

## Invasion by China and Russia in Gangnam Style

On this program I want to take another look at 'Gangnam Style' which I believe is an amazing prophecy from Almighty God through the Prophet Enoch and I believe it is now time for us to identify who the Antichrist is. This music video, Gangnam Style, and also the music video 'Call Me Maybe', are announcing the reign of the Antichrist and the Bible gives us many clues as to who the Antichrist will be and I'm sure the reason the Bible gives us all these clues is so we can identify the Antichrist.

Now, some of you might ask, why doesn't God just write a giant email in the sky and say 'Obama is the Antichrist' or 'Prince William is the Antichrist' or 'Maitreya is the Antichrist?' But that is not how prophecy works. The Bible says: **'God does nothing but he reveals it first through his prophets'**, and remember, the Antichrist will be appointed by God Himself. Nor is it just my job to identify the Antichrist, it is your job as well. Remember, the Bible says that **'in the End Times, the Holy Spirit will be poured out upon all flesh'**. And so far you, in my audience, my subscribers, have been giving me a great deal of help and I ask your help on this program again because we are going to talk about the Russian-Chinese invasion of the West and does Enoch give a date for this event?

Before that, however, I want to give a few more examples from Gangnam Style and how we see that Psy is portraying the role of the Antichrist. And I want to look at how the Antichrist will change time, laws, and seasons as spoken of in the Bible and how he can understand dark sentences, but first, I want to review what we found out in the last video in this series: that Pope Benedict will be martyred and here is where you, my subscribers, come in.

We've already seen where the 'man in yellow' represents Pope Benedict. The colors yellow and white represent the Papacy. When he arrives on the scene, he challenges Psy, which of course, Pope Benedict should be doing: he should be challenging the Antichrist. When he arrives, the women run away from him and that is an indication of priestly celibacy. He loses the dance-off with Psy, which is a verification of Revelation 11, verse 2 where the **'holy city is trodden underfoot by the Gentiles'**. On the license plate are the numbers 555 which indicates Mary's Rosary, another indication of the Catholic Church, but there were also some numbers on the license plate which I

believe may indicate a date for Pope Benedict's martyrdom and many of you gave some very interesting suggestions.

Let's take a closer look at that license plate.

The three 5's on the license plate, of course, indicate Mary's Rosary and you, my subscribers, have helped me to understand the 3, the 8 and the 9. Even this symbol here appears something like the Greek letter Omega which means 'the end'. So what do the numbers 3, 8, and 9 signify? One of my subscribers says you should add the first two numbers, in other words 3 plus 8 equals 11, and that gives you 11/9 and of course in other countries 11/9 is the same as 9/11 in the United States. So would that indicate a possible date for Pope Benedict's martyrdom of September 11th which of course we know is a very evil date? Or perhaps on November 9th?

Another subscriber suggested that we multiply the three numbers: 3 times 8 times 9 equals 216, and of course, if you multiply 6 times 6 times 6, you also come up with 216. So, in this case, is the license plate a verification that Gangnam Style is indeed about the Antichrist? And several of my subscribers suggested that 3, 89 means that in three years, Pope Benedict will be 89 years old and that is also an

excellent interpretation because that would verify that the man in yellow is indeed Pope Benedict the XVI.

And several other subscribers pointed out to me that the make of automobile which the man in yellow drives off in is a Mercedes and that is the same kind as the Popemobile and the Mercedes brand of car is made in Germany; again, another verification because Pope Benedict comes from Germany. So, once again, I want to thank you, my subscribers, for contributing to the understanding of this Gangnam Style video and it's very possible all of you are correct. Don't forget, in the book of Revelation, the beast has seven heads which John explains symbolizes two different entities; they symbolize seven kings AND seven mountains.

And now, let's look at where we find three more characteristics of the Antichrist. That he will change time, laws and seasons, can be found in this very strange scene of Psy in a sauna.

A change in time could well be indicated by this hourglass on the lower right. A change in law could well be indicated by Psy being dressed as a woman and thus indicating here a gay couple and the laws that the Antichrist will change pertain to marriage laws in which the Antichrist would allow marriage between men and men and women and women.

And of course, as far as a change in season goes, the entire sauna represents a change from a cold climate to the warm, moist climate inside the sauna.

Another YouTuber has suggested that the tattoos on the other man in this sauna scene symbolize the 'dark sentences' which the Bible says the Antichrist will understand. So, do the strange markings on the back of this man and also on his front, do they represent the 'dark sentences' which the Antichrist will understand as described by the Prophet Daniel?

Now, that brings us to one more interesting attribute of the Antichrist: the Prophet Isaiah calls him the 'Assyrian'. Of course Psy is not Assyrian, he is Korean but it's very interesting that almost every time he enters a scene in this video, Gangnam Style, he enters from the right side, which on any map would be from the East. Here we see just one of many scenes in which Psy, as the Antichrist, moves from the right, that is from the East, to the left, in other words, towards the West.

Does this indicate that the Antichrist will come from the East in order to rule the West?

And that brings us finally to the topic of this program which is the invasion of the West by Russia and China who represent the 'kings of the east' as found in Revelation 16:12. And yes, Russia is considered one of the kings of the east because most of Russia is situated to the east of Jerusalem. And in this video, Gangnam Style, Psy very often moves from the right to the left of your screen, in other words, from the east to the west. And now we are going to look at three scenes which indicate that this invasion of the West by Russia and China will be by land, by sea and by air.

Here Psy, once again, moves from the right of your screen to the left, in other words, from East to West and we notice a very prominent number in the scene, the number 78. Does this indicate the date for the land invasion of the West by Russia and China?

Here we see what I believe indicates an invasion of the West by sea and again, Psy moves from the right of your screen, that is from the East, to the left of your screen which is to the West and once again we see another prominent number, in this case the number 57.

The invasion of the West by air is very interesting because in this scene, the plane actually flies from West to East, however, don't forget, this scene is reflected in Psy's sunglasses so, once again, the plane is actually flying from East to West and it does indeed indicate an invasion by the kings of the east. And if you look very closely you will see a number on the airplane's wing and if you use a mirror, you might be able to make out what this number is. The prominent number in this scene is not quite so apparent as the other two because the number appears on the wing of the airplane and, in fact, on the original Gangnam Style video, it's been covered up by an advertising banner, however, one of my YouTube subscribers has photoshopped this for me and he says that when you reverse the number on the airplane it turns out to be 1084.

So now, maybe you can help me analyze what these numbers mean. Remember, the number for the land invasion is 78, the number for the sea invasion is 57, and the number for the air invasion is 1084. There were also secondary numbers in these scenes and these numbers may not necessarily refer to dates for the invasions; maybe they represent the number of airplanes or ships involved or maybe the number of ground divisions. But I am confident these three scenes indicate the land, sea and air invasion of the West by the kings of the East and that would be primarily Russia and China.

And so, in conclusion, I believe the amazing prophecies from the Prophet Enoch in this music video Gangnam Style are alerting us to the fact that the reign of the Antichrist is upon us and we now should be looking at Scripture and at these recent revelations to determine just who the Antichrist is and we need to find out as soon as possible.
