

## Russian Nuclear Bomber Crash, Warning of WW 3

I don't know if you've heard about it or not but last week a Russian nuclear bomber crashed and burned in a great explosion at a Russian airbase near the Arctic Circle and I'm sure it had been on a reconnaissance mission near the Canadian and American borders. As Sarah Palin used to say, **'I can see Russia from my back porch'**; and she lived in Alaska. And the reason Russia builds these air bases in the Arctic Circle near the United States is because that is where they will launch a nuclear attack against the United States if they start World War 3.

I believe Almighty God caused this crash, or at least used it, so that He could give a warning to America and Russia not to start World War 3. Now, here's a photograph of the plane crashing and it was a horrific sight and you can look up the videos of it here on YouTube.

*The front of the aircraft  
hit the runway*

*then split in two*

It's a horrible thing because three of the four crew members on the plane died and here is a picture of the plane; it's a Russian plane and it's a fairly old model but it is capable of carrying nuclear bombs, although they said it was not armed at the time.

*Russian Tu-22M3 bomber*

And here's what they said, this was a press release, I believe this was just yesterday: **'Russia has grounded its Tu-22M3 fleet until the end of the probe into the causes of Tuesday's air crash that killed three crew members.'** That number is significant; three of the four were killed, the fourth survived. All four, I believe, indicate the four Beasts in Daniel, chapter number 7, which is about war between the United States, Russia and Britain. Let me continue here: **'For now, all Tupelov 22M3s have been banned from flying until the causes of today's crash become clear, TASS reported quoting an unnamed source in the law enforcement as saying Wednesday. A Tupolev 22 M3 bomber crashed on Tuesday afternoon while trying to land at an air base near Olenegorsk, the Murmansk region. Three crew members died. One survived. A source in the law enforcement said that according to early estimates, the pilot's mistake made in bad weather was to blame.'** I believe the reason was so that God could give a warning to Russia and America not to start World War 3. That's why you haven't heard about this in the American news media.

Next, I want to show you from Daniel, and remember Daniel is a prophet of these End Times. That's why Jesus refers to Daniel and only Daniel in the Olivet Discourse when He is telling His apostles about the End Times. So, let's look at Daniel, chapter 7 verse number 3, **'And four great beasts, different one from another, came up out of the sea.'** And verse number 4: **'The first was like a lioness...'** Now, some Bibles say 'Lion' but that's incorrect. This first Beast is a Lioness; it refers to Great Britain. **'And had the wings of an eagle.'** The wings of an eagle refer to the United States, the colonies at the time, 13 American colonies. **'And I beheld till her wings were plucked off'** (that refers to the American Revolution when the colonies left Great Britain) **and she was lifted up from the earth and stood up on her feet as a man and the heart of a man was given to her.'** That means that Great Britain remains a great country even though she lost her colonies. In fact, she is one of the world leaders today.

And verse number 5: **'And behold another beast like a bear'** (and of course, the bear is a symbol for Russia) **stood up on one side and there were three ribs in the mouth thereof** (and I'll talk about that in a minute) **and in the teeth thereof and thus they said to it arise devour much flesh.'** And that's what Russia will do in World War 3. And verse number 6: **'After this I beheld, and lo, another like a leopard'** (a Leopard symbolizes the United States; the Leopard has

black and white spots; that symbolizes the racial makeup of the United States) **and it had upon it four wings as of a fowl** (those four wings symbolize the four branches of the military which sit on the Joint Chiefs of Staff, the Army, the Navy, the Air Force and the Marines) **and the beast had four heads and power was given to it.'** The power refers to, of course, America's dominion as a world superpower. And the four heads symbolized the four heads of our government: the President, the Chief Justice of the Supreme Court, the head of the Senate, that would be the Vice President and the Speaker of the House.

And so now, let's read about the fourth Beast, the kingdom of the Antichrist: **'After this I beheld in the vision of the night, and lo, a fourth beast, terrible and wonderful, and exceedingly strong, it had great iron teeth, eating and breaking in pieces, and treading down the rest with its feet: and it was unlike to the other beasts which I had seen before it, and it had ten horns.** This is the famous Beast in the book of Revelation, also the last Beast, the Scarlet Beast and the eighth Beast which is of the seventh and the seventh is International Communism. The Whore of Babylon, which the Scarlet Beast defeats, represents Britain and America. Let's take a look again at that Beast like a Bear: **'There were three ribs in the mouth thereof.'** What do those three ribs symbolize which it devours much flesh of? Those three ribs symbolize the first three Beasts: the Lioness, the Bear and the Leopard. In other words, the Bear not only defeats the Lioness and the Leopard, that is Britain and America, but it also causes its own destruction in World War 3, and this is exactly what the Antichrist wants. He wants to bring down these three great Beasts and it will do so in World War 3 which leads to the fourth Beast which is his kingdom.

So now, I want to refer to the three crewmen who died on that Russian nuclear bomber crash and it's very interesting: the first one was named Alexey Guryev. And Alexey means 'helper'; that means that help, that virtue, is one of the things that will be destroyed in World War III. The second Russian was Konstantin Mazunin. Konstantin means 'steady' or 'constant'. That will be destroyed in World War 3. The third crewman was Viktor Greyf. Viktor, of course, means 'victor'. There will be no victor in World War 3. The fourth Beast will be the real victor, in other words, the kingdom of the Antichrist. And that is what will follow World War 3 unless we can prevent it. Almighty God is using this crash of a Russian nuclear bomber to give us warning to prepare for World War 3 or to prevent it.

And I've told you many times on this program the answer to our End Times problems is to resort to the Blessed Virgin Mary. She is prophesied back in Genesis 3:15 to crush the head of the serpent. The serpent is Satan. In God's marvelous plan, a human being is going to defeat a supernatural being! And that's the important lesson that we have learned today. Almighty God's messages are serious but we are in serious times. And I hope you take my warning in this video also very seriously.
