

Pope Francis vs Godless Capitalism

Today, here in America, we are celebrating one of the high, holy days of Capitalism, and that is called, appropriately enough, Black Friday, the day after Thanksgiving. And, I thought it would be a good day to talk about Pope Francis' recent Apostolic Exhortation called 'Evangelii Gaudium,' in which he called Capitalism 'Godless' and he is correct.

Now, Pope Francis says that he is not a prophet, he does not have the gift of prophecy, and yet his description of 'Godless capitalism' fits perfectly the Whore of Babylon as found in chapters 17 and 18 of the book of Revelation. The problem is, does Pope Francis believe that Communism is a better system? Because Communism is represented by the Scarlet Beast that the Whore of Babylon rides. And, according to John in the book of Revelation, according to his prophecy, the Whore of Babylon will be burned with fire in one hour by the Scarlet Beast she rides. Is this the outcome that Pope Francis is advocating?

Just earlier this week, Pope Francis met with the President of Russia, Vladimir Putin. Do you suppose Pope Francis is advocating Communism instead of Capitalism? It's very strange that at the same time the Pope was meeting with Vladimir Putin, our President, Barack Obama, was closing the American Embassy in the Vatican because he was afraid of a Benghazi style attack. Who is he kidding?! It's becoming increasingly clear that Vladimir Putin is becoming the leader of the world. He is taking the moral high ground. In Russia, they are discouraging gay marriage and abortion. Whereas here in America, Barack Obama says 'God bless Planned Parenthood.' Planned Parenthood is the largest abortion provider in the world.

And I predicted all this would happen five years ago before Obama was elected the first time. I said at that time, that the last King of the North, Vladimir Putin, would defeat the last King of the South, Barack Obama. So, with the Pope condemning 'Godless capitalism,' where he says, 'we have made an idol of money,' and Vladimir Putin is taking the moral high ground, we are seeing the events immediately preceding the defeat of the Whore of Babylon by the Scarlet Beast, the defeat of Capitalism by Communism. However, the resulting One World Communist Tyranny will be the worst form of government ever perpetrated on mankind, and it can only be defeated by Jesus at Armageddon.

So, in conclusion, please don't expect me to give a date for the burning of Babylon with fire in one hour by the Scarlet Beast because that is hidden. When the missiles come down we will go up, in other words, it occurs at the same time as the Rapture. And for all you people who said the Rapture would occur on Thanksgiving, I guess you've got to come up with another date. But please, keep in mind, Jesus said over and over again, we cannot know the date of the Rapture, nor can we know the date when America will be burned with fire in one hour.
