

## Mary's Rosary Stopped Russian Invasion of Ukraine!

This will not be a long program. This will be a short follow-up to the program I did on Sunday. And as you know on Sunday I made the astounding prediction that Russia would not invade Ukraine, and this went against all of what the media was saying, and what the Biden administration was saying, and everyone assumed it was a fait accompli; Russia was going to invade Ukraine, and I said "Hold it, wait a minute. No, you people don't understand prophecy." And I pointed out that Dana Coverstone's most recent dream and vision, his "2022 Jets Dream" says just the opposite. It said that there would be like a truce between Russia and Ukraine, and of course that was true, and I gave the date. I said it would be the 15<sup>th</sup> of February and I said that on Sunday in other words today. And that came true and it's a scoop on my part but if you understand prophecy it's not surprising because both Dana Coverstone and Amanda Freitas predicted that this would happen as I explained.

I don't want to go over really everything that I did on that program, although I advise you to watch it, because it is very important. It showed that Dana Coverstone's dream and Amanda Freitas' dream are related. In fact they are the same prophecy together. To understand each of them you have to read the other, and I want to first of all start by telling you about the thumbnail for this program. The thumbnail of this program

is an indication of why Russia did not invade Ukraine and this is the thumbnail.

This is a Russian icon of the Blessed Virgin Mary and if you read up on Russian homes, every Russian home has an icon of either Jesus or Mary or the holy family. They are a very religious people. That's why we don't know what we are up against. They have gone a long ways towards defeating communism. They're not there yet, but I think that by the end of the summer they will be, which is very bad news for the United States, because at that time we will be deserving of a chastisement.

So let me just review quickly what the media was telling everybody Sunday. This was just a couple days ago. This is what they said and this is the Drudge Report, and I've showed you this before. "Ukraine invasion imminent? Russia, USA pull diplomats, Biden calls Putin , Oil spikes."

Now you have to admit, I went against the tide when I told you that was not going to happen, as I told you on Sunday. I showed you these before but it's so telling I think it's worth a repeat.

"Russians have already started hybrid war with bomb threats, cyberattacks, Ukraine says. Moscow is using cyber attacks, economic pressure and most recently false bomb threats to undermine its neighbor, Kiev says."

*Page 2 of 13*

In fact Biden said that Russia was going to use a false flag. They were hoping they could drum up a war, and I think the reason is because they wanted to have a distraction from what Biden is doing along our border. They wanted to say that we had to go in and protect Ukraine's border. Of course that claim rings false because they don't protect our own border.

And here was the third one I showed you on Sunday. "Russia reportedly makes decision on Ukraine invasion. The US believes Russian president Vladimir Putin has decided to invade Ukraine and has communicated that decision to the Russian military according to the PBS Newshour ." So when did the PBS Newshour ever give you any facts or any truth? Of course the answer is never.

And I had people in my own group, among you people out there who question if I should really go that far out on a limb and tell you that Russia was not going to invade Ukraine; but this morning here's the new headline. This is Drudge Report. Now well, this was not too long ago. "De-escalation? Russia pulls troops. Moscow ready for talks. Putin plays peacemaker."

What a turnaround. Did anybody else in the entire planet predict that that was going to happen? I don't think so. Now why did that prophecy come

true? I will tell you in a minute why that came true and it's not a pretty picture.

Now I want to tell you what the dateline was this morning in the news. “Kremlin officials ceased upon the troop withdrawal as proof of a propaganda victory against the United States and NATO. Foreign ministry spokeswoman Maria Zakharova said, ‘15 February 2022 will go down in history as the day western propaganda failed’, she wrote adding that the west had been shamed and destroyed without firing a single shot.”

The date February 15<sup>th</sup> is going to go down for another reason, and that's because Dana Coverstone's prophecy was fulfilled today. “The White House's national security adviser Jake Sullivan had breathlessly told CNN on Sunday that intelligence suggested major military action could begin any day now.”

So it would have been easier for me to sit back and not stick my neck out, but I had confidence in my ability, and I had confidence in Dana Coverstone. I had people who told me in my video that I should not interpret Dana Coverstone, that he was a false prophet. I would say it's pretty accurate to give the date that Russia would not be invading Ukraine on 2/15 and I give myself credit. So why do I give myself credit? Because Dana Coverstone did not have a clue of the importance of that number . He saw it on the clock remember? 2:15; that's when he received his vision and I told you that referred to February 15<sup>th</sup>, today in other words.

And the significance is that 2 represents mankind in the Bible, a man and a woman; 15 represents Mary's Rosary 5 5 5, and we see throughout the Bible that 5 5 5 defeats 6 6 6. In fact that's why I do this program at 6:15 Eastern time. 6 is a number for the Antichrist and it is followed by 15 or 5 5 5. And 2:15 is actually the same number. 2 as I say represents mankind; that's because man was created on the second day of creation or the sixth full day of creation. 6 and 2 are very often interchangeable, in fact 666 is the number of a man.

Okay so I want to quickly review Dana's dream and Amanda's dream, and show you how they're related. Now I went over this Sunday in depth, but I want to review it. And the sequence in both Amanda's dream and Dana's dream, you have to give the third event first, and then the first event and then the second event. Of course that's my job to decode it as the co-prophet, let's put it that way.

Okay so here we have Dana's vision over here. That came first. In that vision, he saw a great wall between Russia and Ukraine. The lights on it were 500 feet high, the turrets were 50 feet high, and he said it was

<b>Dana's Dream &amp; Vision</b>	<b>Amanda's Dream</b>
<b>Vision 2/15</b>	<b>3rd Bear</b>
<b>March</b>	<b>1st Bear</b>
<b>September</b>	<b>2nd Bear</b>

brighter, brighter, brighter, brighter, brighter; five times he said it was bright. That is the number 555. That indicates that the wall represented Mary's Rosary, and he said the vision came to him at 2:15 in the morning.

Now Dana did not understand the significance of that. I understood it right away. The reason I know he did not understand the significance of that, is because he uploaded that video a second time. Satan did not want his message to get out, so he messed up with the audio on his first program. And instead of rectifying it, which he could have done (and Satan did the same thing with my video on Sunday), he took his first video down and when he did it the second time, he left out all of the important numerology. He left out the 2:15. He left out his own amazing prophecy. He also left out the height of the lights on the wall which was 500 feet, the turrets 50 feet; he left all that out. That significance of course is the Rosary.

So following the vision comes the March part of the dream, and that's when the sky turned gray, and then the September part of the dream is when the sky turned black. Now these are related and exactly correspond to Amanda's dream. The third bear comes first, and that is where Amanda goes into the shed and knocks over the bear with just

the tip of her finger, and he falls over immediately. That was verification that the bear was not going to invade Ukraine. The bear had an evil face on remember? And it was not an expression of Russia as a Christian nation giving honor to Mary. It had an evil face on it; communism in other words, but that was defeated by Amanda just touching the bear and Amanda said that the Lord told her that she represented the praying Church, not **the** church, the praying Church.

Okay after the third bear, comes the first bear, which is the bear that was invading her house, remember? And then the second bear which was the most serious of all, and that's what comes in September, and that's when the bear had three ribs in his mouth, and that's what we have to be concerned with.

So Mary shows us that she has the power to defeat evil, which she did by stopping the evil bear from invading Ukraine today, and it was predictable. Dana Coverstone predicted it. So the Lord fulfilled that prophecy perfectly 2:15 today. Why did He do that? because it's to show that the rest of the prophecy will also come true, and that's what we have to be concerned with.

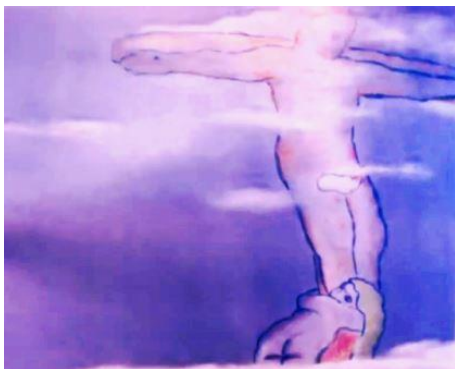

The rest of the prophecy is that we will be given five months that's a Rosary number. It's also 153 days. That's a Rosary number between April and August. We have those five months to repent; to accept Mary's Rosary; to start praying her Rosary, but we can save ourselves. I mean we are going to save ourselves, just as the family did in Hiroshima. They were eight blocks from ground zero. They saved themselves by praying the Rosary. We can do the same. In other words, we will be in the shed. That was where Amanda was safe, remember? The shed represented her refuge.

So all you people who scoff at this and you don't pray the Rosary, well you will suffer the consequences of September with the black sky. And all of this is going to come true, and the Lord has showed you it's going to come true by verifying the first prophecy fulfilled today as I say.

Now on that video on Sunday, I showed you Sister Reneé's amazing photograph, and that was the crucifix she saw over her house. This was Super Bowl Sunday last week.

There's the cross and I've showed you a gazillion times according to Sandra Levine, and at the foot of the cross there is the naked harlot. This was a warning to America because America is the harlot in the Book of Revelation, and the prophecy in Sister Reneé's photograph is that America is not going to repent until she's burned with fire in one hour. Dana Coverstone says we have five months to prevent that from happening.

Now, do you know who was originally going to prevent it from happening? Donald Trump was going to prevent it from happening. Donald Trump is prophesied in Isaiah 45 and Micah 5 to save the United States. That was the prophecy.

That was in the Bible. In fact there were many, many prophets here on YouTube like Mark Taylor; many, many others that understood. Some of them are still claiming that Donald Trump will come back and save America, but I told you what happened.

And by the way Isaiah 45 and Micah 5, that's the same situation that we have with Dana's dream and Amanda's dream. Two different prophecies that meld together, and I did a video on that.

Isaiah 45 and Micah 5; you have to read those two prophecies together. It's amazing how they correspond to each other, but I told you. I know it was right after Donald Trump gave his first State of the Union address, and that was the Trump train was derailed.

And I showed you this, and I warned you at the time, I said this is bad news people. This was the Trump train. Now how do we know this was the Trump train? because of the number of the train, 145 - Isaiah 45. The train got smashed, and this train was smashed with all Republicans on board.

They were going to their annual retreat. This was right after the State of the Union address. In that State of the Union address, Donald Trump listed all of his accomplishments, all of his campaign promises that he had fulfilled; lowering taxes, lowering unemployment, building the wall; everything that he promised, except for one thing.

There was one promise he could not fulfil. Do you know what that was? That was the defunding of Planned Parenthood. He had a Republican Senate, a Republican House and a Republican President, and they could not defund Planned Parenthood. Therefore Donald Trump will not save America.

He does have an interesting job however. I've got these pictures here to show you. He is going to save the church, and I've talked about this

many times. Donald Trump will convert and he will bring many Protestants with him, and they will become Catholic, and he is prophesied to save the church.

Now I'll show you someone who is not going to save the church and that's phony Francis. Here is phony Francis worshiping the Pachamama idol.

That's who Francis worships and the bishops, but Donald Trump's saving the church was prophesied, and I've showed all of you this before. I know I'm going over some of the prophecies we've had before but they're fascinating. And this was the lightning strike on the Vatican.

Remember that? This occurred the day Pope Benedict resigned. And the Lord told us in this lightning strike who would save the church; not Francis. You see that profile? That's a profile of Donald Trump looking up to the sky. Let's see which way is he looking he's looking up to our right.

And Sister Reneé pointed out, looking the other way is a picture of Charlton Heston as Moses. In other words Donald Trump is prophesied to part the Red Sea for the church. There is the lightning strike with the two images of Donald Trump on one side looking up and Moses as Charlton Heston looking up also. And thanks to Paula; she's the one who drew this up for me.

Now I also showed you on Sunday the Jacinta 1972 picture, because this was given at Bayside, and this shows what will happen to America.

See the map of America here; and I showed you that Sister Reneé received her photograph in February. This was Super Bowl last year; February 7<sup>th</sup>, 9 am in the morning; the month (2), the day (7), the hour (9), in the year 2021. In fact this is the more important prophecy of what is going to happen to America. The chastisement will come. The day, the month and the hour and the year are given in this photograph and that would be; the day would be the 1<sup>st</sup> of September, 7am in the morning, 2022.

So that's the worst, the most frightening part of Dana's prophecy and that is what happens in September, when the sky turns black and the jets fly straight up, indicating an attack on the United States; a chastisement, and that's what this photograph is showing us.

Now Donald Trump is telling us through numerology how to save America, and that is through Mary's Rosary. That's why we've been

given five months of clear skies; April to August, and one of my subscribers also pointed that out. The 153 days, that's a Rosary number. It's through Mary's Rosary that we can save America.

Now, what I did not get into on Sunday is the person in this picture and that's here. This is an outline of Bishop Wilton Gregory, who is the bishop of Washington DC. He has to be convinced to get on board. That's going to be very difficult to do. I don't think he will. He's got five months to convert also. And now here's how you can tell that that's Bishop Wilton Gregory and Paula also pointed this out to me. There's the outline from the Jacinta photograph and there's Bishop Wilton Gregory being influenced by Satan whispering in his ear.

So now I want to talk about Kim Clement and he tells us how to save America, and he says the same thing that Dana Coverstone and Amanda are saying and that is through Mary's intercession.

Kim Clement received an amazing prophecy on March the 25<sup>th</sup> 2011, the Feast of the Annunciation. He did not understand it any more than Amanda or Dana understand their prophecies which is par for the course I mean it's not a put down, and this is the holy how the Holy Spirit works. The Holy Spirit works through two people as I've been mentioning on here for 13 years now.

The answer according to Kim Clement is Esther and he describes Esther. Esther is obviously the Blessed Virgin Mary. He describes her as a beautiful woman with large eyes, round eyes, and he has the entire congregation shout out, "Yes to Esther" at the end of his exposition of the vision. And they do, they shout out "Yes to Esther, yes to Esther", fifteen times. Of course we know what fifteen is. It's the same number in

Dana's prophecy 2:15 today. And fifteen is Mary's number. We know that from the Book of Genesis 3:15. Three is a Rosary number; the three original Mysteries of the Rosary. Fifteen is the number of decades. All of this is very important. It's under hidden symbolism.

I know a lot of you say, well if it's under hidden symbolism, it's not important. Well I want to tell you what Jesus said when the disciples asked him, and they said, Lord why don't you make this clear for everybody, and He said, not everyone is going to be saved. That's why you have to understand symbolism. You have to understand the sacred numerology in all of these prophecies.

So who is going to save America? I want to show you who I believe is the woman that Kim Clement was prophesying about. This is Our Lady of the Americas. I believe this is the beautiful woman with large round eyes. I believe that she can save America. I don't think she will, because Bishop Gregory is involved in this. So here's what has to happen and that's why Bishop Gregory I believe is on that Jacinta photograph. So I'm going to read this. This is from the website of Our Lady of the Americas.

I think she appeared in, I think it was Indiana, the city of Rome to Sister Neuzil, I think her name was. This is directly from that website. The Blessed Virgin Mary has promised that her statue, as Our Lady of America, (pictured), once placed in the National Shrine of the Immaculate Conception would be a safeguard for our country and her picture of the statue honoured in all homes a safeguard for the family. She also promised that the medal would be a safeguard against evil for those who wear it with great faith and devotion.

I don't have one of these medals. I've got to get that. So I believe this statue has been moved very close to the Cathedral of the Immaculate Conception. The local bishop has done his part by denying it. It's got to

be almost impossible for Bishop Gregory. Given his outlook anyway, he's already come out strongly against Donald Trump. He's a big supporter of phony Francis.

It's almost impossible in my mind to save America, because this is what has to happen, and as Kim Clement says, America must say yes to Esther. I believe this is an image of Esther. The statue has to be moved. It's only a few blocks away from the cathedral as I understand it. Bishop Wilton Gregory would have to okay moving it into the National Shrine, and he's not going to do that unless he has a change of heart.

Of course the third thing is that we have to save ourselves. The pope is not going to save the world. They've already demonstrated they're not going to do that. They have the power to. I don't think Gregory is going to save this country. He has the power to. We have to save ourselves,

and we save ourselves the same way. We have to find a refuge. We have to pray the Rosary. We have to flee to our refuges on the two wings of an eagle. The two wings of an eagle are Mary's Rosary and scapular. We can save ourselves and that's our only option left in my opinion.

We can pray and hope that the pope consecrates Russia. I don't think that's going to happen. We can pray that Bishop Wilton Gregory allows that statue to be moved to the cathedral. I don't think he's going to do that, but if we want to go to the shed in Amanda's dream, Amanda said that she represents the church, the remnant church; the praying church, she called it. We can be saved by going to the shed. It's the same refuge that Heidi Begley describes in her dream, and I've gone over that before. Heidi means "full of grace" by the way, and the refuge that she spoke about was a reference to the refuge as described in the Book of Revelation, and that is where the earth opens up and swallows the flood spewn out by the serpent after the woman.

Okay I think that is the end of the program, so until I do see all of you again may God bless all of you and may all of you have a very blessed evening.
