

## **Top Ten False Prophecies for 2009**

On this program I thought I would try something a little different. I want to discuss the top 10 false prophecies for 2009. I believe these 10 will be the most important and most discussed in the following year. We will be going from Obama through 8 or 9 other topics down to UFO's at number 10. First let's take a look at Unidentified Flying Objects.

In 2009, the false prophets are going to tell you that UFO's are alien beings from other planets or other solar systems. This is a lie from Satan. UFO's do not come from outside the earth, they come from inside the earth. I believe in UFO's but they are a sign of demonic activity. They are a sign of the End Times. Jesus said there would be many lying signs and wonders in these times that we are living in. UFO's are a perfect example as well as crop circles, as well as animal mutilations. These are signs of the End.

Why is there so much demonic activity in these times? Because of abortion. Abortion is human sacrifice and when a society becomes pagan, they always descend into human sacrifice. Why? Because it gives them power from the evil one.

Now, let's look at number 9 on our list which is the Vatican. The false prophets like to tell you that the Roman Catholic Church is the same as the Whore of Babylon in the book of Revelation. This is another lie from the pit of hell. You must understand that Babylon in the book of Revelation represents the United States and Britain. Those are the two nations that will fall. When Saint John writes that "Babylon is fallen, is fallen," he is talking about Western Civilization, particularly Britain and America.

This does not mean that the Roman Catholic Church will not be destroyed because even in Catholic prophecy, Rome will become the seat of the Antichrist. Now the false prophets like to tell you that the United States is not found in Bible Prophecy or mentioned very little, but the contrary is true. Babylon the Harlot is talked about more in the book of Revelation than any other person, place or event and Babylon represents the United States and Britain.

The United States is also described in Daniel 8 in the battle between the ram and the goat. The two horns on the ram represent the United States and Britain and they will be defeated by the goat (Russia) in World War III.

Now, let's look at number 7 on our list of the top 10 false prophecies for 2009 and that is Russia. The false prophets always have a field day with Russia and I'm sure they will continue in 2009 trying to make you believe that somehow Russia is going to invade Israel. This is baloney. Russia does not invade Israel in the End Times. Russia will, however, invade the United States. Russia is the goat in Daniel. The single horn on the goat symbolizes Communist Russia which will be victorious in World War III, which leads us to number 6 on our topics and that is the Nation of Israel.

Looking back on this transcript in 2017, I did not mean to preclude that Russia, along with its Muslim allies, especially Iran, will attack Israel. Russia and Iran are prefigured by the two "she bears" in 2 Kings. The 42 youths attacked by the two bears in 2 Kings symbolize End Times Israel because the number 4 represents 4000 years of the Old Testament and the number 2 symbolizes 2000 years of the New Testament.

The false prophets like to predict that Israel will sign some kind of a covenant with the Antichrist in the End Times and that that will trigger the Seven Years of Great Tribulation. This is a lie. What will trigger the Seven Years of Great Tribulation is World War III. Just read our Lord's Olivet Discourse. He states very clearly that "it will be wars and famine that will precede the sorrows" and the "sorrows" he is talking about refer to the Great Tribulation. In 2009, the false prophets will continue telling you, you need to hide guns and hoard gold. This is another lie. In these End Times, we are not fighting against "flesh and blood", as St. Paul says, but against "powers and principalities." This is a spiritual battle.

I want to warn you now: Do not take up arms against the New World Order. God Himself is going to crush the New World Order at Armageddon. All of the followers of the New World Order are going to be cast into hell and that includes most of the leaders of our current nations today.

Number 4 on our list of top 10 false prophecies which the false prophets will discuss a great deal in 2009 is the imminence of the Rapture. Now, I will agree with them that the Rapture is very close, but to say that the entire Church is going to be raptured is "pie in the sky". St. John says only 144,000 will be raptured and there are more than a billion Christians on the planet. That means that 99.99 percent of Christians must go through the Tribulation. Don't place your hopes on false prophecy in 2009.

Now we're up to number 3 on our list of the top 10 false prophecies for 2009 and that is the much-ballyhooed date of 2012. Well, let me tell you, that is another false prophecy. Please don't place your trust as Christians

in the Mayan calendar or in Nostradamus or any other oddball prognostication.

In fact, I am going to give you some very bad news. World War III, that is the End which 2012 is talking about, will almost assuredly occur before 2012. Satan wants to keep you asleep. When Saint John says that "you must go out from her," that is Babylon, you must do so now. Don't wait for 2011 because 2011 is going to be way too late.

Now, let's look at number 2 on our list. World War III will also be very much discussed in 2009 but the false prophets are not going to tell you who will be involved in World War III. World War III, according to the great prophets Daniel and St. John, occurs between the United States and Britain against Russia. Nor will the false prophets tell you that Russia will win World War III, although they will also be utterly decimated. But if you want to be ready, you must listen to what I am telling you about World War III: World War III is what is next on the prophetic horizon.

And that brings us to number 1 on our list of the top 10 prophetic prophecies for 2009 and that is our last president, President Barack Obama. The false prophets are out there telling you that Barack Obama is the Antichrist. I am sure they will continue. That is another big lie from Satan.

Those people do not know what they are talking about. The Antichrist will not be made public until at least half way through the Great Tribulation, however, the false prophets are right in one respect: Barack Obama is found in Bible Prophecy. In fact, he is the only American President found in the Bible. In the book of Daniel, he is the leopard which comes up out of the sea. The leopard has a skin which is both black and white. That indicates Barack Obama. The leopard has 4 wings and 4 heads. Barack Obama is our 44th President. The leopard in Daniel is given great dominion and so Barack Obama also has been given great dominion.

Even though all these tragic predictions about Barack Obama are true, as Christians we cannot hate the man. As Christians, we must support him in his policies. Now, this doesn't mean we can support his aberrations such as abortion. Abortion is a terrible evil which will bring this country down, however, we must pray and fast for Barack Obama. I personally believe that his main fate in office will be to negotiate the terms of surrender of the United States to the New World Order.
