

## Dana Coverstone's Apocalyptic Vision of Russian Troops in America

### *Third Eagle's Opening Prayer*

In the name of the Father, the Son and the Holy Spirit.

Come, Holy Spirit in the name of the Father, the Son and the Holy Spirit. Come, Holy Spirit, fill the hearts of thy faithful and enkindle in them the fire of thy love. Send forth thy spirit and they shall be created. And thou shall renew the face of the earth.

Lord Jesus Christ, Son of the Father, send now your spirit over the Earth. Let the Holy Spirit live in the hearts of all nations, that they may be preserved from corruption, disaster and war. May the Lady of all nations, who once was Mary, be our advocate. Amen.

I think you will find I have a very interesting program prepared this evening. I hope to get through it entirely and that is I'm going to review a series of dreams which Pastor Dana Coverstone had. He had three prophetic dreams, one back in December and two just a few weeks ago.

*Pastor Dana  
Coverstone*

And as with many prophecies, a first vision is given to verify the next two, and that's exactly what happened with these three dreams which Pastor Coverstone received. And there's been a lot of discussion about this video on YouTube and I think his video has received over a million views and he's totally flabbergasted. I was watching an interview with him just today and he gets so many emails that the email company told him he's going to have to get a business email account. I don't know if I want to be that popular after all.

Anyway his video is being, I'm not saying, totally well-received by people, except that he's very sincere and genuine, but some people question whether this is a real prophecy. Well I'm here to tell you tonight that I believe it is a real prophecy because I believe it satisfies all the requirements for apocalyptic literature. In other words I believe it did come from Almighty God.

And one way he verifies that a certain prophecy is legitimate is that it follows the rules of apocalyptic prophecy. And I used to think that the only apocalyptic prophecy was found in scripture, for example the last six chapters of Daniel, for example chapters 6 through 20 of Revelation. The rest of Revelation is not apocalyptic literature, it's End Times prophecy but it does not follow the rules of apocalyptic prophecy.

*Mary & the shepherd children*

And I did discover, let's say about six years ago that the prophecy that Mary gave at La Salette, France was apocalyptic literature, and just a couple years ago I discovered that the Protestant prophet Kim Clement received apocalyptic prophecy on March 25<sup>th</sup>, 2011 which was the Feast of the Annunciation, and in his prophecy he said that a woman will save America,

*Pastor Kim Clement*

specifically not Jesus nor the church, and yet at the same time this message was given to us in apocalyptic form and which means it came from Almighty God. And I believe we are going to discover the same thing about Pastor Dana Coverstone's dreams.

So let me just review quickly some of the rules of apocalyptic literature so you and I can review whether his prophecy follows the rules of End Times apocalyptic prophecy, because if it does, then there's no question that this prophecy came from Almighty God. And the first rule is symbolism; the symbolic interpretation takes precedence over the literal. That's not true with most End Times prophecy but it is true with a subset of an End Times prophecy and that is apocalyptic prophecy.

Sacred numerology is very important and we'll see that immediately in his first dream. The most important End Times numbers are 4, 7, 12 and 28. The number we find throughout his first dream is the number 3 which is not an End Times apocalyptic number, but nonetheless it has tremendous biblical significance.

My third rule is you need a co-prophet. In other words the prophecy is sealed up, and that's the same with Dana Coverstone's prophecy. It's sealed up just like Daniel's prophecies are sealed up. You have to unseal them before you can interpret them, and that's because the chapters and verses in the last six chapters of Daniel are mixed up. You have to rearrange them in order to understand the prophecy. And we're going to discover the same thing with Dana Coverstone's prophecy.

Extrapolation is another rule. Sometimes you find this and sometimes you don't. And one of the most important is that Mary's Rosary will defeat the Antichrist, and that is usually expressed through numerology and that is also found in Dana Coverstone's prophecy. And I'm sure he does not understand this because he's a Protestant pastor and many others will not probably accept it for that reason. In fact, with Kim Clément's prophecy he himself did not understand that Mary was very important in his vision.

Okay so let's go through his prophecy verse by verse. Now I have taken his transcript from his program, his million-seller and I have divided it up into chapters and verses, the three chapters I follow the three dreams. The first dream, back in December and the second and third chapter would be a second and third dreams which followed closely together, I think June 22<sup>nd</sup> and 23<sup>rd</sup>, just a few weeks ago. So let's read his very first dream.

**“Back in December I had a dream and in that dream I saw a calendar starting January 2020 and it was being flipped. And I saw January, I saw February, I saw March.”**

So in the very first verse we see three months mentioned. Now the significance of the number

three is not noticeable of course at the very beginning but it isn't long before we realize that every verse in this first chapter contains at least one set of three's. Verse number 2;

**“And when March came up the hand held it and I saw a finger underline the month of March, and then tap it three times.”**

So there is your second third and then he comments himself. I put his comments here in italics because it's not really part of the vision. ” *(So underline the month of March, tap it three times; to me it was emphasis something's going to happen in March.)*” Remember this dream was given in December and he is talking about March of this spring. Verse number 3;

**“And then I saw April, May, June, and when June came the hand underlined June again and tapped it three times.”**

So now in this verse, we see two more three's, three months and the number 3. So I think we're beginning to see that this is an indication of apocalyptic literature, when you see a number repeated like this so often.

Verse number 4; **“Then in the vision I saw people marching; I saw protests; I saw people wearing masks;”** obviously three more events.

Verse 5; **“I saw lines going into hospitals. I saw typical medical doctors with needles or syringes. I saw people on ventilators.”**

Verse 6; **“I saw people who were very, very sick, very, very ill. I saw newspaper headlines trumpeting thousands of people getting sick. I saw ambulances just flying down roads.”**

Verse number 7; **“And then I saw cities on fire. I saw buildings being burned. I saw protesters with masks.”** Three more.

Verse 8; **“I saw people who had their fists in the air; people who were yelling and screaming angry at just the world.”**

Verse 9; **“I saw courthouses. I saw state houses surrounded. I saw people who are mad at the world.”**

Verse 10; **“I saw guns, shotguns specifically, put in the air, held like this and I saw barriers within cities.”**

Some of you may object that I could have arranged the verses a little differently. I think I did a pretty good job and that's why there are three elements in so many of these verses. Some of you might criticize some of those but I think you'll see that almost every verse, if not all of them, have at least one set of three's. That's to indicate in this case it indicates that it comes from Almighty God because three is a number of the divine Trinity.

Anytime you see three numbers in a row, that's a divine affirmation, even the number 666. That means that it is biblical, I guess you could say. In the same way with using so many three's. It's not in itself an End Times prophecy, then you have to use the numbers 4,7,12 and 28, and you'll see, well he doesn't use those numbers so much. He does use them but when I say he uses them, I don't think Dana understands at all what he's doing as far as numerology goes or as far as the prophecy goes but the Holy Spirit gave him this prophecy I am convinced.

Here's what he says: **“I told several men in my church about this and I can confirm who these men were and they'll confirm that what I'm telling you is what I told them; I saw absolute chaos.”**

Verse 11; **“And the other thing I saw was vultures flying over large cities. Not just the ones that were burning but I saw vultures flying over the cities and I saw smoke rising.”**

Now I put two vultures here as being separate

because some vultures are flying over large cities and some were flying over those that were burning so there are two different types of cities that he saw vultures over.

Verse number 12. **“And I saw people fearful. I saw people terrified. I saw people inside their homes looking out of windows, the curtains of their windows with guns in their hands because there was absolute fear.”**

And the last verse of this first dream is; **“Then I heard the words ‘brace yourself, brace yourself.’ “**

So that was the first dream which Pastor Dana Coverstone had back in December and obviously that was all fulfilled during the Covid hoax, I shouldn't call it that, the Covid Plandemic, and the rioting in the streets. So he saw all of those things in that dream and he says that he told some of the elders in his church about it, so he can verify that he did have that dream.

He evidently did not publish it on YouTube. He probably should have. That would give it more veracity but at the same time I think I believe I'm 100% that that's true, and all of those three's tell me that this comes from God. That's a sign of the Trinity.

So now we are going to move on to the prophecy video, the prophecy vision and that's upcoming. These are the prophecies that will happen very shortly and he received this first one on June 22nd I believe. I think he said Monday evening. So let's read the start of this new one and you'll see that the three pattern is completely gone. All of the verses in the first dream included the number three at least once. No more, very interesting.

Verse number 1; **“Here's what I saw. I saw my calendar; (start with the calendar; as I was having this dream, the calendar was up);**

Verse 2; **“A white figure appeared and to me it was representing God the Holy Spirit, something pure, something righteous, something true, something holy, because there was nothing**

**sinister about it, nothing evil; but I heard the voice say, 'Part 2, part 2'."**

Now the reason he was told part 2 is because this is related to the first dream. He may not have understood that if the figure had not told him part 2. And notice how in the first verse there were less than three elements and in the second there were many elements. I didn't even bother to count them. I could count them right now. We will just see what was in that second verse; a white figure, God the Holy Spirit, something pure, something righteous, something true, something holy, nothing sinister, nothing evil. Well there are at least eight elements in that verse; very much of a contrast with the first elements.

And verse number 3; **"And I saw June go up. I saw July. I saw August, and then I saw September."** Before he saw them by three's now he sees four go. This is God telling us that now we are in the anti-prophecy. That's why, four went up. Four is the most important End Times number in apocalyptic prophecy.

**"And I saw the finger underneath the word September, like emphasizing it and tapped into three times."**

Verse number 4; **"And then I saw October come up and then I saw November and this is when it got real to me in the dream. I think the intensity according to my Fitbit, when I woke up my heart rate was about 180. So that was Monday night. (It's also the night that I woke up not feeling very well at all. I was up during the night not feeling well)."**

I believe this was June 22<sup>nd</sup>. Now 180 is a significant number. Of course 18 is a number of the Antichrist, 6 plus 6 plus 6. 180 are interesting also in Bible prophecy as it symbolizes half a year. We see that for example in the book of Esther. I think that we should look at the number 18, in other words we now are about to see the reign of the Antichrist.

Verse 5; **“The minute the finger underlined November three times instead of tapping it, I saw a fist ball up and it hit the calendar and literally the calendar exploded into the wall. The numbers seemed like they were 3-D, they were falling; they were just flying everywhere.”**

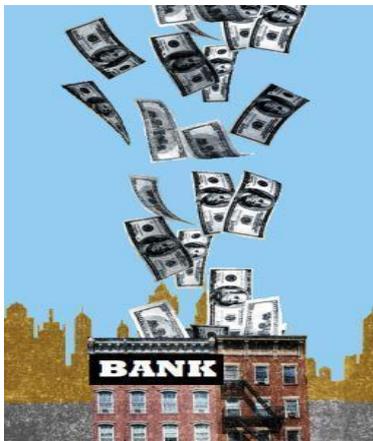

Verse 6; **“And there was a cloud of chaos that started and the next thing I saw was armed protesters. I saw fighting in the streets. I saw people pummelling one another.”** So now we have armed protestors. That is obviously a step above what we even have now.

Verse number 7; **“I saw businesses shuttered and shut up. I saw schools closed. I saw school rooms with cobwebs hanging in them and things like papers falling off the wall and posters; like no one had been in them**

**for months.**

**I saw banks, bank buildings with the roofs being taken off and it looked almost like alien abduction because the money was just flying through the roof into some type of like a vacuum cleaner. I know that sounds kind of strange, but I was watching wealth just being taken.”**

By the way, notice the symbolism in this particular verse. Obviously money doesn't fly through roofs that have been taken out of banks. This is obviously symbolic of a loss of value in our money.

Verse 9: **“I saw politicians in back rooms making deals with people, you know patting people on the back and laughing and smiling and smirking.”**

Verse 10: **“And I saw monuments; I saw Washington DC burning; I saw Washington DC blazing. I saw fires everywhere. I saw people being rounded up.”**

Notice there are four elements in that one. I should have counted all of these to see how many had four elements.

Verse 11: **“I saw Chinese and Russian soldiers on the ground. And Russian shoulder soldiers were telling the Chinese soldiers to go and pick up these people, round up these people, secure this quadrant, secure this area. I saw blue helmets of the UN. I saw military things taking place.”**

Verse 13: **“I also saw no sign of President Trump. I saw no sign of leadership in Washington DC.”**

And one of my subscribers had read this I think Charles Gomes and he said notice that this does not mean that Donald Trump is still not president. It doesn't mean that he is not in the United States, but it does indicate pretty strongly that he has fled Washington and evidently most of the government. It obviously seems to me that the United States has been invaded on the East Coast. I believe that is what this prophecy is telling us. It's very possible. I think Sister Renee I mentioned this this morning that Donald Trump could well be in a refuge just like the rest of us. Okay let's continue with his second dream.

Verse 14: **“But the vultures that I had seen were now like gargoyles.”** This is symbolic again. If you've ever seen a gargoyle on a Middle Ages cathedral, you know that they are demons. **“And they were ten feet off the ground, ten to fifteen feet off the ground, and they were just attacking people mercilessly.”**

Now 10 and 15 would be Rosary numbers. I don't believe they are in this case. You certainly would not relate that to gargoyles. We will see some much better examples of Mary's Rosary in a few verses later.

Verse 15: **“I saw people hiding in their homes and garages. I saw churches being burned. I saw homes being burned. I saw absolute chaos.”**

Verse 16: **“And the fist punch on the November of 2020 is what got my attention and then I heard the words again, ‘brace yourself, brace yourself, brace yourself.’ And then he comments “That has been something that I have heard for almost seven months now, once we get to July. It's going to be seven months.”**

And of course seven is an End Times number. So now that is the completion of the second dream. Now it's important to remember the sequence of these dreams, because they are out of sequence. That tells me one of the verifications to me that this is apocalyptic literature.

Now the next dream, dream number 3 which followed dream number 2 chronologically does not fit there. It actually comes before dream number 2, and I think you will understand that as we go through this. It is moved here to the end by the Holy Spirit, because it tells the solution to all these problems. It tells us that Mary's Rosary is how we will defeat the Antichrist. And therefore it has to come at the end.

All of the examples in the scripture; Ezekiel, Zechariah, Daniel, even our Lord's Olivet Discourse, the number 555 follows the number 666, which means that Mary's Rosary defeats the Antichrist. Therefore the Holy Spirit had to put the following dream third, even though chronologically it comes before the second dream. So now let's read the third and final dream in this amazing prophecy.

Here's the third dream and I believe this occurred on Tuesday if I'm not mistaken, in other words the 23<sup>rd</sup>.

**“The second dream I had last night and it woke me up. In this dream we'd just had a yard sale to help fund a team going to Ecuador this next year. And we had a yard sale and I had asked our secretary to get us some change for that yard sale.”**

By the way, that word 'change' is that money, or is that change as far as our society goes?

Verse 2: **“So in the dream that I'm having I walked to the bank. I walk into the bank to get some change and on the door it says there's no change available.”**

I think that one of the messages of this third dream is that we are not going to get change. That is, we are not going to change the situation of the Antichrist from a bank.

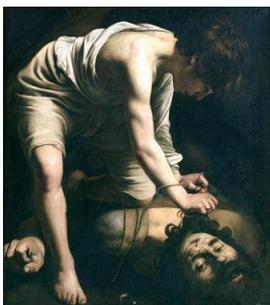

Verse 3: **“I saw the sign, it registered in my mind, but I walked on in and the president of the local bank was at the teller station and she was going to be taking care of business.”**

I don't think business is going to solve the problem either.

Verse number 4: **“And I said I need to get ten dollars in quarters.”** 10 is a rosary number, **“for a yard sale, and she said I'm sorry but the US Mint is no longer making currency or making change like pennies, nickels, dimes, quarters, half dollars.”** Notice 5 items. **“We're not doing that anymore. “**

Verse number 5: **“I said well what do you mean? She said they stopped doing it. And I said, well how are we going to be able to change a dollar fifty (150) for anything? And she said prepare for hyperinflation and just charge two dollars (200).”**

Notice that a dollar fifty is 150 cents and two dollars is 200 cents. Both very important End Times for grocery numbers. That is where we are going to get real change, not from the lady doing business and not from the bank.

Verse number 6: **“And then she said to me in the dream Oh and by the way \$1 and \$5 bills will follow soon after that.”**

Well bingo as soon as I saw that I realized it had to be End Times prophecy because that is a reference to David defeating Goliath. Remember David chose five smooth pebbles to defeat Goliath? But he only used

one pebble. And if you follow my programs at all, you know what those five smooth pebbles represent. They represent Mary's Rosary, and that is the whole meaning of this third dream, of how to defeat the Antichrist, which we saw in the second dream.

Now as far as the coins and the devaluing of the money, that precedes the second dream. This is actually, chronologically speaking, this third dream which comes second.

Verse number 7: **“And then I heard those words, ‘brace yourself, brace yourself, brace yourself’, and I woke up.”**

So that is the end of Dana Coverstone's amazing apocalyptic vision, and I believe I have explained it correctly, and I know other people won't want to accept that especially in the Protestant community, but I urge Protestants to pray the rosary. It's not that difficult and there's nothing in your denominations against the rosary that I know of.

And when I say five smooth pebbles that David chose against Goliath, that prefigures Mary's Rosary, and that's what all of that numerology in that dream number 3 is referring to. The bank is not going to save you. They're not going to make change. If we are going to change the reign of the Antichrist, we have to do what the Holy Spirit is telling us through Dana Coverstone.
