

Bible Prophecy: Trump Will Pick a Godly Justice!

Next week our president, Mr. Donald J Trump, will perform his most important action to date; and that is he will nominate someone to the Supreme Court of the United States. Up until now all of his actions have been relatively minor because they have been executive orders which are not nearly as important as the Supreme Court because his nominee could affect life in America for 20 years. So, it is very important that he fulfill his campaign promise to appoint someone who is pro-life in the mold of Justice Antonin Scalia. But will he do that?

Well, here's how you can tell. At his hearings, will Chuck Schumer vote for or against him? If he votes against him then Donald Trump has fulfilled his campaign promise. That's because people like Schumer or Hillary or Barack Obama reach their high positions through the power of human sacrifice and if you take that human sacrifice away from them they will not rise to the top as they have in the past. And the good news is that yesterday at the March for Life, Vice-President Mike Pence assured us that Donald Trump would carry out his campaign promise. So, let's hear a brief part of what Mike Pence said at the March for Life.

'And that's why next week President Donald Trump will announce a Supreme Court nominee who will uphold the God-given liberties enshrined in our Constitution in the tradition of the late and great justice, Antonin Scalia.' Well, that sounded great and the crowd really appreciated your words, Mr. Vice President. And on this program I want to continue my study of Isaiah, chapter 45, because that great prophet says also that Mr. Trump will appoint a pro-life justice to the Supreme Court. Let's look at Isaiah's chart where he rearranged the verses of chapter 45 to give an End Times prophecy. And we will look at verses 20 and 25 of line four; we haven't looked at those yet, and verse 9 of line five and, believe it or not, these are all about Mr. Trump appointing a pro-lifer, someone who is against abortion, to the Supreme Court. And I'm sure our Lord planned it so I would cover those verses on this program.

So let's first look at verse number 20: ***'Assemble yourselves and come and draw near together, you that are saved of the Gentiles'***. Now, who would that be? That would be you and I and Isaiah is saying here that we must unite behind Donald Trump. ***'They have no knowledge (that is the Gentiles) that set up the wood of their graven***

work, and pray to a god that cannot save.' Well, who would that god be? The first god I thought of was Allah; and it's certainly true that the Muslims, for the most part, did not support Donald Trump. Let's move ahead to verse number 25: **'Therefore shall he** (that's Donald Trump) **say in the Lord are my justices and empire.'** This is talking about the justices of the Supreme Court. Now, some Bibles, instead of 'justices and empire', have 'righteousness and strength'. It means the same thing but obviously 'justices' is much better and in the Latin it's 'justicia' and I'm sure St. Jerome was inspired by the Holy Spirit to use that word because this is a prophecy to the United States and that's why 'justicia' is so close to 'justice' in the English language. This is talking about Mr. Donald Trump's appointment next week; he must fulfill this prophecy or he is not prefigured by King Cyrus in chapter 45.

Now, if Donald Trump's 'empire' is also in the Lord that means that he's going to place America once again under Almighty God; one nation under God. **'They shall come to him** (the Gentiles) **and all that resist him shall be confounded.'** Well, now who are going to be confounded by Donald Trump's appointment to the Supreme Court? Obviously the liberal Democrats whom I talked about, the mainstream media, and certainly the RINOs in his own Republican Party. He has got to convince at least the majority of them to support his candidate and, as I say, it will be very close in Congress if he appoints someone who is truly pro-life.

Verse number 9: **'Woe to him** ('him' here is mankind) **that gainsays his maker** (and, of course, mankind's maker is Almighty God) **a sherd of the earthen pots** (that's us) **shall the clay say to him that fashions it: what are you making and your work is without hands.'** This refers to abortion. How can mankind say to God that He doesn't have the right to make human beings and then for us to interfere with that process is a horrible crime. These three verses are all about Mr. Donald Trump appointing someone to the Supreme Court who is pro-life; who will respect the laws of God. When the Supreme Court forty-four years ago took away the right to life from the Bill of Rights here in America, they took away the most fundamental of all of our rights. All of the rights follow the right to life. If you take away that right, none of our rights are secure; they are all under control of the evil ones in this country and around the world. That's why this fight is getting so mean and dirty and vicious. It is very dangerous but at the same time, it is very enlightening for us to live in these times. We are going to see the fulfillment of Isaiah's amazing prophecy in his chapter number 45.
