

Mary's School of Prophecy **Hidden Prophecy in Ellen DeGeneres' 665 Card Trick**

Welcome once again everyone to Mary's School of Prophecy.

A very interesting event occurred recently, and I had been watching various QAnon programs like "And we know" and X22, and several of them, I don't know if those two mentioned it that Ellen DeGeneres had done a card trick, and they mentioned the numbers that she pulled. There were sixes and fives and so on, and so I said I better look into that. Of course those are biblical numbers and I typed in Ellen DeGeneres card trick in here on YouTube, and sure enough several videos did come up and showed it quite well, and you can see them for yourself.

I did not watch her entire program. I don't know if it's even available. I guess what she is doing is like many programs that they're cancelled because of the Coronavirus, and therefore her programs, I guess you could call her program, she's broadcasting I guess live from her house. I guess it's on Twitter. I don't know. All I know is that I watched the programs. There was one person who looks Chinese. He says he's Chinese, but he's not from this country. I'm not sure where he lives, not in China, and he did a good program.

I'll tell you what the card trick is like. She has a deck of cards in her hand and she opens them up facing the camera so she can't see them, and she says I'm going to pick out the four of hearts, and she picks out a number and it's not the four of hearts, it's the six of hearts. So she looks at it and she says, "I'm pretty close". Well she does this. She calls the four of hearts three times. Now remember that number 4 4 4. She never does draw the four of hearts. It is comical. I suspect that she has been playing around with magic, probably satanic magic, and I have looked up some of the other programs, and she evidently has a lot of magicians on her show.

And if you listen to the Most Holy Family Rosary Monastery, the Dimond Brothers here on YouTube; if you go to their channel, they have a video in which they claim that a lot of magic today is not sleight of hand. They are not magician's tricks. They are satanic. The power to do those things, that's not explained. You cannot explain it naturally, and I suspect that Ellen had been convinced; probably Satan had convinced her that she could call the card and she could draw the card out. I suspect she had been practicing that trick and every time she did it, she did get the four of hearts, but what I think happened this time is that Almighty God was telling her and us, that He is more powerful than Satan who she expected would help her.

So I will show you what she drew. I will show you pictures of it. So the first card she draws, she calls a four of hearts, and she does that every time. And here is the

first card she draws. She draws a six of hearts and she says that's pretty close. So then she calls the four of hearts again and here's what she gets this time the six of diamonds. So we're setting up a pattern here, in Bible prophecy 4 4 4, 6 6 and of course the next one would be a

six also; except it's not a six but, as far as End Times prophecy goes and I think this is End Times prophecy, as I say I think it comes from God, and I've mentioned before on this program, God can give prophecy through people living in mortal sin even. So you can extrapolate that if she has drawn two sixes, you can extrapolate three sixes, 4 4 4, 6 6 6.

So the next number that she draws is a five. She calls the four of hearts again and she gets the five of clubs. So at this time she's totally flustered. Well actually, as far as prophecy goes, you can also call 5 5 5, because the 4 4 4 pattern has been set up. She called the four of hearts three times, then she gave two sixes. You can extend that to three sixes, and you can even extend the fives to three fives, and of course that is very significant Bible prophecy, because that's found in Daniel. The whole chapter of Daniel 11 features the first 12 verses in a 4 4 4 sequence, the next 18 verses in a 6 6 6 sequence and the last 15 verses in a 5 5 5 sequence. That simply tells us that 4 4 4 that represents the United States in Bible prophecy is defeated by 6 6 6. That's of course the Antichrist who in turn is defeated by the Blessed Virgin Mary.

Well Ellen was not to be put off by her defeat. She had counted on Satan continuing with his powers for her and it didn't work out. So she called up a friend, I guess, and I have not watched the whole show as I said but I gathered this from the programs on YouTube; a magician friend of hers called David Blaine. And he says, "Oh it's easy to do. If it doesn't work out for you Ellen, all you do is you shake the card." And he shakes the card, and I think he has a Jack of Clubs or something. He shakes the card and it turns into the four of hearts, and then he says, "Or you can do it this way", and he takes an ace of spades I think and he flicks it with his finger. He hits like that it and it changes into the four of hearts.

Now I slowed it right down. You cannot see it change. I don't think he's using sleight of hand. I think Satan is changing that card for him. Try it yourself. I've put the speed down to the lowest speed on my computer and I did it ultra-slowly and I don't see where he changes the card. The face of the card changes. So let me show you what he did, and it's funny.

So here's David Blaine. He's got the jack of clubs, and he shakes it, and that's what he's doing right here, he's shaking it. And here's what he gets when he shakes it. It automatically changes into the four of hearts. So he's trying to tell Ellen it's very simple for her to do. So then he does the same with the ace of spades,

except this time he flicks it with his finger. I think he's got his left hand, he's raising his index finger and he's going to flick it and sure enough it changes into the four of hearts. She had evidently called him up. So she says she's going to try it too.

So now, let's see, we've seen three fours, two sixes and only one five. So now we're going to see the other two fives. So Ellen tries it. She first tried shaking the card and you can see how disappointed she is if you watch the thing, and so here

she is shaking the card, and notice the five of spades. So here's the second five in this sequence and she's shaking it trying to turn it into the four of hearts, just like the magician did, David Blaine, and she can't do it. So she looks hurt and she's very discouraged but she's not giving up and she tries it again and she's going to flick it with her fingers. You see she's flicking it with her finger here trying to change it into the

four of hearts and of course it doesn't work. So she is totally discouraged. She says it didn't work David. It didn't work, but Almighty God overpowered her satanic powers and we had the message, the two fives added to the previous five gives us three fives; three fours, now there are only two sixes. That's also the Antichrist number followed by three fives. So Almighty God over powered her dependence on satanic powers and I want to show you one more image when I say satanic powers.

This is a similar example and these are professional. They're called Chinese face mask changers. Have you ever seen any of these people? And this is the example that's in that video by the Dimond Brothers, and they change up to like 20 or 30 mask changes in a matter of a minute, but they always have horns. See how they're wearing horns?

And I believe that their power comes from Satan, but it's very interesting if you want to watch that. If you just type in Chinese face mask changers here on YouTube and you'll see quite a few videos of them coming up. And you can see it would be physically impossible for them to do. They just do like this. They shake their head and the whole

face changes and there's no changing of a mask at all. You can slow the video right down. It doesn't matter. The change is instantaneous just like David Blaine changing the numbers of his card.

Now, what is the significance of our Lord verifying Daniel 11? See here's the bad news. To me it's comical to see Ellen trying to depend on Satan to give her an answer to help her succeed in the trick because as I say Almighty God overrode that and gave us an End Times prophecy. Daniel 11 is about the king of the south provoking the king of the north into World War 3. I thought we had survived that

particular aspect of World War 3 because the king of the south was Barack Obama, and is Barack Obama. The king of the north is Vladimir Putin. Is that prophecy about to come true? Is Barack Obama, through backchannels, going to provoke Putin or perhaps tell him, now is the time to attack the United States because we are totally compromised in our defences? We are fighting a war already. Now would be a good time to attack. Is that the message that Almighty God is giving us? I think it's very likely.

I was just watching a video I think it was yesterday from those two in Pennsylvania, Dan and Barbara. They did a video and she got another message saying that Babylon is about to be burned with fire and of course we are Babylon, so I thought I would mention that to you and I think that's all I wanted to say on that.

I didn't mention James Randi. James Randi says that there's no such thing as supernatural magic. He says that he can duplicate anything and as a trick, but I disagree with him. If you watch that video by the Dimond Brothers, you'll see that a lot of the tricks that the magician's do today in fact come from Satan. They're not just a sleight of hand.

Okay that's all I wanted to say on that. I thought it was kind of interesting and I think you will see quite a bit more on this particular card trick because she was also wearing a shirt that said "Run Forrest Run". That refers to Tom Hanks because he was in Forrest Gump and she was giving him a secret message that he had to run, and there are other aspects of that video that have been discussed by the Q Anons.

Okay everybody if you want to comment on that, I welcome your comments and whatever else you would like to talk about, but at 6 o'clock I'm going to leave because I'm going to pray the Rosary with Keith Nester. As you know Mary's Rosary is the solution to this problem. 6 6 6 is defeated by 5 5 5 and believe it or not Ellen DeGeneres is verifying that prophecy. Okay so until I see you all again, may God bless all of you and may all of you have a very blessed day
