

True Rapture or False Flag Rapture on 23rd Sept 2017?

On this program I want to make the sensational proposition that the Illuminati and the Elite, the deep state, the One-World Government under the control of Satan will stage a tremendous false flag Rapture on this date of the great sign just a few months from now.

And I've come to this conclusion because of this controversy I've had the last few weeks with Scottie Clarke and his buddies who are trying to claim that he discovered this Revelation 9/23 sign and that's a big lie; I posted my first video three months before Scott Clarke's.

Let me just review the very obvious fake posting on Rex Fritchey's website in which he lied about the date on which he posted it; he changed the date. And there's the exact quote that he used and this quote because this quote can only come from ten months after he claims. Rex Fritchey, claimed that on February 2011, this is what he supposedly wrote it, about Iran closing the Straits of Hormuz and he put this in quotation marks; I didn't realize this before: **'they would close the Strait of Hormuz cutting off oil exports if the West imposes sanctions on Iran's oil shipments'**. That is a quotation but that did not come from 2009 or 2010 as HamrickCE claims.

And now I want to show you where that quote IS derived from. Remember, these are translations from the Arabic so it's not exact. And this is Reuters, Tuesday, December the 27th, 2011, ten months AFTER Fritchey claims that quote was published. Here is the article: **'Iran threatens to stop Gulf oil if sanctions are widened,** (and this is Reuters), **Iran threatened on Tuesday, December 27, 2011, to stop the flow of oil through the Strait of Hormuz if foreign sanctions were imposed on its crude exports and here is the**

quote, almost identical to Fritchey's quote: 'if they impose sanctions on Iran's oil exports then even one drop of oil cannot flow from the Strait of Hormuz'. Now, here's a very similar posting, this was one day later on December the 28th, 2011, ten months after Mr. Fritchey's clairvoyant quotation: **'Iran threatens to block Strait of Hormuz oil route** (now this is from the BBC, the Dateline is December 28th, as I said, 2011) **vice president Mohamed Rizi Rahimi warned not a drop of oil will pass through the Strait of Hormuz if sanctions are widened'.** In fact, if you google Fritchey's actual quote from his web site, many similar stories will come up, ALL of them many months AFTER he claims he saw those stories.

So why are these people going to the tremendous effort of changing a website and changing the date? And why are these people, that is Scottie Clarke supporters, so adamant and so determined to make it appear that Clarke discovered this Revelation 12 sign which occurs on September the 23rd, and the only reason I can think of is to make it more credible that the Rapture will also occur on that date. And would the elite under Satan's direction want to stage a false flag rapture? You might think that's difficult; I mean if they can stage 9/11 and not have people involved tell about it, they could stage a false flag rapture very easily. And I believe there are four big reasons: number one, this would co-opt almighty God's plans. I think Almighty God is going to stage a tremendous event on this date; that's why this date is given in Scripture. That's not an accident; it is not the date of the Rapture. Jesus said over and over again **'no man knows the day or the hour'** (of the Rapture).

And that comes to the second reason that the elite will stage this false flag, it would prove that Jesus was wrong when he said 'no man knows the day or the hour' and that Scottie Clarke is right. Scottie Clarke is trying to say ahead of time that he knows the 'day or the hour' and that this is the date; that is totally wrong! Jesus said he would come like a thief in the night. He would come like a bridegroom for his bride. Both the wise and the foolish virgins are asleep when Jesus returns to rapture his bride and besides, it is not the man-child in Revelation 12:1 who is raptured because the man-child is going to a wedding feast. First the man-child has to be born. This Great Sign primarily has to do with a woman not the man-child. And thirdly, I believe their reason will be to, believe it or not, discredit Donald Trump. Now let me tell you how this will work: they would have no compulsion, for example, not to take down an entire airplane; they've done it before. And if they do

that, what will they say? Well the FAA will say 'we could not find the pilot's body' and everybody will say, 'oh sure, he was raptured'.

Or they will kidnap people. Let's say some teacher in school made a reputation of telling her students that environmentalism is the most important issue of the day and that Donald Trump is a scoundrel. They might kidnap her on this date, murder her, but post the false idea that she was raptured. Or, maybe they will say that some guy down the street, a made-up individual who supposedly went to church all the time, maybe was a practicing Catholic, a big supporter of Pope Bergoglio, the False Prophet, and he's missing on this same date; he was raptured and people will remember that he had a 'Dump Trump' sign on his lawn. Believe me, this could very well be one of the reasons that the elite under Satan's direction, will stage a false flag on this date.

And the fourth reason, the people who are supposedly left behind would be very discouraged; they would say 'since the rapture has already occurred, I won't be raptured' and they would be mistaken because the Rapture comes in the future. Now, the Rapture could come before this date, don't forget; the Rapture is imminent. And the people who get discouraged, they would no longer have any incentive to keep oil in their lamps or their wicks trimmed. Therefore Satan has at least four good reasons to stage a false flag event on this day. And I'm not the first to think of this, by the way. There are other videos on YouTube, and some of them are very interesting; for example one person suggested that they will show people going up to heaven through a hologram and that's very interesting.

Or they will use Project Blue Beam. And I don't mind giving other people credit for this idea, unlike Scott Clarke who doesn't like to give me credit for being first and if I'm first I do insist on receiving that particular accolade because I WAS first. But other people who are first, who suggested that the Illuminati, the elite, will stage a false flag on this date, I give them credit and I got some of my ideas from them. So, that is my word for today and Mr. Hamrick, who likes to launch personal attacks against me, instead of bad mouthing me, see if you can find the date of the quotation that Mr. Fritchey has on his website. See if you can google that quotation and see if you can find even one article from February, 2011, as he claims. They ALL appeared much later .

Scottie Clarke and his supporters are lying or you may just be useful idiots; maybe you don't work for the Illuminati, maybe you don't work for Satan; I don't want to accuse you of that but you are playing into his hands you are useful idiots. Satan has a very nefarious plan for this date; he's going to try to co-opt what Almighty God is going to do on that day. And I don't say I know what Almighty God is going to do but I do think that Satan may have a clue and he knows that God is going to do something spectacular and he is going to try to do something equally spectacular and the news media will support Satan's contentions. I mean today, we have two Popes. How many people believe that Pope Benedict is still the true Pope; how many Catholics, for example? They all think Pope Francis is the real pope, I should say Pope Bergoglio. In any case that's my message for today.
