

## **2010: Year Of Warning, Year Of War!**

Today is the start of a new year, and I want to talk about what the year 2010 will bring because I believe the year 2010 will be the year of the great warning, and the year of the great war.

First let's look at some of the previous warnings which God has sent to America and to the world, that he is about to punish us with war and famine. I have favorited on my channel for example the warning of George Washington, who was visited by the Blessed Mother and given a warning about the end times in America. I have favorited some videos about the sycamore tree prophecies which are amazing and given to us by Rabbi Cohn, and I also have favorited the Triple Crown prophecies from last year. Those were amazing prophecies about the Preakness, Belmont and Kentucky Derbys.

There is one more prophecy from God I want to mention on this program, because I have not done a video on it, and that is the Miss USA prophecy. Several years ago during the Miss Universe pageant, Miss USA fell flat on her butt. This was a warning from God that America will fall before the other nations. Now I'm not the first to notice this, and I forgot to favor it the video. Maybe someone in the YouTube audience can remind me where I can find that video, because it really is an amazing prophecy. How do we know this is a prophecy? because in the following year, the exact same thing happened. Miss USA fell again on her butt, in almost the exact same position. Clearly this was a warning from God that the USA is going to fall before the other nations.

Now let's look at some of the warnings from just this past year. There was the Buffalo plane crash where 44 passengers and 4 crew members were killed. This was a warning to President Obama because his number is 444 in Bible prophecy. He is the 44th president elected on the 4th of November. He is the leopard, as found in Daniel chapter number 7, and the last king of the south as found in chapter number 11. It's interesting for example, that at the Halloween party at the White House this year, Michelle Obama dressed up as a leopard. This was also not accidental.

The fall of Tiger Woods this past year; this was a warning to Obama in America. He is a stand-in for Obama, as I have explained in one of my other videos. Now not all the warnings from God this past year concerned America and Obama. There were many warnings to the world as well. For example the Moscow cloud, which appeared on

Putin's birthday. This was a warning to the premier of Russia not to start World War 3, and just this past month in December, we had the amazing Norway spiral, and the attack on the Pope. These were warnings from God that the Fatima prophecies are about to be fulfilled.

The Norway spiral occurred just before Obama gave his speech at the Nobel war prize, where he used the word 'war' 44 times. Again that was not accidental. The Blessed Mother warned at Fatima that God would punish the world with war and famine, but before He did so, the night would be illuminated by a strange light. That was the Norway spiral, and the attack on the Pope warns that the third secret of Fatima is also about to be fulfilled, and that is, the assassination of the Pope, and the destruction of the Catholic Church.

So now we are up to this year, 2010. Now the question is, will God continue warning America and the world? I believe we are just about out of warnings. I believe we will get only one more great warning from our Lord and I believe this refers to the prophecies at Garabandal and Garabandal describes one last warning from God in which all the people of the world will know how they relate to God, and what they're standing is. In other words, it will be called an illumination of conscience. Following this warning, there will be a miracle at Garabandal, and if people do not repent, then the great chastisement will begin, which I believe will be in the form of World War 3.

Now when does World War 3 start? Well we know that Armageddon will be October, November of 2017, and if we have seven full years of Tribulation, World War 3 would begin in October, November of this year. So why would October or November be important? I believe the reason is because Obama will realize that the Democrats will lose the midterm elections. I believe they will realize the only way that they can either prevent their loss of Congress or to negate the elections will be to provoke Russia into World War 3.

Remember at the Nobel war prize speech, Obama said he believed America was the last great superpower. He is sadly mistaken. Because of this however he believes that he can win World War 3. According to Bible prophecy he will lose World War 3. Now before all these things happen, we could very well have the rapture. Now please don't listen to the false prophets who are giving you a date for the rapture. This is totally unscriptural. If someone tells you that the rapture will occur in May are you going to get ready now? That's the whole point. Jesus says you do not know the day or the hour of the rapture.

Read Matthew 4 verse 37; Matthew 25 verse 13. All those 28 verses have to do with the rapture. Notice by the way, 28 verses. 28 is an end times number. In all those 28 verses, Jesus repeats over and over, you cannot know the timing of the rapture. Now why does he do this? because if you think you know the date for the rapture, you will slack off. You will not need to be ready at all times. You can say, well I have a week or a month to go. I can eat drink and be merry This is why the false prophets are giving you a date for the rapture. This is why they are telling you that 2012 is the date for the war. You don't have to worry until then as far as they are concerned. That is Satan lulling you asleep.

The rapture could occur tomorrow. It could occur today. Remember, once the rapture occurs, there will be no second chance. The door will be barred. You cannot be raptured and you must face the seven years of tribulation. The rapture will occur like a thief in the night. Do you bar your doors every night? Of course you do, because you don't know when the thief will break in. The same with the rapture. You must have oil in your lamp at all times.

Jesus gave us those analogies for a reason. Don't listen to the false prophets who give you dates for the rapture. So now you might ask. why do I give you a date for Armageddon? Very simple, because Armageddon comes at the end of the Great Tribulation, during the Tribulation the world will be divided between just two groups, the hunters and the hunted. The hunters will take the mark of the beast. The hunted will refuse.

Those who refuse to take the mark of the beast must have some consolation. They must know that the Great Tribulation that is afflicting them will come to an end. They must be assured that Jesus will return in October, November of 2017. They must know that at that time He will utterly destroy the One World communist tyranny. They need to know this information so that they and themselves will not take up arms against the New World Order. Jesus himself will wreak the vengeance.

So in conclusion, you must be ready at all times. Do not wait for the rapture until May. Do not wait for World War 3 until 2012. This is the year for the warning. This is the year for the war. You must be prepared now.
