

## **End Times Begin - Chile Mine Rescue 13<sup>th</sup> Oct 2010**

On this program, I want to show you how the Chilean mine disaster and rescue was a prophecy of the End Times. In fact God used that to verify, that the Tribulation has begun, and it began on October 13<sup>th</sup>, just as I predicted that it would. Now some of you may say, well I don't see much difference, now that we have started the Tribulation, and before the Tribulation began. The reason is Jesus is shortening the days. In other words, all the disasters which were scheduled to begin on October 13<sup>th</sup>, in other words World War 3, economic disaster, famine, martial law, and so on; those have been put off, because Jesus is shortening the days, as He promised.

Now how do we know, that the Chilean mine disaster and rescue was a prophecy, particularly of the Tribulation? One of the sure ways that we can tell a prophecy is from God, is because He uses numerology very often, to communicate to mankind, and very many people have noticed that the number 33 was very prominent in the Chilean mine disaster and rescue. For example, there were 33 miners that were trapped in the mine. It took 33 days for them to drill down to the miners. There were 33 letters, believe it or not, in the first message which the miners sent to the surface, and, extremely important is the date of this rescue. It was October 13<sup>th</sup>, 2010, and when you add 10, 13 and 10 together, you get another 33 number. This is not accidental. All these numbers indicate, that this was a prophecy from Almighty God about the End Times, and that He was using this event to prove that the Tribulation began on October the 13<sup>th</sup>.

I should note here, that 33 is a new End Times number. It is not found in the Bible, in prophecies of the End Times. Now we know that 4, 7, 12 and 28 are End Time numbers. That's because 4, for example is the last week in a month, the seventh day in a week is the last day, the twelfth month in a year is the last month in the year; and in this case, 33 was the last year that Jesus lived on earth. Therefore 33 is definitely an End Times number. It is the last number in a very important numerical sequence. However as I said, this is a new End Times number.

Now some websites are saying that this was a Masonically staged event, because 33 is the highest level of Masonry, the 33rd degree, and there were some very questionable aspects. For example, the government named the rescue module, the Phoenix, in other words after a pagan symbol. And, when the miners came up from the mine,

they were required to wear T-shirts which had a pentagram on the front, but, there are other indicating factors that prove that this was actually from God Himself, and not Masonic.

I doubt very much, if either the Masons or the government determined that there would be 33 miners trapped, because this was a very embarrassing event for the government. Besides, there is another very important End Times number involved here, and that is the number 7, as I mentioned before. That is a biblical End Times number.

Remember the miners were trapped for 70 days. Those 70 days symbolize the seven years of Tribulation. God gave us a prophecy about the Tribulation at the very beginning of the real Tribulation. Let's look at some of the ways that the 70 days the miners were trapped, indicate the seven years of Tribulation. For example we know the Tribulation will be divided into two parts. Jesus called the second half of Tribulation, the Great Tribulation. Well the 70 days that the miners were in the mine, also was cut into two different halves. The second half was the 33 days in which they were drilling to reach the men, and the first half or 36 days was in preparation for the drilling.

Now notice that the total was 69 days. In other words, Jesus shortened the days, just as He will shorten the seven years of Tribulation, and in fact He has already begun shortening the seven years of Tribulation. Also, when Jesus describes the Tribulation, He says, we, as Christians will have to flee, and notice that these miners were away from their home. They were hidden in the catacombs, so to speak, just as we Christians will be. We will also have to suffer in the catacombs. We will not have the amenities of hot showers or soft mattresses. The miners were indicating what life will be like, for us Christians who will be persecuted during the seven years of Tribulation.

Notice also, that the 70 day trial for these miners began with an explosion. That indicates that the seven years of Tribulation will also be sudden, unexpected and violent, but there was also an upside. All 33 miners were saved. That means that we Christians will also be saved in the end. The miners return to the surface was glorious and triumphant; the same with Christians. We will be stronger and better at the end of the seven years of Tribulation. It's interesting to note that the miners eventually did receive food from the surface. It came down a tube, very similar to how Christians will be miraculously fed in the End Times, very similar to manna from heaven.

So what is the meaning of all this? The fact is, God has verified that the Tribulation has begun. He verified it, by having the miners rescued on October 13<sup>th</sup>. That was the beginning of the seven years of Tribulation. World War 3 should have begun on that date. It was scheduled to begin then. As I said in a previous video, God thwarted that plan of Satan, but that does not mean that Jesus will shorten the days forever. Remember, 69 days the miners were in the mine, and Jesus shortened the days by only one. Therefore we can expect World War 3 and the great trials to begin at any time.

So in conclusion, we need to understand, although Jesus said He would shorten the days, He did not say He would eliminate them. In other words, World War 3 can break out at any time. That is the meaning of this prophecy from Almighty God about the Tribulation. The miners were trapped for 70 days, to indicate what the seven years of Tribulation will be like. They were rescued on October 13<sup>th</sup>, to show that, that was the date for the beginning of the Tribulation.

We are coming up against two very evil dates, October 31<sup>st</sup>, which is Halloween. That is a high, holy day for Satan, and November 11, which includes two elevens; 11, 11. Eleven is a homosexual number, and of course, the World Trade Center was bombed on September the 11<sup>th</sup>. Could either of those days be the start of World War 3, or, could it be some day between now and then? Remember, Jesus gave us a new End Times number, with the number 33. Will He also give us a new evil number which we will never forget?
