

## Help Me With New Project

On today's program, I'm going to share with you some good news and some bad news. And I am very excited about the good news because I have decided that I must build a website. And the reason I am doing this is because Jesus said, ***'let him who reads understand,'*** and He was talking about the prophecy of Daniel and the Abomination of Desolation.

Jesus said: ***'when you see the abomination of desolation as spoken of by Daniel the Prophet, let him who reads understand'***, and I have found that my YouTube videos only go so far. You cannot read what I am trying to explain to you and consequently, I have to build a website where you can download printed material so you can do exactly what Jesus said because the Abomination of Desolation is almost upon us and you must read about it to understand it.

I also want to add a feature on this website called 'Pope Watch.' This will be extremely important as far as the False Prophet goes. The Bible gives us many clues as to who he will be and the reason is we need to identify him. Is Pope Francis the False Prophet of the End Times or is he a good Pope, Petrus Romanus? It is critical for us to know this, and I want to give in-depth of studies of what the Pope is doing every day if possible, and this is not possible on YouTube.

Every video takes quite a while to produce whereas I can update to a website almost immediately and get the news out. The bad news is that I do not have the funds for a website. I am going to have to ask you for financial assistance. There are free websites but they have very few features, they allow very few pages, not enough bandwidth and so on and they require advertising. So far, I have offered everything on my YouTube site for free.

My book is free. I do not try to sell coffee mugs or t-shirts or CD's or DVD's and so on. So far, you have donated enough, without my even asking, to provide all these items for free, however, a website requires monthly payments and the size and the importance of this website will be determined by your donations. And to this end, I have added a PayPal account to my William Tapley channel and I have placed the link below so that you can click on the link, that will take you to my channel and the PayPal button will be on the lower right hand side of the top banner. The advantages of PayPal is that it is very secure and

also, if you live in a foreign country and would like to help out with this website project, PayPal accepts foreign currencies.

Now if you live in the United States and you would prefer to send donations to me directly, this is no problem. I will place my address on the screen and any donation you can send would be very much appreciated. So in conclusion, I guess the bad news isn't really that bad. If the Lord directs you to help me financially or if you have received free items from me in the past, now is the time to help. Thank you very much.
