

## World War 3 Begins! Tribulation Timetable Set

This week has been one of the most amazing times for the fulfilment of Bible prophecy that I have ever seen. First of all, we had North Korea attacking south Korea. That was the beginning of World War 3, the first shot. so to speak, but also, we had the Pope okaying some forms of condoms for male prostitutes. Believe it or not, these two events are related. The countdown for Armageddon has begun, and more importantly the countdown for the abomination of desolation. Let's take a look at the Tribulation timeline, and how these events are coming into focus.

Now on the chart behind me, is the Tribulation timeframe. It begins with World War 3, extends through the abomination of desolation, at the midpoint of the Tribulation, and ends with Armageddon. Now as we know from a previous video of mine, Armageddon occurs between October 13th and November 29th of the year 2017 and seven years before that is World War 3, and as we know from events this week, World War 3 began on November 23rd. With World War 3 beginning on November 23rd, I'm not surprised, because that is an evil number. I have been looking for such an evil number. 11 of course is a homosexual number, as I have explained in other videos. 23 is an evil number also, because 2 is placed before 3. 2 signifies man, 3 signifies God, and two-thirds equals the decimal .666, and as we know, 666 is the most evil number in the Bible.

With World War 3 beginning November 23rd, we are entering the first half of the Tribulation period, which extends for 42 months or 1260 days.

Now the length of time of the first half of the Tribulation, that is 1260 days or 42 months, that is not a symbolic number. In apocalyptic

literature you always look at the symbolic interpretation first. For example, we know that when Martin Luther posted his 95 Theses, he started the five month plague of locusts, but those five months symbolize five centuries, but the 1260 days does not indicate anything other than days. I know some of the false prophets say it equals 1260 years, but St. John gives us two dates to corroborate each other. In other words 1260 days equals 42 months, and there is no other combination that can work. 1260 Days must be days. 42 must be months for them to equal each other.

Now this holy city in Revelation 11:2, which is tried under foot for 42 months does not refer to Jerusalem. This refers to Rome and the Vatican City. This treading underfoot by the Gentiles has begun with Pope Benedict saying that condoms are okay in certain circumstances. it's unbelievable that Pope Benedict would okay the use of condoms. He is certainly not doing what Jesus would have done. Jesus told the woman caught in adultery, 'Go your way and sin no more'. Even Martin Luther opposed contraception. Let's look at what he said.

And Martin Luther writes,

**'Therefore Onan, unwilling to perform this obligation, spilled his seed.'** Now Luther is writing about Genesis 38. **'That was a sin far greater than adultery or incest, and it provoked God to such fierce wrath that He destroyed him immediately.'** And this is taken from Luther's commentary on Genesis.

Now this prophecy that the holy city of Rome would be trod under foot by 42 months is also found in the prophecy of Mary and La Salette to the shepherd children, where she said that Rome would lose the faith and become the seat of the Antichrist. What does this mean to you Catholics? This means that you, as the woman, as the remnant Catholic Church must flee for 1260 days. That is the first half of the Tribulation, and you must flee from your church. You must find out soon, does your pastor believe that Pope Benedict went too far or does your pastor believe that Pope Benedict went not far enough? This is how you will determine where and when you will flee from your own Catholic .

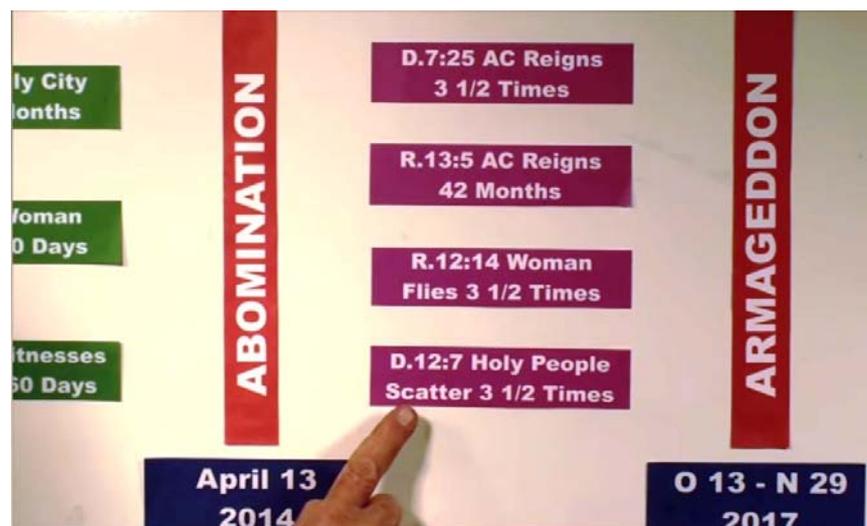

Now the culmination of the first half of the Tribulation the 42 months or 1260 will be when the abomination of desolation is set up by the Antichrist. Now when you add 1260 days that is 42 months to the date we have just understood as the beginning of World War 3 November 23rd, you come up with a date for the abomination of desolation. For

Jesus, this was far more important than World War 3. He only gives a few mentions to World War 3 and wars and rumors of war, but the abomination of desolation, Jesus specifically mentions. He tells us to look at Daniel, because Daniel refers to the abomination of desolation four times.

Now when you add exactly 1260 days or 42 months to October 13th 2010, you come up with a very interesting date of April 13th, 2014. Now why is this interesting? Because this is Palm Sunday, but it's also an unusual Palm Sunday, because it is celebrated in both the Orthodox Church and in Christian churches. Now this is a rare occurrence, because usually the two churches celebrate Palm Sunday on different days. Now would it make sense for the Antichrist to set up his abomination of desolation on the same day that Jesus rode triumphantly into the city of Jerusalem?

Now the second half the Tribulation Period is equally important for you Catholics. You will have to fly to your place of protection in the desert, away from the Antichrist, where you will be protected, by the two wings of a great eagle. Those two wings are Mary's rosary and Mary's scapular. Now Protestants, remember will be raptured into heaven. You will not have to face these great Tribulations.

Now the second half of the Tribulation, is the reign of the Antichrist as we find in Daniel described as three and a half times, and in the Book of Revelation as 42 months.

During this same time period, the woman flies to the desert for three and a half times. This woman is the remnant Catholic Church. In the first half of the Tribulation, they flee from their organized Church which

has apostatized. And this is also found in Daniel, where the holy people, again the remnant Catholics, scatter for three and one-half times, that is the second half of the Tribulation Period.

Following North Korea's attack on South Korea, the Drudge Report gave us a very interesting headline. They said, 'It Begins'. I am sure they understand, as do most of us, that that was the warning shot for World War 3, and by the way, I find the Drudge Report very interesting, because they keep us up on events that the government will not tell us about. For example, these airport scanners. Those scanners are a precursor to the mark of the beast. The mark of the beast will be much more serious, but the consequences are the same, and that is to take away our individual privacy and our individual rights. With a mark of the beast, we will be slaves to the system.

In conclusion, we see this week, that the events of Bible prophecy are accelerating. They are moving faster and faster. Very soon I think we will see the return of Enoch and Elijah. I believe Pope Benedict will either apostatize completely, or he will resign, or he will be assassinated. Nor have we seen yet, the whore of Babylon being burned in one hour. In other words, we have not seen nuclear destruction come to the United States. Now that was predicted just last week, when China launched that ballistic missile off the coast of California. It's really surprising that our Pentagon cannot tell the difference between a ballistic missile and an airplane, but of course they can tell, they just didn't want us to know.
