

Occult Meaning of Jade Helm 15 Logo

For almost a week now, one of my subscribers, Mark McDaniel has been urging me, to take a look at this Jade Helm 15 logo, and to decipher it, because it is far more than the description of a military exercise. I believe it has a satanic hidden meaning and we should look at it because it's going to involve the entire United States before it's done. And there's been a lot of concern on the internet, about the real meaning of this military operation, and if this logo is any indication, there is a lot of secret meaning and they are not telling the public what this Jade Helm 15 operation is all about.

And here's what Mark McDaniel wrote to me. *"Hey Bill, I just found out that the Jade Helm 15 military exercise has a logo, and under it, these words appear, 'Master the Human Domain'. Now I am really starting to get worried, because not only does the operation name equal 815, but the words on the logo indicate spiritual warfare."* I agree with you 100%, Mark. Now when he says 815, he means that the word 'Jade' has four letters, the word 'Helm' has four letters and of course 15 follows that, so four plus four equals eight, 815. And this military operation is scheduled for primarily in the month of August. It begins on July 15th and runs through September 15th and, of course, August 15 is at the exact middle of that time frame and also would indicate 815.

And Mark continues, *"Clearly we can now label this as the work of the Antichrist."* 100% correct Mark. I will explain in a minute why this logo describes a battle between God and Satan. *"For some strange reason that I cannot fully understand, every time you see the number 815, or backwards 518, the Antichrist is involved, even though the Bible says his number is 666."* So now let's take a look at the elements of this logo, and I think we will see that they are very strange indeed. First of all, why would a logo, for a modern military operation feature weapons from medieval times: crossed arrows and a sword? That does not make any sense whatsoever, unless, they are occult symbols, then it does make sense: the crossed arrows would symbolize the Christian cross and the sword coming from the ground up towards Heaven would symbolize an attack from Satan or the Antichrist against Almighty God.

But now what about that very weird symbol right in the center? If we take a closer look at that, we will see that it is a transparent shoe of all things! And Mark McDaniel writes further: *"Dear Bill, I am now claiming that every single military member that participates in Jade Helm 15 is demon possessed, along with every government official who authorized this exercise."* Well Mark, I think that might be a little too severe. I served in the military myself, a little over 50 years ago, and I know there are many very conscientious Christians in the military. In fact when I was there, it was 40% Catholic. I think we have to reach those sincere Christians and convince them not to follow any evil orders from their superiors, who are carrying out this spiritual battle. Please insist on military directives only. Do not participate in the evil occult hidden meaning of this Jade Helm exercise.

And Mark continues, *"If you look at the Jade Helm logo, you will see a transparent shoe in the middle of the logo. In my opinion it is a spiritual shoe, because it is transparent and ghostly in appearance."* Very good observation Mark. In fact, this shoe symbolizes the Holy Ghost, and I'll explain that in a minute. *"I am not sure what kind of shoe it is. It does not look like any modern type of footwear that I recognize and it is not military."* Well Mark, I am very glad that you brought this logo to my attention. So now, let's analyze the occult meaning of this military exercise, Jade Helm 15 and its logo.

First of all, even though the arrows look like an X, it's actually a cross, if you're looking down on it at an angle, and of course, the arrows are very masculine in appearance: thus the crossed arrows symbolize God

the Father and God the Son. I've explained to you many times before what a Christian cross symbolizes: the Divine Trinity, the Triune God. The horizontal member of a cross symbolizes the stability of God the Father, the vertical member, which symbolizes a lightning strike from Heaven to Earth, represents God the Son, Jesus Christ.

But now what does that shoe in the middle stand for? Well, in a true cross, there is a hidden member, from front to back. God the Father is left to right, God the Son is up and down but there is a third dimension in the universe, and of course those three dimensions symbolize the Divine Trinity. And the segment that runs front to back in a cross you cannot see, but that is symbolized in this Jade Helm logo by that transparent shoe which expresses the mystery and the femininity of the Holy Spirit. First of all, it is rounded; that is a feminine characteristic. It is soft, compared to the arrows. It has a large opening, perhaps like a womb. That is also feminine in appearance. That transparent shoe in the middle represents the third person of the Divine Trinity. But, what does the sword coming up through the cross, that is, through the Trinity symbolize? Well that is a little boasting on the part of Satan: he is going to attack the Divine Trinity.

Next consider that phrase at the bottom: "Master the Human Domain". Master, can be both a verb and a noun. I submit that is really saying, "Master OF the Human Domain", and of course that would be Satan. Remember what Jesus said, "**Satan is the prince of this world**", and that's what this logo is talking about. The master of the human domain is Satan.

Now, the words at the top, Jade Helm, I believe they represent the Antichrist. Helm, of course would be a leader, someone who was at the helm, and Jade would be an object from the east, and I believe that would represent a leader from the east, and of course, Scripture describes the Antichrist as a leader from the east. And there may be other meanings for this, and perhaps this is an anagram. Maybe these people really do know who the Antichrist is. Helm could be short for Wilhelm. Maybe they are suggesting that Prince William is the Antichrist. I don't believe that for one minute, but I've been saying all along the Illuminati are trying to promote him as the Antichrist, but of course, Almighty God is the one who will appoint his enemy and Almighty God will defeat him despite what this logo says.

So now let me conclude this program by reading Mark McDaniel's most recent email to me. *"I think that the reason while Lucifer's number is 815, is because it is a boring insignificant number which symbolizes his spirituality, which is the opposite of Almighty God, who of course has a perfect number. The number 815 does not appear in the Bible. It is unattractive, and there is nothing that makes it stand out so that one can remember it, or even claim that it is noble. If you asked somebody and the street what the number 815 means, they will probably say, it doesn't mean anything at all. Of course Lucifer, at one time was God's favorite creation, and Satan will indeed rule Earth, but when all is said and done, he will be insignificant. He will be 815."*

Now I'm not sure 815 is totally insignificant. That was the time, after all, when the first atomic bomb was dropped on Japan. And most recently we saw it in that Cartier watch commercial, which is all about the destruction of the Leopard, and the Leopard in Bible prophecy is the United States. We saw at the appointed hour that those Ferguson race riots began. That was not accidental. We saw it backwards on that license plate, of the getaway vehicle of the Charlie Hebdo false flag attacks. So 815, I believe will be the determining number for this huge operation, which is being planned by Satan to use the United States military to bring in the reign of the Antichrist. And 815 is the number for this Jade Helm operation, and the reason is because 815, that is, August 15 is precisely midway between July 15th, the start of the operation and September 15, the end of the operation.
