

## Daniel 11 - America's Downfall Pt 1

The topic for this program is a very serious issue, because I am going to talk about the defeat of our president Barack Obama, by the Antichrist, and the defeat of the United States in World War 3, as these events are predicted, by that great Old Testament prophet Daniel, in his chapter number 11. First I want to take a look at biblical numerology, because the study of numbers is how we will understand End Times prophecy.

In Daniel, Revelation, the Olivet Discourse, and the book of Esther, numerology is extremely important. Let's look at the most common End Times numbers. The number 4 is the last week in a month, the number 7, is the last day in a week. The number 12 is the last month in a year, and the number 28 is the last day in a lunar month, and also a multiple of 4 times 7. Because these are the last numbers in very important sequences, they symbolize the last days.

In chapter 11 of Daniel, the prophet employs three other very important numbers, and that is 4 4 4, 6 6 6 and 5 5 5. Now let's look at the book of Revelation, to see how important numerology is according to the great prophet Saint John the apostle. In chapter 13 verse 18 of Revelation, Saint John writes, 'let him who has understanding count the number of the beast, for it is the number of a man, and his number is 6 6 6.' Now the beast of course, is the Antichrist. And notice in this passage, that Saint John uses the word 'number' three times. In some bibles the word 'count' is substituted by the word 'calculate', in other words, Saint John is saying, that wisdom and understanding comes from a knowledge of mathematics.

And in chapter 17 verse 9, Saint John adds, 'here is the mind which has wisdom. The seven heads are seven mountains upon which the woman sits and they are also seven kings. Saint John is writing here about the 'whore of Babylon'. But again, notice he says 'wisdom' involves mathematics. These are the only two places, in the book of Revelation where Saint John uses the phrase 'wisdom and understanding'. In both times, he is talking about numbers and mathematics. In this last phrase for example, the word 'seven' is used three times. This numerology is not accidental. Now let's look at chapter 11 of Daniel, and see how he divides up the 45 verses into a 5 5 5, 6 6 6 and 4 4 4 sequence of verses.

On the wall behind me are all 45 verses of Daniel's chapter number 11. If we look at the first 12 verses, we see they are divided into a 4 4 4 sequence. Following these 12 verses are 18 verses, and they are divided in a 6 6 6 pattern. Following these 18 verses are 15 verses, in a 5 5 5 sequence. All of this numerology is extremely important, for us to understand, that the last king of the south will be President Barack Obama, and the last king of the north will be the premier of Russia.

Daniel uses numerology to help us understand, who he is talking about in these End Times. In verse number 40, Daniel writes, 'and at that time prefixed the king of the south' and that is Barack Obama, 'shall push against him', and that is the premier of Russia, 'and the king of the north', the premier Russia, 'shall come against him', again Barack Obama, 'like a tempest'. Now this word 'tempest', can also be translated as 'whirlwind'. And what that means is, with air power, airplanes and missiles, and 'with chariots', of course that means mechanized vehicles, 'and with horsemen', that would be the infantry, 'and with a great navy', and of course we know that Russia has a great navy; 'and he shall enter into the countries', the countries here is plural, because Daniel is writing about America and England, 'and shall destroy, and pass through.' America and England will be destroyed and occupied following World War 3.

How can we be sure that Daniel is writing about Barack Obama, and the premier of Russia, in verse number 40? Daniel uses numerology, to reveal to us, who he is talking about. As I mentioned the first 12 verses are divided into a 4 4 4 sequence. As you should know, Barack Obama's number in bible prophecy is 4 4 4. That's because he is the 44th president of the United States, and he was elected on November 4<sup>th</sup>. In the first four verses of chapter 11, Daniel describes six ancient kings. 'And from the first year Darius the Mede', that's the first king he is talking about; 'I will show you the truth. Behold there shall yet stand three kings in Persia', three more kings. These kings are Darius II, Smerdis and Cambyses.

Following the three kings in Persia, Daniel says a 'fourth shall be enriched exceedingly above them all'. Now this king is Xerxes, and following Xerxes, 'shall rise up a strong king, and shall rule with great power, and he shall do what he pleases.' Now this sixth and last king of these first four verses is Alexander the Great. As I said the 4 4 4 sequence of verses is there to indicate Barack Obama. The six ancient kings are used by Daniel to set up another sequence, and that is a 6 6

6 sequence, because we will find that there are six kings of the north and six kings of the south.

In part 2 of the series, we will examine carefully who the six kings of the north, and six kings of the south are, because it is critical, for those of us living in the United States, to understand exactly what Daniel is talking about, in chapter number 11, because he is describing the defeat of our president Barack Obama by the Antichrist, and the defeat of the United States in World War 3.
