

### Who Told Q Anon Plane Would Crash at Rothschild's? Pt 3

This will be part 3 in my series on the amazing prophecies given by Q Anon. And the reason I say 'prophecy' is because some of the knowledge he is imparting to us can only come from Almighty God and I am referring specifically to a prophecy on November 14, 2017, about the Rothschilds. This was about three weeks ago, where in this messages, he isolated the letters 'L', 'd', 'R'; he put brackets around them. And just about everybody figured out that he was talking about either Lord Rothschild or Lynn de Rothschild and less than a week later there was an airplane crash between a helicopter and a small plane over the Rothschild estate in Britain! And people said, well, Donald Trump must have caused that plane crash. And I am telling you 'no', Almighty God told Donald Trump and therefore Q Anon about that plane crash. And you must admit, it's got to be either that Donald Trump caused the plane crash or he was told about it by Almighty God: those are the only two possibilities. And I say it's the second possibility: Q Anon is giving us true prophecy from Almighty God.

So let's look at the next 20 some-odd verses from the message that he gave us on November the 14th and we'll start with line number 12:

- 12) Why, hours after the election, did seven people travel to an undisclosed location to hold a very private & highly secured/guarded meeting.
- 13) Why didn't HRC give a concession speech?
- 14) When was the last time a presidential candidate didn't personally give a concession speech.
- 15) What happens if the border remained open and the MSM continued to brainwash?
- 16) At what point do patriots, and hard working men and women, become a minority?
- 17) What about voting machines?
- 18) Who owns the voting machines?
- 19) What about voter ID laws?
- 20) Photo ID When is it necessary and must be presented? Make a list. Laugh.
- 21) Reconcile.

**'Why hours after the election did seven people travel to an undisclosed location to hold a very private and highly secured / guarded meeting.'** I think I remember reading about this at the time; it was surmised that Hillary and Soros and Obama and at least several

others met to figure out how they could overthrow the election and I'm sure that's what Q is referring to here. And what's interesting to me is the number 'seven'. You remember on my last program I pointed out in the first of the ten lines section, the number four was mentioned because there were four 'F' words mentioned and that is a sign of Apocalyptic Literature because four and seven are the two most important End Times numbers. And here we find in the first line of this second ten grouping another example of Bible prophecy using the word 'seven'. And one of my subscribers said I should not equate Bible prophecy with the messages that Q Anon is giving us but that is exactly what I am doing.

Let's look at verse number 13, or line number, 13: '**Why didn't Hillary Rodham (rotten) Clinton give a concession speech?**' Well, I can tell you why, she's a sore loser. And the next line, 4: '**When was the last time a presidential candidate didn't personally give a concession speech?**' I'm not sure if this is a specific reference or not; I did not look it up. I think it's just a general comment; it's showing that she's a sore loser. Or it could indicate that she immediately began planning how to overturn the election. And line number 15, and here's where prophecy comes in, because some of these are comments are what would happen in the future and 15 is: '**What happens if the border remained open** (in other words, if Donald Trump were not elected) **and the mainstream media continued to brainwash**'. And that would continue the downward spiral of America and therefore this line is a prophecy. And line 16: '**At what point do patriots and hard-working men and women become a minority.**' And of course, this is the danger of any democracy. What happens when the evil people outnumber the good people? I remember Rush Limbaugh used to give the example of what happens if three men and two women are marooned on an island and one of the men suggest 'let's rape the women' and they take a vote. Would that be fair 3 to 2? Of course not; it would still be immoral even though it was legal. And we have that same situation in this country now with abortion: abortion is immoral but it is legal. Hopefully our President can change that.

And number 17: '**What about voting machines?**' There's another good way that a Democrat majority can be fraudulently overcome. And number 18: '**Who owns the voting machines?**' And I've read that a Soros company owns quite a majority, or a large percentage of the voting machines; thus, another very good way that a large majority of

hard-working Patriots can be undermined by an illegal minority, by the One World people like Soros and Hillary and Obama. Number 19: **'What about voter ID laws?'** Well if you don't ID the voter then there can be even more fraud; people can vote more than once. And how about verse number 20 or line number 20: **'Photo ID, when is it necessary and must be presented? Make a list and laugh'**. I think what Q Anon is telling us here that the photo ID laws are a joke; in other words, right now many voting booths are open to just about anybody, including illegals, in fact. I couldn't believe it but in this last election, Barack Obama urged illegals to vote! Can you imagine a president saying something like that? It tells you how these people think. And the last line in this ten verse section is **'Reconcile'**. And I'm not sure what that means. If some of you would like to add your comment below, it's possible that Q is telling us that this is one area that Democrats and Republicans could reconcile. I mean, why would the Democrats not want to have secure voting laws? Why wouldn't they want to have photo IDs or some other way to make sure that everyone who votes has a legal right to vote? It seems to me this is one protocol that Democrats and Republicans could get together on.

So now, let's look at the next 10 verses, or lines, in this 50 line message given by Q Anon on November the 14th, in other words, line number 22:

- 22) Would the chances of defeating evil grow less and less with each passing year?
- 23) What does 'red line' mean?
- 24) Why again, were the arrests in SA so very important?
- 25) What strings were immediately cut?
- 26) Follow the money.
- 27) When does a bird sing?
- 28) Q
- 29) Who financed 9/11?
- 30) Who was Bin Laden's handler?
- 31) Why was the Clowns in America tasked to hunt/kill/capture UBL
- 32) Why not MI?

**'Would the chances of defeating evil grow less and less with each passing year?'** Absolutely! I think America would totally fail if we had elected Hilary. We would have been under the One World Government

automatically and all of our rights would be taken away; and those of us who practice our religion would have to go underground. And line number 23: **'What does red line mean?'** I really don't know what 'red line' means. If you know, please put the comment below. If you give a good answer I will pin your comment and you have a chance to contribute to this video. Line number 24: **'Why again were the arrests in Saudi Arabia so very important?'** And the answer is given to the next line 25: **'What strings were immediately cut?'** And I'm sure this refers to financial strings. In other words, Saudi Arabia princes were big contributors to the Clinton Foundation and they also supported Islamic terrorism and I believe Saudi Arabia was the very first country President Trump visited. That was one of his first priorities; to cut that funding to evil around the world. And line 26 verifies that: **'Follow the money.'**

Line 27: **'When does a bird sing?'** I really don't know what Q is getting at here. There's another place that you can give me your two cents. I'm sure you can explain this better than I can! And line 28 consists of Q's signature, **'Q'**, in other words, and the reason these two messages are broken up is because they were posted at separate times, only a few minutes apart from each other, but these two messages on November the 14th are really one and the same message. And Q then proves this by the next line which is 29 and which actually refers back to the previous four lines that we've just spoken about: **'Who financed 9/11?'** And I'm sure Q is telling us that Saudi Arabia financed 9/11. Number 30: **'Who was Bin Laden's handler?'** I think that is answered in the next line and I'm not sure if he is talking about a particular person or a group. In this case, I think the group is explained in line 31: **'Why was the CIA tasked to hunt/kill/capture Usama Bin Laden?'** And I can see why Donald Trump does not go on national television and tell us the answer to these. He wants us to work these out; this is our job. It's up to us to make videos and a lot of people are making videos on Q Anon's messages and that's what I'm doing. And I believe it's very important and I believe we should do it because I think these messages come from Almighty God. And line number 32: **'Why not Military Intelligence?'**, another good question. I think Q Anon is hinting here that all of this was treachery and treason and when Donald Trump succeeds in 'draining the swamp' we are going to find out a lot of things that have been happening in the recent presidencies of both Bushs, Clinton and Obama.
