

## New Vatican Logo: Chrislam or Gay Porn?

Well, the Vatican has visited upon us another horrible, obscene logo and this is the newest logo from the Vatican and I believe they released this yesterday in a public news conference.

And it would seem innocent enough but it is actually an expression of the Gay Mafia which now runs the Vatican. So, let me read this press release, this was from, I believe this was two days ago, there's the logo at the top as you can see and I will read this for you: ***'The official logo of the Pope's visit (he's going to visit Morocco in March) was chosen from about 50 entries in a competition.'*** I'd hate to see what the others look like. ***'An explanatory note accompanying the logo's release says that a cross and a crescent in the logo are symbols of Christianity and Islam which highlight the inter-religious relations between Christians and Muslims.'*** That's not what this is! They are pulling the wool over your eyes. This is an expression of the Gay Mafia which now controls the Vatican.

***'The logo has the colors of two countries: green and red for Morocco, yellow and white, that's the background for the Vatican.'*** That's more disinformation; the two colors in that logo are to distinguish the two parts of the cross so that it doesn't look like a cross: those are two horns that's what the two colors are meant to distinguish. ***'Under Pope Francis' name is the motto of the visit: Servant of Hope, because the Pope is known as the servant of the servants of God. Morocco is written in Arabic to honor the country that is hosting the Pope. Pope Francis said that his visit to the two predominantly Muslim countries represent two***

***important opportunities to advance inter-religious dialogue and mutual understanding between the followers of both religions, in this year that marks the 800th anniversary of the historic meeting between Saint Francis of Assisi and Sultan al-Malik al-Kamil.'***

So let's take a close up look of that new Vatican logo which is supposed to be for the Pope's visit and I think you'll see that that cross does not look like a cross; those are two horns. In fact, the crescent doesn't really much look like a crescent; it looks more like a circle. Now, I'm going to show you what a typical Chrislam (and that's what this is: a Chrislam logo) let's look and see what a typical Chrislam logo looks like.

And you can see here that this is a combination of Islam and Christianity, but it's much more obvious that they have used a cross and a crescent. However, when you put the two together they look like a hammer and a sickle: it's a symbol of communism. And I have often said on this program that the new world religion and the one-world government will be a communist tyranny.

So, this Chrislam logo is actually closer to the goals of the one-world government and religion. The new Vatican logo is very much more derived from this satanic logo from the canonization of the two popes.

This was several years ago; I think you remember this; I did quite a few videos on this. Now, I'm going to show you a close-up and turn it upside down so you'll see better what the meaning of this satanic logo is.

Notice the two horns on the bottom; those are perversions of the Father and the Son, and I've explained this before. The circle is a perversion of the Holy Spirit. In other words, this is a perversion of the Divine Trinity and therefore it is an expression of the unholy trinity of the End Times: the Antichrist, the False Prophet, and Satan.

So now, let's look back at this new logo coming out of the Vatican and you can see that what they've done is they've moved the two horns at the bottom of the satanic logo into the center; that's all, very simple.

That is not a cross, that is not a crescent. But what is the real meaning of that logo?

I'm going to show you now four logos from a proposed gay porn website. I am going to show you them very quickly. I don't want to get my video flagged. I don't want someone to put an age restriction on this video. Therefore, I'm going to show them very quickly. I am NOT going to read the inscription on them. These four gay porn logos were

the inspiration for the Vatican logo. Here we go very quickly; if you want to see what these logos are, stop the video: the four gay porn logos;

Did you get the idea? The Vatican logo is a pornographic gay logo. That's where they got the inspiration from!

That's not a cross, that's not a crescent. This is just more garbage coming out of the Vatican and they try to pull the wool over your eyes but the Gay Mafia runs the Vatican. They're the ones that got rid of Pope Benedict. They're the ones that installed Pope Francis. But, as Q Anon likes to remind us: **'Symbols will be their downfall.'**
