

Q Anon (Pt 5): Donald Trump Will Not Start World War 3

One of my subscribers asked me to show you what it looks like in this winter wonderland up here in the southern Adirondacks.

Today is Saturday, December the 16th, and I also wanted to show this to my web manager in Australia because they are just about entering summer and she's just getting over a bad case of the flu, so I hope you get better soon.

And on this program I wanted to do the last installment in my series on the amazing prophecy which Q Anon gave on November the 14th and I am beginning to think more and more that Q Anon is actually President Donald Trump, although he undoubtedly gives the script to his employees, maybe Kellyanne Conway, to copy over for the internet. And I'm going to look at the next to last section; remember, he divided it up into 5, 10 verse sections, because just as in all Apocalyptic Literature, he is giving a message that the way to defeat the Antichrist and to be victorious over the Deep State, the One World Government and the One World Religion in these End Times is to pray Mary's Rosary and I am NOT going to back down from that position because that's exactly the same prophecy that Daniel gives as well as Ezekiel, and Zachariah, and Isaiah, and Micah; they all say the same thing through hidden numerology, just as Q Anon is doing.

FOR THE COMING DAYS AHEAD

- 33) If we found UBL, eliminated his security, why would we immediately kill him and not take him alive?
- 34) Why wouldn't we want to capture UBL alive and extract other possible T-level events?
- 35) Perhaps someday people will understand 'they' had a plan to conduct 'another' mass extinction event.
- 36) WW1 & II- orchestrated and played by select families.
- 37) Fantasy land.
- 38) Remember, the more people there are, the more power people have.
- 39) Why do D's push for gun control 'directly' after every tragic incident.
- 40) Why is this so very important to their agenda?
- 41) We, the people, are who they are afraid of.
- 42) We, the people, are who they fear will one day awake.

So, let's look at verse, or line number 33: ***'If we found Usama bin Laden, eliminated his security, why would we immediately kill him and not take him alive?'*** Well, of course that's a good question; unless Usama bin Laden knew something about 'Clowns in America' that they did not want you or I to know about. And line 34: ***'Why wouldn't we want to capture Usama bin Laden alive and extract other possible terrorist level events?'*** Well, maybe they didn't want what he knew to come out. And the next line, I think, answers the question: ***'Perhaps someday people will understand they had a plan to conduct another mass extinction event.'*** So Q Anon is answering his own questions here. And I think line number 36 is the most important line in this whole prophecy where he asked about World War 1 and World War 2. But what kind of relevance would that have? Those happened 70 years ago. Q Anon is actually telling us about World War 3: ***'World War 1 and World War 2 orchestrated and played by select families.'*** What Q Anon is telling us is that Donald Trump is not going to start World War 3. And he could not tell us that himself, let's say, in a presidential address; that would tie his hands when he is dealing with rogue states like Iran or North Korea. What he is telling us here is that World War 3 will be begun exactly the same as World War 1 and World War 2; in other words, by the Illuminati, by the elite, by the rich banker families: they are the ones who will provoke World War 3.

And Q Anon continues in line 37: ***'Fantasy land'***. I'm not sure but I think he's maybe talking about Americans who live in a fantasy land in regards to, let's say, the 9/11 event or how World Wars start. And line

38: **'Remember, the more people there are, the more power people have.'** Well, of course, even China and India know that! How come we in America don't understand that? Why do we promote abortion, the killing of the unborn. That brings the wrath of God upon us as well as depleting our population. And the next line is: **'Why do Democrats push for gun control directly after every tragic incident?'** That's simple, because they are part of the Deep State and they do not want a well-armed populace. Remember the Second Amendment was not put in place so that people could hunt animals for food; it was put in place to protect us from immoral, illegal, and tyrannical Government. The Founding Fathers knew what they were doing. And line 40: **'Why is this so very important to their agenda?'** As I say, they want to establish tyranny because that's the only political system whereby they can lead people. They do not want true Democracy even though their name is Democratic. And line 41: **'We the people are who they are afraid of.'** Absolutely, Q Anon, you know what's going on and we're very glad that you're on the inside giving us your viewpoint, and I support you; I believe you are correct in your analysis, especially about World War 3. That doesn't mean Donald Trump has his hands tied. As I said, he has already bombed Syria and he's not going to back down as far as the other rogue states around the world go. But he is also telling us that if we see World War 3 break out, it is not him that started it: it is the evil, immoral people in our own country because a lot of them are villains.
