

Significance of Norway Spiral and Obama Nobel Speech

Over this weekend I received several important messages about the Norway Spiral. First of all, it was pointed out to me that Maitreya, on his 'Share International' website is claiming that this is a star that will herald his appearance. Now what should this tell you? This should tell you that this is indeed a warning from God, because Satan recognizes that this is a warning from God and he is trying to hijack the message for his own purposes.

Please understand the Norway spiral is a fulfilment of Bible prophecy. It is one of the great signs in the sun, moon and stars that will announce Jesus' Second Coming at the rapture and his Third Coming at Armageddon. You also need to realize this is a fulfilment of Fatima prophecy.

The Blessed Mother warned Fatima about the annihilation of nations. She also said that when you see a night, illuminated by a strange light, know that God is about to punish the world with war and with famine. This Norway spiral also demonstrated a sequence of images, and the last image was a black hole. This black hole shows the annihilation of nations, the destruction of the western civilization.

One of the seers of Fatima, little Jacinta who I believe was only about nine years old, made another amazing prophecy about these End Times. She said there would be a secret of Heaven, and a secret of Earth, and the latter would be terrifying.

I will review on this program what Jacinta's prophecy meant. The secret of Heaven will be the End Times comet, that will end the seven years of tribulation. The secret of Earth is World War 3, which will begin the seven years of tribulation. That is why Jacinta referred to it as terrifying.

This Norway spiral, as I have mentioned previously, was also a warning to Barack Obama. That's why it occurred at the same time as his Nobel Peace Prize speech. Over the weekend, a YouTuber from Portugal explained to me that Obama used the word 'war' more times than he used the word 'peace'. Obama used the word 'peace' in his Nobel Peace Prize acceptance speech 27 times.

How many times do you suppose he used the word 'war' in his speech? It won't be a surprise to my regular subscribers, that Obama

used the word 'war' 44 times. This was not accidental. As you know Obama is the 44th president. His number is also 44 in Bible prophecy. That's because he is the leopard as found in Daniel chapter number 7. The leopard has four heads and four wings. That refers to President Obama. In his speech he also mentioned the number of nations who are in Afghanistan.

Do you realize there are 44 nations in Afghanistan? The text of the speech as released by the government, said there were 43 nations plus the United States. Now Obama changed this to 42 plus the United States in his speech, so I am not sure if it's 43 or 44. But if you include Afghanistan that would be 44 countries involved in the war in Afghanistan.

And there was another amazing quote from his speech. Let me tell you exactly what Obama said. "There is a deep ambivalence about military action today. At times this is caused by a reflexive suspicion of America, the world's sole military superpower." The United States is not the world's sole military superpower. That is another lie from Satan.

Obama has obviously bought into one of Satan's greatest delusions of the End Times, and that is the collapse of the Soviet Union. Mark my word, Obama believes that he can win World War 3. Obama is sadly mistaken. According to Daniel, the King of the South, that is Obama, will lose World War 3 to the King of the North, and that is the premier of Russia. I doubt very much if the world or Obama is going to listen to this warning, but you can listen. You must get prepared.
