

## Erdoğan Survives Coup! Antichrist Can't Die!

Over the weekend, there was a coup attempt against President Erdoğan of Turkey, and as you know, on this program I have identified him as the best current candidate for the Antichrist. And all I could think of, was, the passage in Revelation where the people asked who can defeat the beast? Who was like unto him? And as we know from the Book of Revelation, no one ever kills the Antichrist. The Antichrist is cast alive into Hell.

Now in this program I want to show you where I have discovered Erdoğan as the Antichrist in this amazing murmuration of bird video. And I have talked about before, that we not only see Putin in this video; a lot of people on YouTube have discovered that; but to the right of Putin is a clown face; and to the right of that, some of you of my subscribers have said there is a demon, and I believe you are right. So on this program I want to show you that, the demon face and the clown face, what I believe represents Erdoğan, are intimately connected. They work together in these End Times. They are two thirds of the unholy trinity. So let's take a closer look at how I connect the dots between the original bird murmuration video, and how the clown and the demon, and Putin's face miraculously appear when you connect the dots.

Now if I alternate between the original bird murmuration video, and my enhanced version where I connect the dots, I think it's fairly obvious that the clown face appears, and also the demon face, to the right of the clown. And these two images are connected, especially by that third eye in the center, which both the clown and the demon face share; sort of the eye of the Illuminati.

So now let's take a closer look at how this clown face, which I believe indicates the president of Turkey, Recep Erdoğan, and the demon face; let's see how they are connected.

*Bird Murmuration*

*President Erdoğan of Turkey*

I think just about everyone can see the clown face next to this image of Vladimir Putin, and although this doesn't really look like President Erdoğan of Turkey, it does share all of the characteristics of the president; for example the cleft chin, the kind of droopy and prominent lower lip, the thin moustache and the prominent philtrum. The nose doesn't really look like Erdoğan's, because it looks like a pig snout, but on the other hand, it doesn't look Arabic or Semitic, and neither does Erdoğan's nose. Now I originally thought this line here indicated a pair of glasses, but now I realize it is the bags under Erdoğan's eyes. The forehead when Erdoğan speaks shows quite a few wrinkles, as does this clown face, and on top I have before suggested, that this is a crown on the Antichrist, and the possibility of ten horns.

Now the amazing feature, which quite a few of you, my subscribers pointed out to me, is that there is a demon's face right next to the clown face. And I believe this is a feminine expression of Satan, which is why I emphasize the bouffant type of hairstyle, but these could be horns. I will leave that description up to you. What do you think? Now there is a kind of an ugly cauliflower ear here, but this weak chin also emphasizes the feminine characteristic. These two faces, the clown face and the demon face are intimately connected, especially by this common eye, which they share; the eye of the Illuminati. And even more disgusting is the mouth on this demon, because this is not just a mouth, this is an anus, and there is an intimate connection between the nose of the clown, the Antichrist, and this mouth / anus on this image of Satan.

Now this shared eye image between the clown and the demon are prefigured earlier; I've done a program on this; on this evil Vatican logo for the Year of Mercy, where we see the face of Jesus, sharing an eye with the transgendered female figure that he is carrying.

And you can see this image in many Catholic churches throughout the United States, even today.

Now, as far as there being a connection between the nose of the Antichrist and Satan's butt; that is not an original concept actually, and we see in this woodcut from medieval days, seven women or witches actually kissing the butt of Satan, and this is not a new idea as I say.

What is new and original is that the mouth of Satan is in the shape of an anus. That is new. That's very clever on Almighty God's part in my opinion.

But why shouldn't the mouth of Satan look like an anus, or as far as that goes, the Antichrist? I thought I would read this passage from Revelation chapter number 13, verse number 4. **"And they adored the dragon, which gave power to the beast:"** The dragon is Satan, the beast is the Antichrist; **"and they adored the beast, saying: Who is like unto the beast? and who shall be able to fight with him?"**

I don't believe even the army and Turkey is able to fight Erdoğan, and Erdoğan is very soon going to take over the leadership of the entire Middle East. And of course as you know, he brings down three kings, and those three kings are the same as the three beasts in Daniel, the bear, the lion and the leopard. They represent Britain, Russia and America, and he succeeds in getting those three superpowers to destroy each other in World War 3, and then he will be number 1 in the world.

And let's look at verse number 5. **"And there was given to him a mouth speaking great things, and blasphemies:"** The mouth of the Antichrist speaks blasphemies, and his mouth will very soon look just like Satan's mouth, and that is like an anus, and that is what comes out of a mouth of a demon, and that is pure filth. **"And he opened his mouth unto blasphemies against God, to blaspheme his name, and his tabernacle, and them that dwell in heaven."**

So I think this amazing bird murmuration video is an extraordinary gift from Almighty God in these End Times, identifying for us who the Antichrist is, what his fate will be, and how we are to defeat him. And I have mentioned that many times on this program. The people in Revelation ask, who can defeat him? You and I know. The seed of the woman will defeat the seed of the serpent.

And one last note. Some of you have suggested that this is not Vladimir Putin, but this is actually Pope Francis. I agree. That could very well be. There is a similarity. Now if that's true, that would mean that this murmuration of birds video shows all three evil entities of the End Times, the Antichrist, that would be Recep Erdoğan, the False Prophet that would be Pope Francis, and of course Satan, the three enemies of mankind in these End Times. Could that be? And if it's so, that means that Almighty God has truly given us a remarkable prophecy in this murmuration of birds video.

And I want to close on one final note. This is a little different. Lately I have been noticing a great deal of pornography on YouTube. It doesn't matter what you search. It used to be; you could search under Bible prophecy, and not see pornography. That's no longer possible. I did a little research, and even if you search on their titles such as 'spaghetti' or 'baseball', all you see is pornography and it is inundating YouTube and of course the reason is because Satan knows his time is short in these End Times, but it indicates to me that I will soon be off of YouTube. I don't think my prophecy can coexist with pornography.

Now if that's true, I will probably have to be taking my message to you directly, and if any of you are interested in having me speak to your group or to your church, let me know. I'm not sure if I can carry this off or not. I'm 77 years old, that's why I do videos here on YouTube, but if you are interested, let me know and maybe we can work something out.
