

Don't Believe Fr Alar when He Quotes Mary at La Salette – Pt 3

Welcome to Revelation Unraveled. I'm your host William Tapley. This will be part 3 in my series on criticizing Father Chris Alar's series on End Times prophecy which he claims reflects the official positions of the Catholic Church, and that is a huge error. He is giving practically always his own interpretation, and so far I've been giving him the benefit of the doubt. After reviewing his first and second parts, but the third part I am very disturbed at, because he is not only interpreting prophecy, he is fabricating prophecy.

Now in the first two sections, he made four very serious errors. He said first of all there was no Rapture. There is no church teaching against the Rapture and I challenge everyone to let me know if you can find one. There isn't any. He claims the Church is against the Rapture. That is false. He said there's no Millennium. He says the Church is amillennial. That's also false. John talks about the Millennium eight times in the Book of Revelation.

He says a third temple must be built in Jerusalem before our Lord's second coming. That is also a serious error. The temple which the Antichrist sets himself up in, is the Roman Catholic Church, not some kind of rebuilt Jewish temple. And he says the Jews must convert before our Lord comes, and that's also not true, because the Jews do not convert until the Lord comes. That's part of the second coming. That's why for example the two witnesses **seal** the 144,000 of the remnant of Israel. They do not convert them.

But now, Father Alar in part 3 of his series makes a much more serious error, because he makes up the prophecy of La Salette. What he calls is from Mary is nowhere in that prophecy, and I challenge all of you once again to prove me wrong. I pray and hope that I am. Maybe he's got some horrible translation, but I cannot find anything that he quotes from La Salette in the true prophecy of La Salette. So go ahead Father let's hear what you have to say.

Father Alar: "Reported at La Salette. 'After all these will have arrived, many will recognize the hand of God, and they will convert into penance for their sins', talking about after some chastisement. 'A great king will go up on the throne.' Remember back in the five stages, we talked about there be a great monarch or a great leader that would unite with the pope? That's consistent with what was said at La Salette."

Wait a minute Father Alar, nothing was said at La Salette about a great king or a great monarch. Where did you get that stuff? Mary did not say anything like that at La Salette. I hope some of your comrades in the seminary sent you this and assured you it was La Salette and you just said what they said, because that is not a true quotation from La Salette. Go ahead Father, maybe you can redeem yourself.

Father Alar: "We talked about there be a great monarch or a great leader that would unite with the Pope. That's consistent with what was said at La Salette.' A great king or leader will go up on the throne and will reign a few

years. Religion will flourish.’ This is just like the era of great peace, the reign of the Immaculate Heart; ‘and spread all over the world, and there will be great abundance. The world glad not to be lacking nothing, however will then fall back again into disorder.’ Just like I said, sometimes when we get prosperity, we forget our need for God. ‘And they will give up God and will be prone to its criminal passions, if they do not do penance again’’. Notice Mary says, ‘if’.”

No, Mary did not say “if”. Mary did not say any of that. That is all pure fabrication. That’s a lie Father Alar. I hope you have some kind of an explanation. You know what’s amazing to me, is that your video, part 3 of 3, which has got almost a 100,000 views has hundreds of comments on it. Not one of those comments calls you out on this. Maybe you were planning some kind of a joke. Maybe you said yourself, let me make something up, and say that it’s from La Salette, and see if anybody can catch me on it. Well I’m catching you on it, but it’s amazing that nobody else is catching you on it.

Father Alar: “‘They will give up God and will be prone to its criminal passions if they do not do penance again.’ Notice Mary says ‘if’. ‘If they do not do penance and they do not cease working on Sunday, and if they continue to blaspheme the holy name of God in a word, if the face of the earth does not change, God will be avenged against the people that are ungrateful and enslaved to the demons.’”

“If the face of the earth does not change? “Was that written by some kind of environmentalist Father Alar? That was not spoken by Mary. It was not part of the aberration of La Salette. What you have just told us is a total fabrication. Who made that up Father? Did you make it up? How come none of your Catholics who supposedly commented on your video understood that that was a lie? It was totally made up.

I’m not surprised that you did not for example quote the most important part of La Salette, which is “Rome will lose the faith and become the seat of the Antichrist.” No priest wants to touch that. That’s the most important prophecy at La Salette. Rome has already lost the faith and it has become the seat of the False Prophet, Pope Francis. Is that why you are afraid to mention anything about the true secret of La Salette?

Anyway Father to me this is a huge scandal and I hope you rectify this situation. I doubt if you will. My videos are lucky to get a thousand views. Your videos get between a hundred and three thousand views, so you’re going to steamroller the opposition with all of your made-up prophecies. So you are not a true prophet. You are not even a true co-prophet. You are a false prophet. You are no better than any of the other false prophets on YouTube, Father Alar. You are part of the great deception of these End Times.

May God have mercy on you.
