

Millions For Mary Can Save America

America, once you were a great nation you respected the laws of God you protected the innocent you upheld the family what have your leaders done to you? What have drugs done to you? What has immorality done to you? Do you have a future? Why have you abandoned the family? Supernatural evil has overcome you. Look around you. Is there a supernatural solution? Can the mother of God help you? What did Mary promise at Fatima? Have you ever prayed Mary's rosary? What did the angel say to Mary? Hail Mary full of grace. Can Mary still save America? Mary will help us to become, once again a nation under God, a nation for the born and the unborn, a holy nation, a people set apart.

Please join our millions for Mary apostolate. Millions of Hail Marys can save America. Jesus listens to his mother like no one else. I have personally committed to praying one rosary every day for America. Please visit our new blog, millions for Mary.wordpress.com and to make your commitment, just click on the link provided below. Never forget, a nation that prays together, stays together.
