

## Secret 666 Message in Post Office Flyer

As you can see, I am already getting in the Christmas spirit. Every year here in Forestport, we have a Electric Light Christmas Parade, so as you can see, I am all ready. However, I am going to hang that hat up because I want to talk about something a little more serious and that is just about every year at this time of season, the United States Post Office likes to mess with our minds just a little bit. I think somewhere in those hallowed halls the Antichrist is lurking.

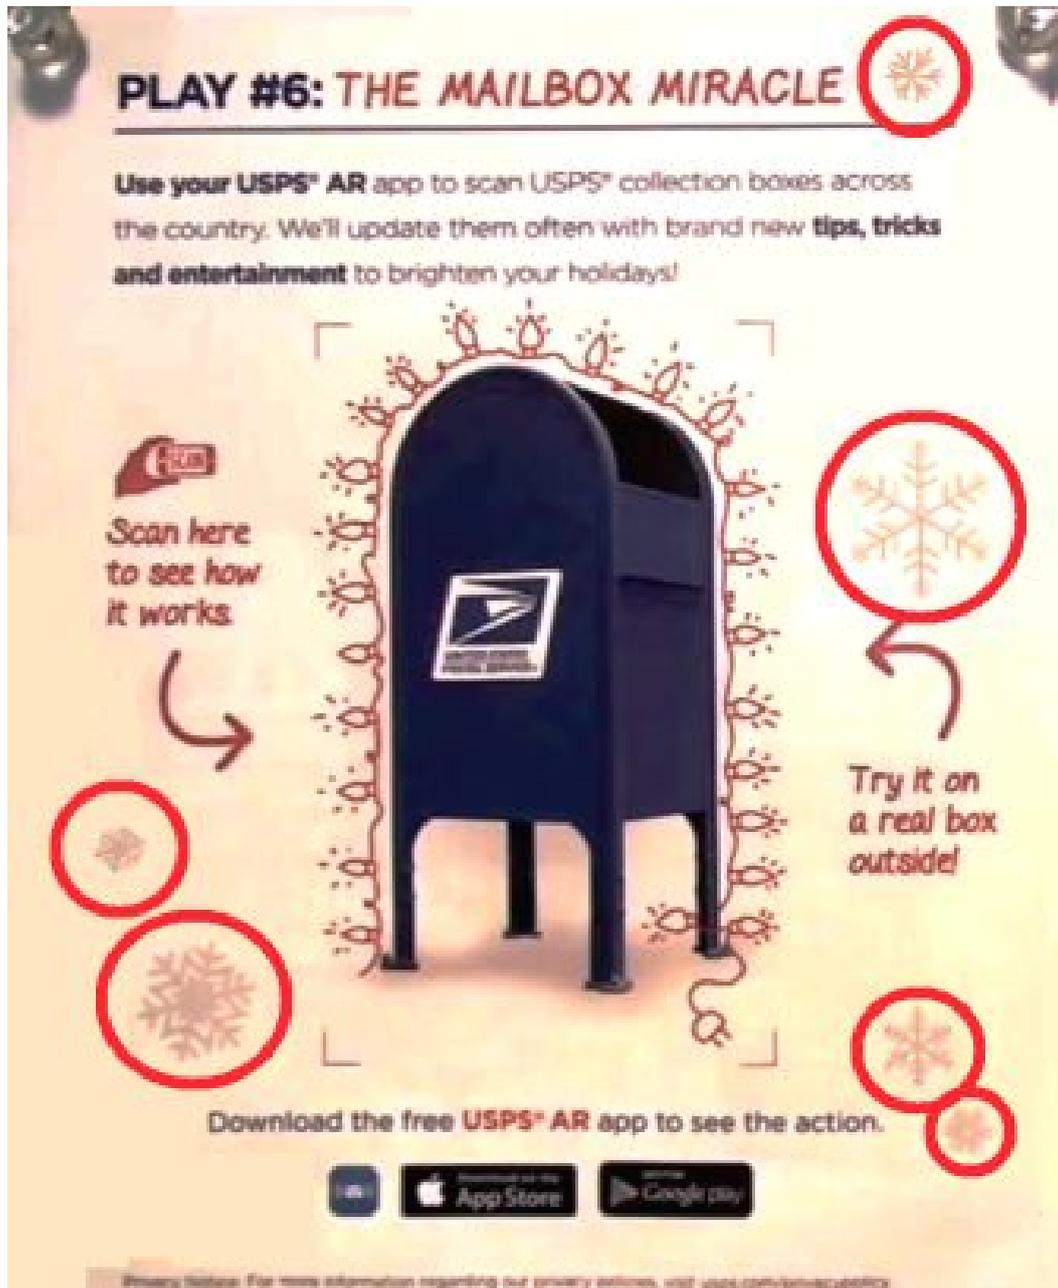

In any case, this is the flyer they sent out this year. It's called, 'Your 2014 Holiday Playbook' and I thought we could look at what they are offering and they have six different plays in here.

Play number 1.) 'The Holiday Hand-off'. Play number 2.) 'The Stick and Send'. Play number 3.) 'The Picker-Upper'. Play number 4.) 'The Informer'. Play number 5.) 'The Game Saver'. Play Number 6.)...uh oh, 6 is the number of the Antichrist. Maybe we should take a closer look at that one: 'The Mailbox Miracle.'

Well, that's interesting. You hardly ever find a religious term in a United States Post Office mail flyer for the Christmas season, 'The Mailbox Miracle'. And number 7.) is 'The Crunch Time Calendar'. Let's take a closer look at this 'Mailbox Miracle,' Play number 6. Number 6 is the number for the Antichrist. If you'll notice, there are 6 snowflakes and each snowflake has 6 points, and the number 23 is also found on this particular play. Let's take a closer look. On the play number 6 page, the 'Mailbox Miracle', we see 6 snowflakes: 1, 2, 3, 4, 5, 6, and of

course, each snowflake has six points: 1, 2, 3, 4, 5, 6. That gives us 666.

Let's take a closer look at these 24 lights around the mailbox. Of these 24 lights, please notice that only one is not lit. That gives us 23 lighted lights. This is not accidental. And of course, you, my subscribers, are well aware that the number 23 is another number for the Antichrist, that's because 2 comes before 3, in other words, man comes before God, and the fraction  $2/3$  yields the decimal .666 and that is the whole essence of the Antichrist and his system. So, I guess the 'Holiday Playbook' is just a little questionable once again, this year.
