

Mystery Babylon's 4 Locations Reveal Her Identity

On today's program, I want to talk about the whore of Babylon, as described by Saint John in the book of Revelation, and I want to answer all those false prophets, who claim that the whore of Babylon is the Catholic Church. And some of them say that the whore of Babylon is Israel. Neither of these prophecies is correct.

The whore of Babylon is our own United States of America, as well as the nation of England, and in fact, Babylon represents all of the entire decadent west. Basically, Babylon is capitalism, and the whore of Babylon, is going to be burned with fire by the 'scarlet beast she rides', and the scarlet beast she rides, is International Communism. Now let's look at the first of four locations, which will help us understand who the whore of Babylon really is.

In Revelation Saint John describes Babylon as having four different locations. Her physical, spiritual, mental and geopolitical location. First let's look at Babylon's physical or geographical location. In chapter 17, Saint John writes, 'Come I will show you the judgment of the great whore', that is Babylon. 'that sits upon many waters.' Now these waters can be a literal translation, meaning the island nations of England, the United States and many other capitalist countries, or it could mean what the angels says and that is, that capitalism sits upon many waters, peoples, nations and tongues. Either way the capitalist nations of the world are a perfect description of the whore of Babylon.

Notice this word 'judgment'. That indicates that this will be God's judgment on America and the rest of the west. So why should God exact an extreme punishment upon America and the west? Saint John enumerates our three main sins as abortion, greed and the occult. Saint John says that it is our weakness of spirit that will cause God's judgement on our own decadent society.

Now let's look at Babylon's spiritual location. In verses 2 and 3, Saint John writes, 'the inhabitants of the earth and made drunk with the wine of her fornication, so he carried me away in the spirit into the wilderness.' The spirit here means, this is Babylon's spiritual location, in the wilderness or the desert or perhaps a wasteland is a better translation. All those words have been used to describe the spiritual decline of the west.

Notice the word 'fornication' here. Literally this would mean that we have many sexual crimes, and certainly that is the case, or if you take the symbolic meaning for fornication, that means we have abandoned our Christian heritage, and that also is certainly true. We've seen that Babylon / capitalism is a worldwide system, that is geographically it rests upon many waters, peoples, nations and tongues, and spiritually, we discovered that capitalism is in a moral wasteland or desert.

But does Babylon understand her condition? What is her mental state of mind? In chapter 18, Saint John describes the mental condition of Babylon. 'She says in her heart, I sit a queen, and am no widow, and shall see no sorrow.' This is a perfect description of Americans. We have no concept of what it would mean to lose World War 3, but America will lose World War 3. And we will lose our regal authority. There will be many widowers and orphans and we definitely will see sorrow. We've seen the mental, physical and spiritual characteristics of Babylon.

Now let's look at her geopolitical location, because Saint John said 'she sits a queen and has dominion over the kings of the earth.' You really have to stretch your interpretation of Revelation to say that Babylon symbolizes the Catholic Church or Israel, or some other religious entity. Babylon can only be capitalism, because it is our capitalist G8 nations that rule the world, militarily and economically. And Saint John continues writing about Babylon, 'And I saw a woman sitting upon a scarlet colored beast, full of the names of blasphemy having seven heads and ten horns'.

We need to understand that this act of sitting, does not describe Babylon's physical location. We already know that she is located upon many peoples, nations, languages and tongues. This act of sitting symbolizes her control over the scarlet colored beast, mainly Communism.

Notice that this beast has names of 'blasphemy'. That refers to the atheistic characteristic of Communism and the scarlet beast has 'seven heads' which the angel explains, stands for seven hills. Now the false prophets assume that the seven hills indicate that the woman is sitting on the city of Rome, but the seven hills belong to the scarlet colored beast, not to Babylon. That's because the headquarters of International Communism, that is the scarlet colored beast will move to Rome following World War 3.

Now there are a lot of bad things you can accurately say about the Catholic Church. After all, even one of Jesus 12 apostles was a 'Judas', but notice that the false prophets zero in on claiming that Babylon is the Catholic Church. That's because Satan does not want you to understand who Babylon really is. We need to understand, that when Babylon is burned with fire, that means America and all of capitalism will lose World War 3 .
