

## Donald Trump's Hand Signs Prove He is Q Anon

On this program I want to talk about how President Donald Trump is proving that he is Q Anon through his hand signs and we shouldn't be surprised because Isaiah in his chapter 45, verse number 1, writes: **'Thus says the Lord to my anointed Cyrus/Trump, whose right hand I have taken hold of.'** And if you've watched any of Donald Trump's speeches he very often gives the okay sign, which stands for 666, followed by the 555 hand sign, which symbolizes Mary's Rosary. And by the way, did you notice that Donald and Melania Trump went to Midnight Mass a couple of days ago at the Episcopal Church where he and Melania got married?

And I was surprised: I watched some of the service and it is very Catholic. As I say, he is going to become a Catholic! I noticed that the Episcopal priest blessed the congregation at the end of the Mass just as if he were a Catholic priest and I noticed that a lot of the people, when they received Holy Communion, they blessed themselves. I was really surprised, anyway, I was also very pleased. And I know it's been reported when he and Melania got married she carried a Rosary with her at that same church. So don't be surprised if Donald Trump announces that he is converting to Catholicism this next year.

But now I want to talk about the hand signs which he has given to indicate that he is indeed Q Anon. And personally, I think he could come right out and say it. He doesn't want to because Q Anon is giving prophecy and prophecy is always 'doom and gloom'. It's always a warning to people of what could happen and when he takes down the 'Deep State' there could be bloodshed and that is what he is warning us about. In any event, I want you to look at this clip from his Pensacola speech where he very obviously gives a 'Q' sign; watch very carefully: **'So they will do anything at any time and they'll never stop but you know what; we're stopping them! You're seeing that right now, you're seeing that right now, we're stopping them.'** Okay let me run that in slow motion so you can maybe figure out exactly how he is giving his 'Q' hand sign.

Now, quite a few people have already referred to this Pensacola speech where Donald Trump gave the 'Q' sign thus indicating that he is, in fact, Q Anon, But I haven't yet seen anyone refer to the talk that he gave to the generals; he gave a dinner for them and this was back on October the 5th or 6th, and he mentioned at that time: **'the calm before the storm'** which is what he calls his program on the internet: his Q Anon program. And at that time he gave the 'Q' sign also. So take a look at this clip and see if you don't think that he is either giving a 'Q' sign for Q Anon or maybe a 'C' sign for the 'calm before the storm'.

**'Do you guys know what this represents? Maybe it's the calm before the storm.'** So now that you know what to look for, let me play this whole clip and you will see at the end of it he again gives the 666 sign; let me get that right here, the 666 sign followed by the 555 sign; three 5s. **'Do you guys know what this is? Maybe it's the calm before the storm. Could be the calm before the storm. We have the world's great military people here in this room.'**

So, I think it's pretty clear that Donald Trump is letting us know that he is, in fact, Q Anon. He doesn't want to use his office to warn people of what may be coming up but he is letting us, the insiders, the Patriots, know that it may not be pretty when he takes down the 'Deep State': it may be rather frightening, in fact, and he wants to let us know what's going to happen.
