mary credit, we'll see.

Okay that is the end of the dream and the end of the vision, and I think it was a fascinating dream as usual from Dana Coverstone. Until I do see all of you then, may God bless all of you, and may all of you have a very blessed evening.
