

Is Barack Obama Possessed?

This video is a response to President Obama's address last week to that wicked organization known as 'Planned Parenthood'. Planned Parenthood is the world's number one abortion provider, and yet the president never used the word 'abortion', anywhere in his speech. That's because his speech was one big deception, and 'deception' is a nice word for lie. One of Satan's greatest deceptions of the End Times, is that Planned Parenthood is a worthwhile organization, and that killing babies in the womb, is a choice that mothers really like to make, and I disagree with that. Abortion is murder, and throughout this speech, Mr Obama gave a lot of demonic facial expressions, and I believe the reason is, because he knew what he was saying was a lie.

Let's take a look at some of the things Barack Obama said to his very loyal supporters at Planned Parenthood.

'...and thank you for the outstanding leadership that you have shown over the years, you just do a great, great job.'

A great, great job? Mr President, Planned Parenthood kills more innocent human beings than Joseph Stalin and Adolf Hitler put together. You are lying, Mr President. That's why you have that demonic expression on your face.

You don't really believe what you, yourself are saying about Planned Parenthood.

'...it's been nearly a hundred years, since the first health clinic, of what later would become Planned Parenthood opened its doors to women in Brooklyn,'

And were you aware, Mr Obama, that Pope Leo received a message from Almighty God, that Satan would be allowed to tempt mankind for 100 years? And that 100 years, is also, just about up. And by the way, what about all those demonic faces you are making at Planned Parenthood?

'The women should be allowed to make their own decisions about their own health. It's a simple principle.'

Sure, it's a great principle, Mr Obama, I agree. Are you aware that, at least 90% of the women, who abort their babies at Planned Parenthood do so, under duress, mostly from the men in their lives? Are you aware that the greatest demographic group, which supports legalized abortion are not women? they are young men, from the ages of 18 to 24. That's where your political support comes from, Mr Obama. It's the young men who want abortions legal, not the women.

'And I also think about the millions of mothers, and daughters, and wives, and sisters, friends and neighbors, who walk through those doors every year.'

Well how about your own wife and daughters, Mr Obama? I bet you wouldn't want your own daughters to go to Planned Parenthood for contraceptives, sterilizations, or abortions. Be honest, Mr Obama, Planned Parenthood is one of the most evil organizations on the entire planet. And what about those crazy faces that you are making? Are you sure you are not possessed, Mr Obama?

'Let me talk about cutting off your funding. Let's be clear, they're talking about telling many of those women: you are on your own.'

Abortion, contraception and sterilization are not healthcare, Mr Obama. You talk about Planned Parenthood giving cancer screening. Do you realize that abortion is one of the leading indicators for breast cancer? And how about the birth control pill? Read the fine print. The disastrous side effects of the birth control pill make it a health hazard; it is not health care.

'So the fact is, after decades of progress, there are still those who want to turn back the clock to policies more suited to the 1950s than the 21st century.'

Oh no, Mr President, we want to go back farther than that. We want to go back to the time of Moses. We want to go back to when God said: ***'Thou shalt not kill'***. Every abortion takes the life of an unborn child. We want to go back to the Founding Fathers, who said that the Right to Life is inalienable, that it comes from Almighty God, and it cannot be taken away, by your administration, Mr Obama.

'In North Dakota, they just passed a law that outlies.. outlaws your right' .

Outlies? That sounds like a Freudian slip to me, Mr President.

'In Mississippi, a ballot initiative that was put forward, it could not only have outlied your, er, outlawed your right to choose,'

Outlied? Oh, I doubt if anybody in Mississippi can outlie you, Mr President.

'That's why we fought so hard to make healthcare reform a reality.'

Healthcare reform, as far as you are concerned Mr Obama, means forcing Catholics and other Christians to pay for contraception, sterilization and abortion, and other forms of abomination at Planned Parenthood. Freedom of choice, as far as you are concerned, applies to the abortionists at Planned Parenthood, but to no-one else. And why do you keep making those crazy, demonic faces? Are you sure you are not possessed, Mr Obama?

'Or charging more, just because you are a woman, those days are ending. Those days are ending.'

O yes, Mr President, Planned Parenthood's days are coming to an end. This is the first time a sitting president has ever addressed Planned Parenthood. You are a disgrace, Mr Obama. If you cannot stop Planned Parenthood, Almighty God will. You are lying to the American people. Is that why you make those crazy, demonic faces.

'This is about a woman in Washington State, named Joyce who, for years, could only afford healthcare at her local Planned Parenthood Clinic and heeding her advice, she never missed her annual exam. During one of them, your doctors help catch an aggressive form of cervical cancer, early enough to save her life. Today she has been cancer free for 25 years.'

As long as you are going to give case histories from Washington State to try to bolster your argument that Planned Parenthood is somehow a worthy organization, how about the poor little 16 year old girl, who died from a botched abortion, fairly recently at the Planned Parenthood Clinic in Everett, Washington? Planned Parenthood cares no more about the women they serve, than the babies they abort.

'Planned Parenthood is not going anywhere. It's not going anywhere today, it's not going anywhere tomorrow.'

Planned Parenthood is going to Hell, Mr Obama.

'I want you to know, that you've also got a president, whose going to be right there with you, fighting every step of the way. Thank you Planned Parenthood. God bless you.'

The greatest blessing that God can bestow on Planned Parenthood is to stop them from performing abortions, and He will do that. Do you know when the founder of Planned Parenthood died, Margaret Sanger? She died on September 6th '66. That's because she and Planned Parenthood and you, Mr Obama are of the Antichrist and God will destroy all of you, unless you repent. I believe you made all those demonic faces because your conscience bothers you. Either that, or you are possessed, and in that case, I will pray for you, and I ask all my subscribers to pray for you also.
