

Third Temple: Bible Prophecy or Paganism?

On this program I want to try something a little different: I'm going to have a debate, so to speak, with Paul Begley and we are going to talk about whether this new Third Temple, as proposed by the Temple Institute in Jerusalem, is for good or for evil. And I know Paul, you have an

announcement: *"Folks, the Temple Institute is going to make a major announcement on July the 12th, 2015"*. Now, that would be this coming weekend but Paul, is this Temple Institute, what is this? Is this good or is this evil? *"It's all there. The Temple Institute has everything it needs as far as the furniture and all of the vessels, everything is ready."*

So, Paul Begley says this Temple Institute is "ready" but what he won't tell you is that this Temple Institute is an Illuminati organization nor will he tell you that a Third Temple is not a part of Bible Prophecy. What about that, Paul? *"But, there is a breakthrough coming and we understand what the biblical prophecies say..."* Unfortunately, Paul Begley, you don't understand End Times Bible Prophecy. If an Illuminati organization, like this Temple Institute, sets up a Third Temple which reinstates ritual animal sacrifice, that will be a force for evil not a force for good. Now what about the timeline for building this new so-called Third Temple? *"If the political environment changed and if everybody agreed that Israel's going to go ahead and build the Temple, how long would it take? And he said 'Less than six months. We have everything we need.'" "Everything they need?"*

Well Paul, what you are not telling them, your subscribers that is, that this so-called Temple Institute does not have a mandate from Almighty God and you should know Paul, of all people, you visited Israel and you saw the Israeli Supreme Court building. You saw that Illuminati pyramid perched on top of that building. The Illuminati are not going to build a holy temple. They are going to build a Masonic Temple.

Now what makes you think that a Third Temple is biblical Paul? *"And it is biblical prophecy and that's why I was so pleased to meet with him. Here's what it says in Daniel 9:25."* Okay Paul, let me clue you in what

Daniel says about the abomination of desolation. First of all, there are four different abominations. The first one affects the Raptured Protestants. Next, the abomination affects the Protected Catholics. There is a third abomination of desolation for the Holy Martyrs and a fourth abomination of desolation for the Converted Jews. Now if this Temple Institute builds a Third Temple it will be an abomination for the Converted Jews.

But go ahead Paul. What else does Daniel say? **"And threescore and two weeks, the street shall be built again and the wall even in troubled times. And after threescore and two weeks", that's 62 weeks, "shall the Messiah be cut off."** Now, this cutting off of the Messiah had both a near times fulfillment and will have an End Times fulfillment. In the near time, the anointed one who was cut off was, of course, Jesus our Messiah. But in the End Times the anointed one is, I firmly believe, Benjamin Netanyahu, and I believe that he will be cut off as prophesied by Daniel.

What else does Daniel say? **"And he shall confirm the covenant with many for one week or 7 years and in the midst of the week he shall cause the sacrifice and the oblation to cease and for the overspreading of abominations he shall make it desolate even until the consummation and that determined shall be poured upon the desolate."** Now, Jesus in Matthew 24:15 specifically talks about this event when asked about the signs of his coming in the end of the world... "Paul, do you really think that Jesus wants the re-institution of ritual animal sacrifice? That is paganism! That will subvert Judaism! All synagogues will now be required to practice ritual animal sacrifice. That is an abomination. This is what Jesus is warning about. He is not saying a Third Temple will be a good thing. It will be a force for evil in these End Times!

Paul: *"The apostle Paul explains what this is in II Thessalonians, chapter 2, when he talks about the 'wicked one', the 'son of perdition', the 'lawless one', the 'Antichrist' who will walk into the Temple of God before the worshippers of God and declare that he is God."* Saint Paul is correct, however, the temple which the Antichrist sets himself up in these End Times is not some kind of rebuilt Jewish Temple; it is in fact, the Roman Catholic Church.

Paul: *"Now that event is called the abomination of desolation but you have to have a temple first before that event can happen."* No, you

don't need a Third Temple. We already have a Third Temple! Remember, Jesus spoke about **"destroy this temple and in three days I will raise it up again"**? Of course we all know He was talking about His Body, that was the Temple that would be destroyed by his Crucifixion and in three days He did raise it up again; but that is also an End Times Prophecy by our Lord. His Body, the Temple in these End Times, is the Church. It will also be destroyed as I have been saying many times on this program; read Revelation 11. The holy city, which is the city of Rome, will be trampled under by the Gentiles. That is what Paul means when he says **"the Antichrist will enter into the temple"**.

Paul: *"Now that event is called the abomination of desolation but you have to have a temple first before that event can happen and Jesus is telling us that that event happens in the last days. It is one of the milestone markers of the End Times."* Yes, the rebuilding of a third temple will be a marker of the End Times, as you say Paul, but not like you think. This Temple Institute is funded by people like the Rockefellers and the Rothschilds. This Illuminati Temple they will build will not be holy, it will be like the Supreme Court building with that huge pyramid on top.

Paul, I hope you cease your support of this Temple Institute. They are not fulfilling the words of Jesus. They ARE the abomination which Jesus is warning about. Paul: *"This biblical prophecy is moving ever so closer than it ever has before. We're in the last days."* Well Paul, in conclusion, we can agree that we are indeed in the End Days, however, we will have to agree to disagree on whether this Third Temple, as proposed by the Illuminati organization called the Temple Institute, will be a force for good or a force for evil.
