

## Dana Coverstone Gives Amazing New Conclusion to Previous Dream

Dana Coverstone posted a very interesting addition to a previous dream

*Pastor Dana Coverstone*

which he reported on, which he called “They don't hate me, they hate you” dream, and that's the dream where Dana Coverstone listed the five elements in our society that cannot save America, if you remember that. He went through the military, the church, Donald Trump and so on. There were five elements and the reason he said he did not add this part before, was because he thought it needed additional interpretation.

I don't think that's why he didn't add it. I think the Holy Spirit was guiding him to add this later, this new part that he described this morning which I will read to you. And he thought that it came at the beginning of the prophecy but I don't think so. I think it's supposed to come at the end of the prophecy. That is what makes sense.

If you have watched Dana Coverstone's dream videos, he always seems to leave us in the lurch. He says that “Hold Your Breath” for example or “Brace Yourself”, and the question is always, what are you bracing yourself for? What are you holding your breath for? What's going to come next? What's the conclusion of these dreams?

And I think this new addition to the “They don't hate me, they hate you dream”, I think this does tell us what comes next. That's why I think it was so interesting and why I wanted to do this today and let you be aware of this so you can watch his video. It's quite interesting. So let's put the slide on the screen and I will read the part that he revealed this morning, which he said came before his dream, but I believe comes at the end. So let's read this. I'll put it on the screen.

**“First of all I saw a doctor, I was in a medical room, a hospital room, and there was a mother who was about to give birth and I was standing behind the mother looking straight ahead at the doctor who was about to deliver the baby. The mother was doing**

**those traditional pushes, and the moans and the screams and just the pain of the birth process. And the baby came out very, very bloody; it was just covered in blood.”**

Probably Dana didn't want to relate this part of the dream because it's kind of gruesome looking. That's another reason. The reason he said he needed it to be interpreted before he posted it. And I'm going to discuss on this program that this woman and this child are found in the Book of Revelation.

That's why I say that this provides a conclusion to his dreams because Revelation 12:1 does give us a concise conclusion to End Times events and I think we'll see that this first part of his dream lines up with Bible prophecy. So let's look at the second part.

**“And the mother kind of gave a last exasperated look at the child and then slipped into eternity and died. And that baby was taken by the doctor and the nurses and was wrapped in a very, very white receiving blanket and it was laid on a table or like a bed and the blood began to soak through the white cloth. But the baby was going to live and there was no doubt about that. But it was a very, very traumatic scene.”**

And it's not only a traumatic scene it's very vivid imagery and I think for example the white cloth indicates purity and this child is the same child as in Revelation 12, which is caught up to God and to his throne, in other words the child who is raptured.

Now I want to review, first of all, Dana Coverstone's dream about the “They don't hate me they hate you” dream, and I think you'll see that what he received this morning solves the problem so to speak because he gives five entities in our nation which are not going to save America if you remember that dream.

And first he said the church is not going to save America and the church is symbolized by a hospital that is full of newborn babies, with nurses all going around helter skelter, and there's hundreds of babies, and the

hospital is like a big auditorium, and that's because it symbolizes the church, and the church is in a state of confusion. And the part that Dana Coverstone added came before this scene, but as I say, I believe it comes at the end.

The second entity that is not going to save America in that dream was the military, and that was symbolized by the F-16 s flying around in circles, remember? There were two F-16s flying around Washington going in circles. That shows that the military is in a state of confusion or they're aimless. They have no direction.

The third element is the economy. The great American economy is not going to save this country, and that is symbolized by the money going up the chimney and floating away like a hurricane. Remember? And nobody got the money; the people on the ground, the people the higher up on the ground, nobody got the money, and I think that's a perfect example of the stimulus checks.

Money grows on trees in Washington as we all know, but we don't get it ultimately, according to the critics anyway. Most of the stimulus bill goes to foreign countries or to special interests, and eventually I'm sure, a lot of it finds its way back into the pockets of the congressman.

Fourthly, Donald Trump is not going to save America, and this is true with Kim Clement's dream. Remember he had a dream and in his vision I should say, Donald Trump does not save America, the church does not save America, neither does Jesus save America.

As in Kim Clement's dream, the woman Esther saves America and we'll see that's exactly what Dana Coverstone is saying here also. And we saw Donald Trump in Dana Coverstone's dream bruised. Both of his ears were bruised and he was in handcuffs, and that symbolizes that he can't help us either.

And the fifth element was Congress. The people in Congress were at each other's throats, and of course we see that today. Right now there's total disunity. They cannot save America. I hope we are not attacked because we are in total disarray in this country. I don't even know if Joe Biden has the nuclear suitcase. I don't think anybody does. Can you imagine him being in charge of the military in this country? In any event, Dana Coverstone's numerology does tell us who will save America and I pointed this out to you.

There are five elements listed that won't save America but the 5 is of course Mary's number in Bible prophecy, and I've told you many times, those of you who pray the Rosary with me every morning at 10 am on this channel, 5 is the number of stones that David chose against Goliath, even though he only needed one stone. And those 5 symbolize Mary's Rosary.

Mary's Rosary is the weapon Jesus uses against the Antichrist, just as David chose five smooth pebbles against Goliath. So that's why Dana Coverstone, I'm sure, he did not separate his vision out into 5 distinct sections but that was the meaning of it. But now I think what we're going to find out, at this new edition, tells the same thing, because it corresponds to Revelation 12 and the woman represents in Revelation 12, represents two things.

It represents Mary and it represents the remnant Catholic Church. And the child, now in the near time, it would indicate Jesus, but not in the End Times. In the End Times the child represents the remnant Protestant Church which Mary will give birth to.

Well I don't think Dana Coverstone understands that, but let's take a look at Revelation 12 verses 1 and 2, 5 and 6 and we'll see how similar this is to Dana Coverstone's dream.

**“12:1 And a great sign appeared in heaven, a Woman clothed with the sun and the moon under her feet, and on her head a crown of twelve stars:**

**12:2 And being with child, she cried travailing in birth, and was in pain to be delivered.”**

And how close is that to Dana's dream? The woman is in pain to be delivered. A lot of people say, well this can't be Mary, because Mary did not suffer childbirth pains when she brought forth Jesus. Jesus' birth was immaculate just like his conception, but Mary is not birthing Jesus here. That's one way you can tell. She is birthing the remnant Protestant Church, and that is very painful for Mary. And in this scene where the child is born with a lot of blood, that's not the child's blood, that's the woman's blood.

And we've seen many statues of Mary weeping blood. That's because it's very difficult for her at this time to save the Protestants, but she will and that's what this prophecy is all about. So let me read the rest of that verse number 2 in Revelation 12.

**12:2 “And being with child, she cried travailing in birth, and was in pain to be delivered.”** A very perfect description of what Dana Coverstone saw. Verse number 5:

**12:5 And she brought forth a man child, who was to rule all nations with an iron rod: and her son was taken up to God, and to his throne.**

**12:6 And the woman fled into the wilderness, where she had a place prepared by God, that there they should feed her 1260 days.”**

Now Dana's dream does not complete the imagery, but he points us to Revelation. Now in Dana's dream the woman dies, whereas in Revelation 12 she flees into the wilderness, and that's the remnant Catholic Church. That's our destination, is to flee into the wilderness.

The child in Dana's dream is laid on the table, whereas in Revelation the child is caught up to God unto the throne. That's the remnant Protestants whom Mary has given birth to.

She will convert the Protestants and quite a few people have always complained to me saying "Why do I say the Protestants will be raptured when they don't know Mary, and they don't have the sacraments? ". Well I think Revelation 12 gives us the answer. They will be converted first. Mary will convert them, and then they will be raptured.

So I think that is about all I wanted to say. I wouldn't be surprised if David Coverstone wouldn't understand this part of the dream, especially the part of Mary. He says in his program that he is an Assembly of God pastor and I suspect, just like Kim Clement, if the Lord told him that Mary was going to save America, he would probably dismiss it and say that it didn't come from the Holy Spirit, and that's why the Lord told Kim Clement that the woman's name was Esther. Of course Esther is a prefiguration of Mary in the Bible.

Now the next thing I want to talk about is very interesting, and that is, why did Dana Coverstone receive this dream at this time? Well next month is the anniversary of the Great Sign that appeared in heaven. This great sign, which I just read for you; the woman clothed with the sun with the moon under her feet, and on her head a crown of twelve stars; and she being with child, she is about to be delivered.

That image was fulfilled almost three and one half years ago. Is that significant? Because 1260 days, 42 months; three and a half years from that date, which was September 23<sup>rd</sup> 2017, the dates are a little bit different. They will both come up next month. Is that why Dana Coverstone received this dream?

Now I want to show you that image, because I don't know whether you know this, but I was the one who discovered this sign. Are you aware of that? And if you don't believe me, the only person that would give me credit by the way is Wikipedia. Nobody else gives me credit for discovering this sign but you can go to Wikipedia. Just search [Great Sign](#). So here is the Great Sign as it appeared in the constellations.

And this configuration of the constellations, and the sun, and the moon and the stars, only occurs once in 7,000 years of human history. Jesus said His return would be announced by signs in the sun, moon and the stars, and this sign is called the Great Sign. So ultimately what this sign showed, was the return of Jesus and it occurred September 23rd 2017 as I say. Now it could be the 24<sup>th</sup> because it appeared in Israel on the 24<sup>th</sup>.

And this artwork is not very good because it shows Virgo, the constellation Virgo standing up, and of course Virgo stands for Mary. But if you look at the stars, if you look at the stick figure so to speak, the outline of the lines between the stars, you see that the stick figure; the hip joints, the legs are bent at the hip joints and they are bent at the knee joints. That's a typical posture for childbirth. And another problem with this; it shows the moon at her feet just as in prophecy, but the moon is actually a crescent moon.

I don't know why the artist showed this as a full moon. I guess maybe because it's more recognizable, but the crescent moon of course has a lot of symbolism. It symbolizes the snake in Genesis 3:15. It symbolizes Islam. It symbolizes Communism and Mary will crush all of those entities. Now we see that she is clothed with the sun, and as I say you can't go by the artwork. The artwork for example shows her hands at her side. I believe her hands should be above her head. Leo traditionally has

nine stars, prominent stars, but on this particular date, there are three wandering stars, in other words planets that move into position to join the other nine stars; as you can see Mercury, Mars and Venus which gives you the crown of 12 stars.

This really is a very remarkable alignment of sun, moon and stars and as I say, it only occurs once every 7,000 years, in other words in all of human history. And the last part of this Great Sign is the birthing of Jupiter. As you can see at the bottom of your screen, Jupiter is coming through her hips, in other words being born and Jupiter was located in Virgo's womb for about nine and a half months maybe a little more, in other words the traditional gestation period for a child. And the only reason it stayed that long in the womb area was because of retrograde motion.

So the question is, did Dana Coverstone have this dream to point us to the significance of this Great Sign, and which the Bible calls the Great Sign? And, as I say, come March, in other words a few weeks from now, there will be the anniversary date of this Great Sign in other words three and a half years from September 23<sup>rd</sup> or 24<sup>th</sup>. That weekend will be March 23<sup>rd</sup> and 24<sup>th</sup> or 42 months, the same date the 23<sup>rd</sup> or 24<sup>th</sup>. I think if you count 1260 days, it would be March 5<sup>th</sup> I believe.

And what's the significance of those time spans? That's the time span of the Great Tribulation. The 70<sup>th</sup> year of Daniel is divided into two parts. In other words will the Great Tribulation start next month? And there's nothing in the sign that indicates it, and I'm not giving a date.

Please don't accuse me of giving a date because the child being taken up to heaven refers to the rapture, and Jesus says over and over again, you cannot know the date of the rapture so I'm certainly not going to give a date for the rapture, and I don't think you can really give a date for the other events either. I'm just alerting you to that possibility.

I'm going to do a more thorough study of the Revelation sign hopefully next week, and how it relates to the prophecies of the rapture; the rapture of the Protestants and of the remnant Catholics fleeing into the desert.

That concludes my program. I hope you want to comment on this video and Dana Coverstone's dream because it really is an amazing dream that he received. I believe he gets true prophecy. I don't think there's any doubt about it. I don't think he gets usually a complete prophecy, but I think that this appearance of the woman and the child completes the previous dream which is really unique in all of his dreams because he doesn't complete them. He leaves us holding our breath so to speak.
