

## **Referendum on Legalizing Abortion in Ireland**

A couple of days ago I got a sad note from a subscriber in Ireland, Colman Holohan, and he wrote to me warning me and advising me about the abortion referendum coming up in Ireland on this Friday and they are going to vote whether to repeal the Eighth Amendment which protects unborn babies. There are a lot of evil politicians in Ireland, just as in Britain and America, who want to foist the killing of unborn children on to the population of Ireland and I want to read this note because he's asking for prayers and I'm asking you my subscribers to support him in this effort.

**'Dear William and Third Eagle subscribers; it's with a heavy and sad heart I write this email. On this Friday, the 25th of May, 2018. Ireland will hold a referendum to decide if it wants to keep or repeal the eighth amendment. The eighth amendment gives equal rights to the life of the mother and the unborn child. However, where the life of the mother is in danger or if she is suicidal, aborting is allowed in these limited circumstances. However, the Irish government now wants to repeal this 8th amendment and bring in abortion on demand. Many of the Irish politicians were pro-life and many of them got elected because they were. Most of them now want abortion (sounds very much like here in the United States) they have told lies and misinformation to try and get the Irish people to vote to repeal it. They want to get abortion in at all costs for a political game as they now know their time is up. Many pro lifers are under huge attacks and have suffered. They are trying to get abortion in Ireland by highlighting the cases such as rape, incest and fetal abnormalities and a lot of people are voting for these cases. However, they are really voting for abortion on demand and they don't know because of all the lies and misinformation.'**

Well, that is a typical tactic of the pro-abortion people. They want to give exceptions and what they really want is abortion on demand and I have always told Planned Parenthood, I will let you kill the babies that are a result of rape or incest or even Down Syndrome babies if you will let me save all the others and of course they don't go for that; they want to be able to kill every baby. And so what I say is, in that case, I am going to try to save the life of every baby. And that's what you people in Ireland should be saying; the same thing. Challenge these people! They want to kill every child because it's very profitable and

you will find abortion clinics set up in every small community in Ireland and not only will that bring in the demons but they will be selling body parts. That's what they do in this country even though it's illegal and Almighty God is not going to be happy with that situation as I will show you in a minute.

And Colman goes on: '**George Soros has given funds to many of the pro-choice groups in Ireland to repeal the eighth. Planned Parenthood has said that Ireland is their Holy Grail as it currently has one of the most restrictive abortion laws in the world and if they can bring abortion on demand into Ireland they feel those other countries will follow suit that have no abortion or very limited abortion. We need intercessory prayer for Ireland to help prevent the 8th amendment being repealed and to keep abortion on demand out of Ireland. I would ask that this email is shown to William and that you ask all your prayer warriors and the members of the Third Eagle channel to intercede and pray for Ireland. We pray for America most days. God bless you all and thank you.'**

Well, thank you Colman Holohan. And now I want to show you people in Ireland what will happen to you just as it's going to happen to the United States and Britain. Repealing this 8th amendment will bring you full square into the Whore of Babylon and the Whore of Babylon is going to be burned with fire by Almighty God because he is going to avenge the lives of innocent children and you can find this in the book of Revelation, chapter 6, verse number 9. Take out your Bibles because this is talking about abortion: '**And when he had opened the fifth seal I saw under the altar** (this is human sacrifice, that's what abortion is) **the souls of them that were slain for the word of God and for the testimony which they held** (this is a silent testimony, they are innocent like Jesus) **and they cried with a loud voice** (now listen to this, this is what these unborn babies that you will abort in Ireland are going to be crying out to Almighty God) **how long, O Lord, holy and true, dost thou not judge and revenge our blood on them that dwell on the earth?**' These aborted babies are not going to be praying for Ireland, just as they do not pray for America or Britain. They are praying to God for vengeance and He will grant them vengeance. And you read about God's revenge near the end of the book of Revelation, chapter 19, verse number 2: '**For true and just are his judgments who has judged the great harlot** (the Whore of Babylon; voting against the eighth amendment to take away protection for the

unborn will bring Ireland squarely into the ranks of the Whore of Babylon, and you will have to watch my videos because you are going to have to escape the Whore of Babylon if you vote for this) ***for true and just are his judgments who hath judged the great harlot which corrupted the earth with her fornication and has revenged the blood of his servants at her hands.***' God is going to grant these innocent unborn children who are aborted, he is going to grant them vengeance. And as I say, if this happens in Ireland, Ireland will no longer be a safe haven. You will have to seek out your safe havens to protect you from God's wrath which will fall on Ireland just as it will fall on America and Britain.

So, that's my message for today. Thank you Colman for bringing this to my attention and to the attention of my subscribers. We'll pray for Ireland. I know Ireland is a beautiful country. I've been there and this is really a sad occasion but this is how Satan works. He wants to pervert Ireland because he knows you are a country of good people. Thanks again, Coleman.
