

## Logo of the Antichrist?

Recently on Benjamin Netanyahu's Facebook page, they ran a contest for a logo commemorating the upcoming visit of President Barack Obama to Israel. And yesterday they determined the winner of that contest, and the one that got the most votes is very strangely attractive.

At first glance it appears to depict the merger of Israel with the United States. Now that is startling enough in itself. At second glance, it appears to show the merger of Barack Obama with the Antichrist, at least numerologically speaking. Don't forget, in Bible prophecy, Barack Obama's number is 4 or multiples thereof, and of course the number for the Antichrist is 666 which is a multiple of the number 6, so let's take a look at this very strange logo.

Now this logo of President Obama's visit to Israel, symbolizes the unbreakable alliance between the United States, which these four red stripes represent and Israel, which this segment from the Israeli flag represents. But does it also symbolize a union between Barack Obama, because 4 is his number in Bible prophecy, in Daniel chapter number 7 and Daniel chapter number 11, and the Antichrist? because the Star of David is a six-pointed star, and the number for the Antichrist is the number 6.

Now the merger of the United States with Israel should not really be surprising, because it is biblical. In Bible prophecy, all nations of the

world, will be ruled from Jerusalem by the Antichrist. And if you look at the possibility of Obama merging into the Antichrist, many people on YouTube at least are already saying that this has happened. And if you remember Barack Obama's famous dream which he described in his autobiography, 'Dreams from My Father', the leopard which symbolizes Obama, morphed into that huge evil figure, and the evil figure also symbolized Obama. Does that evil figure represent the Antichrist?

And don't forget in Daniel, the two dreams that Nebuchadnezzar had, prefigure the dream that Obama had. So don't forget, Barack Obama is very, very important in Bible prophecy. And does this logo indicate that he is going to morph into the Antichrist?
