

Lightning Strikes Vatican at 5:55 PM

By now, I am sure many of you have seen that amazing photograph of lightning striking the Vatican a few hours after Pope Benedict resigned. And, there have been many, many videos on YouTube attempting to explain why this phenomenon occurred. And one of my subscribers sent me an email today, that the lightning strike occurred at exactly 5:55 pm. And, of course, as you my subscribers know by now, 555 symbolizes Mary's Rosary. Mary's Rosary is the weapon which will defeat the Antichrist. Just as David used five smooth pebbles in his fight against Goliath, Jesus will use Mary's Rosary in His fight against the Antichrist. Let's take a closer look at this amazing lightning strike on the Vatican.

In this, by now famous photograph of lightning striking the dome of Saint Peter's Basilica, we see in the lower left hand side, a clock, and the clock reads 5:55. Maybe if I zoom in a little closer we can get a better look. The precise time of this lightning strike was 5:55pm, and, of course, this was not accidental.

I have also been telling you for several months now, that amazing music video called 'Gangnam Style', is a true prophecy from Almighty God through the prophet Enoch. And it primarily is revealing the arrival of the Antichrist. It also shows the defeat of Pope Benedict by the Antichrist. Let's take a look at the license plate on the car, which the man in yellow drives off in; the man dressed in yellow and white, symbolizes Pope Benedict.

The automobile, which is a Mercedes Benz, symbolizes Germany and also the Pope Mobile. And of course the only number that repeats on this license plate is 5, 5 and 5.

The time of 5:55 on that clock when lightning struck the Vatican was not accidental just as the three 5s on that license plate in 'Gangnam Style' was not accidental.

And there is another amazing prophecy in that Hyundai Super Bowl commercial called 'Stuck', because the beautiful woman in that commercial symbolizes Mary. She wears 5 changes of clothing; which also symbolizes the rosary, and she wears beads around her neck.

Let's take a look.

The beautiful woman who symbolizes Mary, wears a string of beads and along with her 5 changes of clothing, she wears a medal.

The other important point I want to make on this video is that this lightning strike, and the meteorite which hit Russia are related. Jesus said there would be signs in the sun, moon and stars in the end times, to mark His return. If you remember the prophecies which Our Lady gave to the three shepherd children at Fatima, she warned that Russia would spread her errors throughout the world, even to the point of the

'annihilation of nations'. To prevent this, the Pope had to consecrate Russia to her Immaculate Heart. This has never been properly done. She also requested the faithful to pray her Rosary. This lightning strike is a warning from God, that since the popes have never consecrated Russia, as was requested by Mary at Fatima, the only option left is praying her Rosary. This is all we will have, to defeat the Antichrist.

So, I hope it should become fairly obvious by now that God's prophecies are very consistent. All the way from Genesis 3:15, where Mary is prophesied to crush the head of the serpent, up to 'Gangnam Style', where we see the number 5 5 5 on Pope Benedict's license plate and now, even when lightning strikes the Vatican, it occurs at 5:55 p.m. What these prophecies are telling us, is that the weapon Jesus will use to defeat the Antichrist is Mary's Rosary. God is giving us these prophecies now, because once the Antichrist takes over, all of my videos, for example, will be deleted from YouTube.

This is just a brief postscript to the video. After I had completed it, the two subscribers who alerted me to the fact that the clock showed 5:55 at the Vatican, when lightning struck, Roysin and Declan, wanted me to give them a shout out, so, thanks a lot guys. keep up the good work.
