**The Whore of Babylon Pt 2**  
**"You Must Go Out From Mystery Babylon!"**

On this program I am planning to maybe complete my study of the Whore of Babylon, the great prostitute in the Book of Revelation, and I'm going to try to clear up all the misconceptions about the whore and even among Catholics that the prostitute symbolizes the Catholic Church, and nothing could be further from the truth.

And of course Satan has pulled the blinders over our Protestant brethren and they follow people like Dave Hunt who wrote a book called, "A Woman Rides the Beast", and he claimed that all of the symbolism in the Book of Revelation is not symbolic. You have to take it literally. For example the golden cup symbolizes a golden cup, and that's silly because in End Times prophecy, a golden cup would **have to** symbolize something else, and he says it symbolizes the chalice that priests use on the altar to consecrate the Body and Blood of our Lord. He takes the literal interpretation instead of the symbolic interpretation.

And the other one he said is the clothing, the purple and scarlet clothing. He says the purple and scarlet clothing that the Whore of Babylon is clothed in, symbolizes purple and scarlet clothing. In other words what bishops and cardinals wear in the Catholic Church, and that's again, a total misunderstanding of End Times prophecy. You can be quite sure that purple and scarlet clothing **would not** symbolize purple and scarlet clothing. They would symbolize something else.

Okay now, we are trying to find out the four locations of Babylon because John says, "Go out from her my people, if you want to avoid her plagues and her sins", and of course we want to avoid the plagues of Babylon. So people who think that Babylon is the Catholic Church, they feel safe and secure, because they are Protestants, and they say, "Oh wonderful, we don't have to worry about contracting the plagues and sins of Babylon, because we don't belong to the Catholic Church." And of course they are vulnerable to the plagues because they have misinterpreted and that's why the bible says that "My people perish for a lack of knowledge". They will die because they don't know who the Whore of Babylon is. Anyway we know who the Whore of Babylon is and we're going to look at her four locations, because you have to leave all four. The descriptive details of finishing the interpretation of Revelation 17 are found in volume 2 page 52 and page 189. Thanks for that the Catholic Crusader.

First we have to say that prayer, the prayer to Our Lady of All Nations. She's become sort of the patroness for this school, at least this semester anyway, so let's pray this together. In the name of the Father, the Son and the Holy Spirit. Amen. Lord Jesus Christ, Son of the Father, send now Your Spirit over the earth. Let the Holy Spirit live in the hearts of all nations, that they may be preserved from degeneration, disaster and war. May the Lady of All Nations, the Blessed Virgin Mary, be our Advocate. Amen.

And we call this Mary's School of Prophecy because Mary is so extremely important in End Times prophecy and of course her prophecy at La Salette is equal in my opinion to Daniel and the Book of Revelation, and that also is primarily a warning to the Catholic Church.

Now in the Book of Revelation, the Whore of Babylon is primarily a warning to the United States and Britain. The scarlet and the purple clothing, that refers to Britain and America. So Sister Renée you and I, we are living in the harlot, the Whore of Babylon because Britain and America in other words capitalism is the whore riding atop the Scarlet Beast, and the Scarlet Beast represents international communism, and whenever St. John says that when Babylon "sits", that's one of her locations. So let's review chapter 17 verse number 1.

**“And there came one of the seven angels who had the seven vials who spoke with me, saying: Come, I will show you the condemnation of the great harlot, who sits upon many waters.”**

So, the first location that John gives is that she “sits” upon many waters, and since we look at the symbolic interpretation before the literal interpretation, this time when he's talking about “waters” he is talking about many peoples, nations and tongues. And we'll find out in a few minutes that that's not the only interpretation for “waters”. Let's continue this.

Verse 2: **“With whom the kings of the earth have committed fornication. And they who inhabit the earth have been made drunk with the wine of her whoredom.”**

And words like fornication and whoredom; it shows that America will be steeped in the sins of the End Times which are sexual sins. That's why Jesus said that it will be as in the days of Noah, and it will be as in the days of Lot, and there's no question the United States, I think we're the biggest exporter of pornography in the world. You don't think America is going to have to pay for that? The judgment is soon to come upon this country. And verse 3, we find two more locations for the Whore of Babylon.

Verse 3: **“And he”**, this is the angel, **“took me away in spirit into the desert.”** That indicates that one of her locations is in a spiritual desert, and both the Whore of Babylon and the Scarlet Beast she rides are in a spiritual desert. That means that the governmental system of the Millennium will not be either capitalism or the Scarlet Beast of communism that she rides. Neither system is worthy and they will both be defeated by Almighty God. First capitalism is defeated by Russia and communism but then the resulting eighth and final beast which will be a communist tyranny will be defeated by Almighty God at the Battle of Armageddon. So let's continue that verse number 3.

**“And he took me away in spirit into the desert. And I saw a woman sitting upon a scarlet-colored beast.”**

So that “sitting”, this is one of her locations, **“full of the names of blasphemy, having seven heads and ten horns.”**

And so she is not only sitting in the desert, but she is sitting on top of this scarlet coloured beast and that means that her geopolitical relationship to communism is one of control. Right at the moment everyone will tell you the United States is the number one superpower in the world. That will change. That's one of the attitudes that we have to understand. The United States will not be the number one superpower, not after we are burned with fire in one hour. So this will be a shock to many people but that's the mindset, I guess you could say, that we have to leave behind.

Okay, so now that means we've gone over three of Babylon's locations and we have to leave all of those. We have to leave her spiritual desert. We have to develop our own spirituality, and we have to leave the blindness of capitalism. And for example, the only unsuccessful abortion clinic according to capitalism is one that does not make a big profit.

So let's see. We'll review the locations. One is upon many peoples, nations and tongues, in other words waters. That's the meaning of the symbolism, and now that could still be the Catholic Church because the Catholic Church is also located on many peoples, nations and tongues. Spiritually she's in the desert. Geopolitically she is riding the Scarlet Beast. Those are her three locations. Now we'll find one more location.

Verse 13: **“These have one design:”** these are the ten horns of the Scarlet Beast that have one design, and that's basically to destroy Christianity, **“and their strength and power they shall deliver it to the beast.”** This is the Scarlet Beast, the same as the eighth beast. 14: **“These shall fight with the Lamb.”** In other words this One World Communist Tyranny, the Deep State they are opposed to Jesus, and of course we know that. **“And the Lamb shall overcome them because he is the Lord of lords and King of kings: and they that are with him are called elect and faithful.”**

So who are the called the elect and the faithful? I've gone over this many, many times. Those are the three armies that battle with Jesus at the Battle of Armageddon, the “called”, those are the raptured Protestants. That's John's term for raptured. He doesn't use “rapture” as a term. He uses the word “called”. That's one army that's in Heaven is the “called”. The “elect”, that refers to us Catholics. We are scattered abroad in the desert. And the called, elect and the faithful; the “faithful” are the martyrs.

Noticeably absent are the sealed Jews, and the reason is because they have not yet been converted. In my original videos I made a mistake in this and I called them converted Jews, but they don't convert until after Jesus returns, so that's why they are not in this army. They are at the moment hiding in their mountains, the Mount of Olives. And that's where Jesus said in the Olivet Discourse that “Let those who are in Judea flee to the mountains”, and the 144,000 remnant Jews, they are sealed by the prophets, the two witnesses Enoch and Elijah, but they are

not converted. What they have to convert to is Judaism. They have to start practicing Judaism and the Jewish prophet Natan said the same thing. They only have to do two things. They have to read Torah. Those are the first five books of the bible, the Old Testament and they have to perform mitzvah, which is good deeds.

And verse number 15: **“And he said to me:”** this is the angel talking to John, **“The waters which you saw, where the harlot sits, are peoples and nations and tongues.”**

Now the peoples, nations and tongues, we do not have to look at the symbolism. They are actual peoples, nations and tongues. Well that's why I believe that “waters” is in this case, is also meant to be interpreted literally, even though John says that they are peoples, nations and tongues, the reason John gives three different descriptions for the same thing, as if he didn't, you would have to interpret symbolically. In other words “peoples”, you would have to say it's something of other than peoples; “nations”, something other than the nations; “tongues”, all of those would symbolize something else, but because he uses three different descriptions for the same thing, then they verify that it **must be** in this case a literal interpretation. Normally you pick the symbolic, but in this case, they are real peoples, nations and tongues.

Let me see the same situation for example in the length of time of the Great Tribulation. The Great Tribulation we all know its time is described as 1260 days or 42 months or three and a half years. Now a lot of false prophets are out there trying to figure out the 1260 days, well maybe that figure is 1260 years or 1260 months. No it's real. In this case it's real. It's literal. Then how do we know? Because John gives three different mathematical equations, and the only way that all three can be true, as if they describe the same length of time, in other words 42 months is 1260 days. If John did not include those other two descriptions, then it would be symbolic, and you would look for 1260 years, but in this case because he has given three, they verify each other. They are literal and not symbolic.

So the angel says, **“The waters which you saw where the harlot sits are peoples and nations and tongues.”** The angel is kind of saying that the waters are peoples, nations and tongues, but I have interpreted the waters as literal although it doesn't sound that way. I wonder if I have a different translation here so now I'm a little confused people, because the angel is saying that the waters are peoples nations and tongues, so I'm going to have to study this a little more because I think “waters” here are real waters, just like the peoples, nations and tongues are real peoples, nations and tongues, but previously when he said waters that would have to be symbolic. Well anyway, that is my current interpretation people, so if you want to do a little research for me, let me know what you think.

Let's move on to verse 16: **“And the ten horns which you saw on the beast: These shall hate the harlot and shall make her desolate and naked and shall eat her flesh and shall burn her with fire.”** Ten horns on the beast represent really all the nations of the world. They will all be communist. They will all hate America, and we know that's true, and they will burn us with fire in one hour. In

George Washington's vision, he sees this as a red cloud which comes over America, and it comes from I believe he says Europe, but it certainly comes from abroad, the red cloud. And verse 17:

**“For God has given into their hearts to do that which pleases him: that they give their kingdom to the beast, till the words of God be fulfilled.”**

So God is the one who's orchestrating this punishment on the Whore of Babylon. And we know in Daniel chapter 4, the judgment on the great tree which also symbolizes western capitalism and Britain and America, it's cut down by orders of the Watchers and the Holy Ones and they come down from Heaven. So this judgment on the United States and Britain comes from God Himself.

And verse 18: **“And the woman which you saw is the great city which has dominion over the kings of the earth.”**

Well that sure is the United States. Some people say, “Well, since it's a city, it has to be Rome. It can't be the United States”, but again if John says it's a city, then it's not a city. That's pretty straightforward. You look at the symbolic interpretation. It's like Ronald Reagan called the United States the “shining city on a hill”, and John often uses cities and countries interchangeably. For example he calls Jerusalem a Sodom and an Egypt. This is End Times Jerusalem, so he uses the term Egypt to describe a city, so don't follow those who say that because St. John calls the Whore of Babylon a city that it can't be America, because that's not consistent with the rest of the Book of Revelation.

So I think that is all of chapter 17, so what I do think I will do tomorrow and I think I will complete this but I will look at chapter 18. Now everything in here is all in the future tense. Did you notice that? Verse number 16: **“And the ten horns which you saw on the beast: These shall hate the harlot and shall make her desolate and naked and shall eat her flesh and shall burn her with fire.”** So in 17, the destruction of the Whore Babylon is in the future. We will see that in chapter 18, we see the destruction of the Whore of Babylon is in the past tense, and we actually see it occur.

Okay I think that is the end of the lesson today. I'm going to have to do a little more study on “waters” there, because I'm not quite satisfied with my interpretation based on what I read tonight that waters are literal, although the rest of the phrase, the peoples, nations and tongues are literal; real peoples, real nations and real tongues. I think that “waters” represents both peoples, which is the traditional interpretation of waters in End Times prophecy, but I think it also is real, and I have mentioned that quite often. To go out from Babylon, you have to go out from where the peoples, nations and tongues are, and to me that would be the cities. And the waters would be large bodies of water like the Atlantic, the Pacific, the Great Lakes, and the Gulf of Mexico and so on here in the United States. Now in Britain it would be the entire coastline.

Okay I think that is the end of today's lesson, and until I do see you all again may God bless all of you and may all of you have a very blessed evening.
